Felder, 2003 Comprehensive and riveting this important volume on women s history surveys the revolutionary changes in the social economic and political status of women during the twentieth century From the battles of suffragists and labor activists such as Carrie Chapman Catt and Rose Schneiderman to the provocative ideas of Betty Friedan here are the women of vision and courage who fought for equality and freedom But here too are the unexpected medical and technological discoveries that removed a woman s destiny from the restrictions of biology the electric washing machine anesthesia for childbirth sulfa drugs to stop post partum deaths the birth control pill and more This lively and provocative history covers groundbreaking legislation and Supreme Court rulings yet it doesn t neglect the often conflicting cultural forces from Emily Post and Barbie to the founding of the La Leche League and Ellen DeGeneres s sitcom that have shaped women s lives in today s world Book jacket **Preparation for Childbirth** Miriam Hansen, 1979 *Touched Out* Amanda Montei, 2023-09-12 In this stunning blend of memoir theory and cultural criticism a new mother examines the intersection between misogyny and motherhood considering how caregivers can take back their bodies and pass on a language of consent to their children Motherhood and the culture of misogyny in America are not often explored in tandem The connection is women s bodies When Amanda Montei became a parent she struggled with the physicality of caring for children but even more with the growing lack of autonomy she felt in her personal and professional life The conditions of modern American parenthood the lack of paid leave and affordable childcare the isolation and alienation the distribution of labor in her home and the implicit demands of marriage were not what she had expected After MeToo however she began to see a connection between how women were feeling in motherhood and the larger culture of assault in which she had grown up In American society women are expected to prioritize their children often

by pushing their bodies to the limit and ignoring their own desires and needs As she struggled to adjust to the new demands on her body this stirred memories of being used violated and seen by men She had the desperate urge to finally say no though she didn't know how or to whom she might say it Written with the intellectual and emotional precision of writers like Roxane Gay and Leslie Jamison and drawing on classic feminist thinkers such as bell hooks Silvia Federici and Adrienne Rich as well as on popular culture from *The Bachelor* to *Look Who's Talking* Montei draws connections between caregiving consent reproductive control and the sacrifices women are expected to make throughout their lives Exploring the stories we tell about psychology childbirth sexuality the family the overwhelm mothers feel trying to be good and the tender bonds that form between parent and child *Touched Out* delivers a powerful critique of American rape culture and its continuation in the institution of motherhood and considers what it really means to care in America **Adult Catalog: Subjects** Los Angeles County Public Library, 1970 *Coming Home* Wendy Kline, 2019 *Coming Home* tells the story of how a significant number of parents in postwar America opted out of the standardized medicated hospital birth and recast home birth as a legitimate and desirable choice *The Publishers' Trade List Annual* , 1904 **The Publishers Weekly** , 1896 **National Library of Medicine Catalog** National Library of Medicine (U.S.), 1960 *A Motherhood Book: Adventures in Pregnancy, Birth, and Being a Mother* Joan Wiener Bordow, Joyce Glick, 1974 *Birthing a Better Way* Kalena Cook, Margaret Christensen, 2010 A must read for women who want to know all of their choices in childbirth **Bulletin** California.
