

New Directions In Transactional Analysis Counselling An Explorers Handbook

Scott C. Dulebohn

New Directions In Transactional Analysis Counselling An Explorers Handbook:

New Directions in Transactional Analysis Counselling David Midgley, 1999 Addressed primarily to counselors rather than psychotherapists this book presents information useful for the day to day application of transactional analysis in casework and counselling The author presents a New Ego State Model which he believes resolves many of the contradictions which have been found in transactional analysis theory and offers advice on therapy drawn from his own practice Distributed by ISBS Annotation copyrighted by Book News Inc Portland OR

Dryden's Handbook of Individual Therapy Windy Dryden, 2007 Seminars by Professor Windy Dryden See the man live and in action To find out more and to book your place go to www.cityminds.com

This is a book which accepts and even celebrates the diversity of ideas in the field It stimulates interest and informs It stirs up debates and leaves the reader to continue to think about them an important book not to be missed by any serious counselling student or practitioner British Journal of Guidance and Counselling Praise for the Fourth Edition This is a well written comprehensive core textbook that can be recommended not only to counselling psychology and psychotherapy trainees to guide them through their training but also to practising professionals to act as a reference textbook to draw upon when needed Stefania Grbic Counselling Psychology Review

Covering history theory primary client set and strengths and weaknesses for each of thirteen different approaches the book makes an excellent starting point for exploring different schools of thought in more detail Counsellingresource.com This is a very well structured text with thorough coverage and interesting material The text links theory to practice and offers invaluable knowledge to all professionals and students of various schools of psychotherapy lecturer A valuable resource for students lecturer At last An informative text with some depth Easily accessible Extremely useful lecturer Dryden's Handbook of Individual Therapy is now a classic text for trainees in counselling and psychotherapy This newly updated fifth edition presents a comprehensive overview of the key approaches to individual therapy practice including three new chapters on narrative therapy solution focused therapy and integrative and eclectic approaches Written by experts in their own therapeutic fields the book introduces the principles and methods of individual therapy concisely and accessibly Following a clearly defined structure each chapter outlines one approach in detail and provides case examples to illustrate how that approach works in practice Each form of therapy is described in terms of its historical context the main theoretical assumptions the mode of practice which clients will benefit most the general strengths and limitations of the approach Further chapters place counselling and psychotherapy in their social context explore training and supervision and relate research to individual therapy practice Dryden's Handbook of Individual Therapy Fifth Edition is designed for those in training in counselling psychotherapy counselling psychology and other helping professions such as nursing social work and education It will be invaluable for novice therapists looking for an overall picture of individual therapy practice as well as for experienced therapists interested in learning about alternative approaches Windy Dryden currently works at Goldsmiths

College where he is Professor of Psychotherapeutic Studies as well as being the programme co ordinator of the MSc in Rational Emotive Cognitive Behaviour Therapy and the Diploma in Cognitive Behaviour Therapy

The SAGE Handbook of Counselling and Psychotherapy Colin Feltham,Ian Horton,2006 This all inclusive comprehensive book may on first glance appear to have little that is relevant to emergency nurses On closer scrutiny it covers many of the emotional problems and crises you will encounter in the emergency department It is a useful resource and reference book and will be valued by students and practitioners of emergency nursing Accident and Emergency Nursing Praise for the First Edition An amazingly comprehensive well written balanced and pluralistic handbook that manages to present the rainbow field of psychotherapy and counselling in an accessible and reliable way This state of the art volume will become absolutely indispensable for anyone involved in this work whether in training or qualified Andrew Samuels Professor of Analytical Psychology University of Essex This remarkable book is more than an elegant presentation of contemporary counselling and psychotherapeutic theory It is packed full of practical skills and hints all written by highly experienced practitioners and presented in an accessible and jargon free format No idea is left unturned This is a practical handbook in every sense of the word and essential reading for trainees and practitioners alike Professor Robert Bor Consultant Clinical Psychologist Royal Free Hospital London Well organized fully inclusive and skilfully edited it is going to be impossible not to buy this handbook Basically it has something on everything which people might ask about the counselling and psychotherapy profession Dave Mearns Professor of Counselling University of Strathclyde This is an immensely useful source book for therapists to keep near at hand in order to update knowledge and to satisfy curiosity about new ways of working It will also be extremely helpful for trainees as they strive to gain an over arching perspective in a rapidly proliferating field Professor Helen Cowie School of Psychology and Counselling University of Surrey Roehampton The SAGE Handbook of Counselling and Psychotherapy Second Edition is the most comprehensive text of its kind and an essential resource for trainees and practitioners alike Comprising succinct and easy to access contributions the Handbook describes not only the traditional skills and theoretical models but also the most common client concerns brought to therapy and the particular skills required for different practice settings and client groups Written and edited by those at the very forefront of counselling and psychotherapy the Handbook has been substantially updated for this the Second Edition and includes new material on evidence based practice psychopharmacology counselling by email psychodrama solution focused therapy quality evaluation and attachment theory For trainees The SAGE Handbook of Counselling and Psychotherapy Second Edition provides the ideal companion to each stage of their studies while for practitioners the Handbook is an indispensable source of professional reference
