Reincarnation in Tibetan Buddhism Ruth Gamble, 2018-07-09 Reincarnation in Tibetan Buddhism examines how the third Karmapa hierarch Rangjung Dorj 1284 1339 transformed reincarnation from a belief into a lasting Tibetan institution Born the son of an itinerant low caste potter Rangjung Dorj went on to become a foundational figure in Tibetan Buddhism and a teacher of the last Mongolian emperor He became renowned for his contributions to Buddhist philosophy literature astrology medicine architecture sacred geography and manuscript production But as Ruth Gamble demonstrates his most important legacy was the transformation of the Karmapa reincarnation lineage to ensure that after his death subsequent Karmapas were able to assume power in the religious institutions he had led The inheritance model of reincarnation instituted by Rangjung Dorj changed the Tibetan Plateau s power relations which until that time had been based on family associations and created a precedent for later reincarnate institutions including that of the Dalai Lamas Drawing on Rangjung Dorj s hitherto un translated autobiographies and autobiographical songs this book shows that his reinvention of reincarnation was a self conscious and multi faceted project made possible by Rangjung Dorj s cultural social and political standing and specific historical and geographical circumstances Exploring this combination of agency and historical coincidence this is the first full length study of the development of the reincarnation institution **Buddhist Goddesses of India** Miranda Shaw, 2015-08-25 The Indian Buddhist world abounds with goddesses voluptuous tree spirits maternal nurturers potent healers and protectors transcendent wisdom figures cosmic mothers of liberation and dancing female Buddhas Despite their importance in Buddhist thought and practice these female deities have received relatively little scholarly attention and no comprehensive study of the female pantheon has been available Buddhist Goddesses of India is the
