Publication ,1991 **The Church** Living Stream Ministry,1993 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 United States. Internal Revenue Service,2002 Theological Interpretation of Scripture as Spiritual Formation ,2022-12-19 Academic expertise is essential But have you ever wondered how it itself is spiritually formative This book coming from an interdisciplinary assortment of scholars shows how the exegetical methods of Theological Interpretation of Scripture TIS are themselves spiritually formative This book provides a diverse collection of essays that focus on theological interpretative methods that result in a unique transformational experience not achieved through historical critical or grammatical historical approaches alone Renowned thinkers such as biblical scholar Ben Witherington III historical theologian Mark Elliott and theologian Arthur Sutherland offer new works that explore how reading theologically can transform theology cultures and individuals These new studies focus on the theological exegesis of such thinkers as Mother Teresa Thomas Aquinas Ignatius of Antioch and Clement of Alexandria The collection also includes several important and timely pieces that show how theological interpretation leads to moral formation within diverse cultural groups including African American and Latinx communities **Life-Study of Philippians** Witness Lee,2000-06 **Birthright** David C. Needham,2011-02-23 David Needham asks Christian do you know who you are in this remarkable and easy to understand rerelease of his book about the Christian s birthright He offers fresh insight into the theological problem of Christian identity biblically based teaching and a challenge for personal enrichment and further Bible study Birthright achieves an excellent balance between the theological and the practical The author s sincerity and candid writing style are guaranteed to buoy the spirits of readers Church in the Round Letty M. Russell,1993-01-01 Ideas of the Christian church are changing and Letty Russell envisions its future as partnership and sharing for all members around a common table of hospitality Russell draws on her pastorate in Harlem her classes in theology and many ecumenical conversations to help the newly emerging church face the challenges of liberation for all people The Social Significance of Reconciliation in Paul's Theology Corneliu Constantineanu,2010-04-08 This is an assessment of the social dimension to reconciliation as displayed in Paul s Letter to the Romans Traditional exegetical scholarship has treated Paul s presentation of reconciliation as referring to reconciliation between people and God and has primarily focused use of the word katallage traditionally translated as atonement Constantineanu challenges this view and argues that Paul s understanding of the concept is more complex employing rich symbolism to describe reconciliation with God and between human beings forming together an inseparable reality The discussion is placed within Paul s overall religious social and political contexts showing that an analysis of the social dimension of reconciliation in his thought is both plausible and necessary Constantineanu offers an analysis of two major sections of Romans chapters 5 8 and 12 15 Special emphasis is placed on Paul s use of the story of Jesus for community formation for the shaping of identity values and community practices It is thus demonstrated that for

Paul God's reconciling initiative shown in the crucifixion is not only the pronouncement of God's reconciling the world but also the ground and model for reconciliation among human beings. It was formerly the Journal for the Study of the New Testament Supplement, a book series that explores the many aspects of New Testament study including historical perspectives, social scientific and literary theory, and theological, cultural, and contextual approaches.

Transforming Vocation David Benson, Kara Martin, Andrew Sloane, 2021-05-12. There has been an explosion of publishing in the faith work movement in the last twenty years. Work is increasingly seen as the new frontier for Christian mission. However, the church and theological colleges have failed to keep up with the interest and needs of workplace Christians. This book is the urgent corrective that is needed, moving past Theology of Work 101 to much deeper encounters with God's word as it relates to daily work. These twelve academic papers look at work through three different lenses: the workplace, the church, and theological education. It is prefaced by Mark Greene from the London Institute for Contemporary Christianity, reflecting on what work, church, and theological education would look like if there was no sacred/secular divide. In the concluding remarks, the editors imagine a future where each domain is transformed by the gospel, working dynamically together for the life of the world. While academic in terms of depth of thinking, quality of research, and referencing of crucial sources for further exploration, this book is never dry. Rather, it's life-giving and provocative for every vocation, asking fundamental questions of the reader: What is the work that God is calling you to do? How can the gospel transform your work? And how well positioned are churches and colleges to be at the forefront of transforming vocation? With contributions from Mark Greene, James Pietsch, Peter White, Peter Docherty, Gordon Preece, Keith Mitchell, David Fagg, Ian Hussey, Colin Noble, Andrew Matthews, Sarah Bacaller, Samuel Curkpatrick, and Maggie Kappelhoff.

