

Natural Disasters

When the earth quacks,
and the forest shakes,
the animals run and cower
But when it's all over the earth
is covered in dead trees and leaves,
We can't help it, its nature wild and crazy.
Where ever we go it will be something.
But pollution is killing it destroying it,
and soon it will be gone,

And people will feel
like they did something wrong,
But there is a solution to the pollution,
It is a challenge that we will all have
to take so be awake and be ready

Natural Disasters Poems:

Wonderful Wasteland and other natural disasters Elidio La Torre Lagares, 2019-09-30 When Hurricane Mar a unleashed its devastation onto Puerto Rico thousands of lives were lost to the storm in what was the island s worst natural disaster on record With so much of the recovery still underway and the scars still fresh its citizens continue to contend with the reality that life on the island has fundamentally changed In his first collection of poems written in English La Torre Lagares journeys through his memory in an effort to recompose his shattered land Together these poems form a poignant personal account of a man facing the tragic destinies of his family and his country in the aftermath of a natural disaster For example the deaths of the mother and the father are resignified as the death of the poet s personal relationship which at the same time evokes the rupture between individuals and their sense of place Drawing from both American and Latin American poetry as well as global influences to articulate a language of loss and devastation in search of a new identity this collection illuminates a chaotic and confusing landscape that is not only physical but also cultural social and political Taken together this work serves as a stirring reminder of the dislocation and fractured attachment that speaks to many Americans including transnationals and immigrants Ultimately it speaks to coping with physical loss and emotional pain in the face of human adversity

Natural Disasters Erica Rivera, 2016-05-13 In *NATURAL DISASTERS* award winning poet Erica Rivera explores the parallels between volatile relationships and the environment Like seasons lovers arrive unbidden leave abruptly and cycle back Long distance desire loaded secrets and unpredictable temperaments further complicate the narrative Inspired by the landscape of Minnesota with nods to New Mexico New York and California this evocative collection of poetry plumbs the depths of the places we live and the people we love and in the process discovers the beauty and brutality inherent in both

in Vancouver to the history laden countryside of Ireland Pain distance and risk dictate the fates the relationships women in this family have with men and with one another Whether it be marriage on a dare or the anguish of discovering infidelity these poems map out the quiet territory of grief of natural disasters that binds the family together as events play themselves out over and over in succeeding generations George McWhirter writes that the poems capture the core of Andrea MacPherson's Scots Irish Canadian heritage where even spite is a delight and dread delight and devotion all feed on the lush B C criss cross of cedar cloak on tartan and saffron lines Each poem serves as a kind of ultrasound that lets us peer into the heart of the matter to discover the shapes and movements associated with a particular memory of a family member or a former lover The results are confessional and cathartic

The Tilt Torn Away from the Seasons Elizabeth Lindsey Rogers, 2020 The Tilt Torn Away from the Seasons imagines a human mission to Mars a consequence of Earth's devastation from climate change and natural disaster As humans begin to colonize the planet history inevitably repeats itself Dystopian and ecopoetic this collection of poetry examines the impulse and danger of the colonial mindset and the ways that gendered violence and ecological destruction body and land are linked This time we'll form more carefully one voice hopes in Ecopoiesis The Terraforming We've started on empty plains We'll vaccinate We'll make the new deal fair But the new planet becomes a canvas on which the trespasses of the American Frontier are rehearsed and remade Featuring a multiplicity of narratives and voices this book presents the reader with sonnet crowns application forms and large scale landscape poems that seem to float across the field of the page With these unusual forms Rogers also reminds us of previous exploitations on our own planet industrial pollution in rural China Marco Polo's racist accounts of the Batak people in Indonesia and natural disasters that result in displaced refugees Striking thought provoking and necessary The Tilt Torn Away from the Seasons offers a new parable for our modern times

Reinventing Poetry Franchot Peter Moore Sr., 2011-12-12 Sometimes in our private and passionate search for meaning some of us embrace various art forms as a medium for the souls expression Examples of this form of spiritual expression could be found in the highest level of creativity employed in the creation of the variety of masquerades related artifacts and effects associated with the production of the Trinidad and Tobago Carnival My poems speak for the unheard queries into suggest alternatives and exist with their own creative individuality and magnetism In my view poetry like painted art sculpting expressive music and the expression of art seem to exist as a form of liaison or a type of messenger of spiritual correspondence between those inner felt undercurrent of existence and its external manifestations xplore and attempt to redefine conventionally held concepts and beliefs in light of the species improved and expanded awareness They also aspire to influence the subconscious mind and conscious reasoning processes to examine alternative methods of reasoning by utilizing and combining visualization word association with foreign rhythms and ideas from official and unofficial point of views The poems comprising this collection make a brazen and sincere attempt to manifest these very characteristics Through each poem I make a sincere and deliberate attempt to urge each reader to question the very nature of your existence and particularly those ideas and beliefs about reality in general and human existence which you have come to know and accept as the absolute or gospel truth In this new age period of heightened awareness I implore you to question and pay attention to the nature of your gut feelings your haunches and your most basic inspirations Embark upon a personal adventure through the inner space of life with the same tenacity and enthusiasm with which we explore the outer space of physical reality As we continue to evolve spiritually each of us should make a sincere attempt to sense the very uniqueness of our god like being self worth and our natural alignment with the source of all which exists universal intelligence or God Additionally we must allow our ambitions and expressions its natural freedom as they attempt to assist us in our search for meaning