Gospel Portraits K. Rex Butts, 2022-05-17. Many people realize that the cultural landscape of North America has shifted significantly. With such changes, new challenges for how churches live as a proclamation of the gospel have and continue to emerge. These challenges are related to the church's participation in the mission of God and particularly how local churches live faithfully to God while remaining relevant to such challenges. Because Scripture is revered as God's word, this matter also pertains to the way churches read Scripture, since the Bible does shape how churches embody the gospel. Gospel Portraits addresses the intersection of mission and hermeneutics for churches within their local contexts. Believing the gospel calls the church to follow Jesus and bear witness to the kingdom of God, this book proposes that churches should read the Bible as a Christ-centered and kingdom-oriented narrative. This reading of Scripture allows churches to reimagine how they might embody the gospel within their local contexts. Discerning what a contextual embodiment of the gospel involves, churches portray God's new creation in ways that are coherent with the biblical story and relevant to their local context. In doing so, churches live as Christ-formed and Spirit-led communities, portraying the gospel.

Eternal God, Eternal Life Philip G. Ziegler, 2016-09-22. How ought Christian faith and theology understand the concept of human immortality today? And what, if anything, might be distinctively Christian about such a

concept The contributors to this volume explore how our thinking about the prospect of human immortality is decisively determined by what we receive of the limitless life of the triune God of the gospel and how our understanding of immortality is made concrete by the Christian hope in the resurrection of the body and the life everlasting Debates about how best to understand the eternal life of God are directly significant to how we can imagine the promise of eternal life While immortality is generally conceived to be a future qualification of human reality theological approaches to the question of personal immortality must investigate the difference that the hope and promise of such eternal life makes in the living of present day spiritual life as well as in our common moral and political existence To understand immortality as an eschatological gift of God requires that we take account of it as a formative factor at the foundations of the Christian life

Work R. Keith Loftin, Trey Dimsdale, 2018-03-09 Moving from biblical theology to systematic theology to practical theology *Work Theological Foundations and Practical Implications* offers a comprehensive theology of work With contributions from a variety of leading theologians including Miroslav Volf and Samuel Gregg this book brings together biblical scholars ethicists economists representing a spectrum of theological voices It will bring a new academic depth to the literature on the theology of work and provide a comprehensive single volume resource for scholars and students alike Contributions include *Work and the Trinity* Miroslav Volf *Work and Anthropology* Jay Wesley Richards *Sanctification and Work* Scott B Rae *Economics and the Common Good* Samuel Gregg

Words of Faith Byrne, Brendan J., SJ, 2023 This work offers over 100 concise discussions of key Pauline words and concepts Its primary focus lies on the seven undisputed letters though material in the remaining letters traditionally attributed to Paul especially Ephesians and Colossians while treated separately is not neglected While accuracy has required reference to the relevant Greek words in each case the use of transliteration renders the work accessible to nonspecialists and students as well to established scholars Each entry is completed with an up to date indication of further reading in the area concerned Compiled from a distinctly theological perspective and the product of over five decades of research and teaching in Pauline studies the vocabulary is an indispensable resource for scholar and student alike

Christian Eschatology and the Physical Universe David Wilkinson, 2010-05-27 Does matter matter The scientific picture of the end of the physical Universe has undergone dramatic changes since the turn of the 21st century with its future characterized by accelerated expansion and futility Yet Christian theology has been largely silent on this despite the interest in eschatology in popular culture and in theology itself What can Christian theology learn from and contribute to the scientific picture of the future of the Universe Can the biblical narratives of creation and new creation have a fruitful dialogue with scientific discoveries David Wilkinson shows what a fruitful dialogue this can be Critiquing the folk eschatology of the Left Behind series the misguided faith of the scientific optimists and the lack of scientific engagement of the theologians of hope Wilkinson argues for a rediscovery of the theological theme of new creation and the centrality of bodily

resurrection *Dictionary of Paul and his letters* GERALD F HAWTHORNE, RALPH P MARTIN, DANIEL G REID, 2020-05-21

The Dictionary of Paul and his letters is a one of a kind reference work Following the format of its highly successful companion volume the Dictionary of Jesus and the Gospels this Dictionary is designed to bring students teachers ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship No other single reference work presents as much information focused exclusively on Pauline theology literature background and scholarship In a field that recently has undergone significant shifts in perspective the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies In depth articles focus on individual theological themes such as law resurrection and Son of God broad theological topics such as Christology eschatology and the death of Christ methods of interpretation such as rhetorical criticism and social scientific approaches background topics such as apocalypticism Hellenism and Qumran and various other subjects specifically related to the scholarly study of Pauline theology and literature such as early catholicism the centre of Paul s theology and Paul and his interpreters since F C Baur Separate articles are also devoted to each of the Pauline letters to hermeneutics and to preaching Paul today The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialogue with contemporary scholarship and challenges facing the church **Pre-Nicene Christology in Paschal**

Contexts Dragoş Giulea, 2013-11-01 In Pre Nicene Christology in Paschal Contexts Drago A Giulea re examines the earliest texts related to the festival of Easter in light of Second Temple traditions Commonly portrayed as sacrificial lamb the key actor of the paschal narrative is here designated as heavenly Kabod Divine Image King of the Powers celestial Anthropos Demiurge Son of Man each of these divine names implying a corresponding soteriological function Drago A Giulea indicates as well that the Greek philosophical vocabulary and certain idioms of the mystery religions inspired new categories which reshaped the traditional way of describing the nature of celestial entities and the epistemological capacities able to access these realities Thus the King of the Powers or the Son of Man is several times described as a noetic Anthropos while initiation and noetic perception become the appropriate methods of accessing the divine **Christosis** Ben C. Blackwell, 2011 With increasing interaction between Eastern and Western theologians several recent biblical interpreters have characterised Paul s soteriology as theosis or deification In response to these affirmations Ben C Blackwell explores the anthropological dimension of Paul s soteriology to determine how helpful this characterisation is Utilising the *Wirkungsgeschichte* of the Pauline letters he first examines two Greek patristic interpreters of Paul Irenaeus and Cyril of Alexandria to clarify what deification entails and to determine which Pauline texts they used to support their soteriological constructions The monograph then focuses on Paul s soteriology expressed in Romans 8 and 2 Corinthians 3 5 with excursus on other passages and explores how believers embody Christ s death and life his suffering and glory through the Spirit Blackwell concludes

with a comparison of deification as presented by these two Greek patristic interpreters and Paul's soteriology noting the substantial overlap as well as key differences Creation and New Creation Sean M McDonough, 2016-04-01 In keeping with the Scriptural witness and the theological heritage this remarkable book examines the doctrine of creation alongside new creation The connection between the two creation and new creation has drawn renewed attention in the last several decades but the burden of Sean McDonough's argument is that this emphasis on creation and new creation has been a feature of the doctrine since the beginning whether in the eschatological reading of Genesis 1 that predominated at least until early modern times or the intertwining of the narratives of creation and redemption in thinkers from Irenaeus to Barth Whilst covering the traditional elements of the doctrine McDonough treats the important subject with a special emphasis on how these unfold in the story of what Gunton has called God's creation project *Studies in the Scriptures ...* Charles Taze Russell, 1910
