My Antonia Willa Cather, 2003-03-12 Willa Cather's My Antonia is considered one of the most significant American novels of the twentieth century. Set during the great migration west to settle the plains of the North American continent, the narrative follows Antonia Shimerda, a pioneer who comes to Nebraska as a child and grows with the country, inspiring a childhood friend Jim Burden to write her life story. The novel is important both for its literary aesthetic and as a portrayal of important aspects of American social ideals and history, particularly the centrality of migration to American culture. The Broadview edition includes a rich selection of primary source materials, the revised introduction for the 1926 edition, Cather's Mesa Verde Wonderland, is Easy to Reach Nebraska, The End of the First Cycle, Peter and her comments on the novel, contemporary reviews, and photographs.

Willa Cather My Antonia Willa Cather, 2017-05-02 Willa Cather My Antonia Unabridged Text with Introduction Biography and Analysis My Antonia is a novel published in 1918 by American writer Willa Cather, considered one of her best works. It is the final book of her prairie trilogy of novels preceded by *O Pioneers* and *The Song of the Lark*. The novel tells the stories of an orphaned boy from Virginia, Jim Burden, and the elder daughter in a family of Bohemian immigrants, Antonia Shimerda, who are each brought as children to be pioneers in Nebraska towards the end of the 19th century. Both the pioneers who first break the prairie sod for farming as well as of the harsh but fertile land itself feature in this American novel. The first year in the very new place leaves strong impressions in both children, affecting them lifelong. This novel is considered Cather's first masterpiece. Cather was praised for bringing the American West to life and making it personally interesting. This edition includes the full original version of the Willa Cather's book and provides other valuable features under the Creative Commons Attribution-ShareAlike License, including a commented introduction, helpful bibliography, author's biography, notes, references, and much more.

Conflicting Stories Elizabeth Ammons, 1992-10-01 The early 1890s through the late 1920s saw an explosion in serious long fiction by women in the United States. Considering a wide range of authors: African American, Asian American, white American, and Native American, this book looks at the work of seventeen writers from that period: Frances Ellen Harper, Charlotte Perkins Gilman, Sarah Orne Jewett, Alice Dunbar Nelson, Kate Chopin, Pauline Hopkins, Gertrude Stein, Mary Austin, Sui Sin Far, Willa Cather, Humishuma Jessie Fauset, Edith Wharton, Ellen Glasgow, Anzia Yezierska, Edith Summers Kelley, and Nella Larsen. The discussion focuses on the

differences in their work and the similarities that unite them particularly their determination to experiment with narrative form as they explored and voiced issues of power for women Analyzing the historical context that both enabled and limited American women writers at the turn of the century Ammons provides detailed readings of many texts and offers extensive commentary on the interaction between race and gender This book joins the deepening discussion of modern women writers creation of themselves as artists and raises fundamental questions about the shape of American literary history as it has been constructed in the academy

The Preface Ross K. Tangedal, 2021-11-06 Building on insights from the fields of textual criticism bibliography narratology authorship studies and book history The Preface American Authorship in the Twentieth Century examines the role that prefaces played in the development of professional authorship in America Many of the prefaces written by American writers in the twentieth century catalogue the shifting landscape of a more self consciously professionalized trade one fraught with tension and compromise and influenced by evolving reading publics With analyses of Willa Cather Ring Lardner F Scott Fitzgerald Ernest Hemingway Robert Penn Warren and Toni Morrison Ross K Tangedal argues that writers used prefaces as a means of expanding and complicating authority over their work and ultimately as a way to write about their careers Tangedal's approach offers a new way of examining American writers in the evolving literary marketplace of the twentieth century

Hearts of Darkness Bertram Wyatt-Brown, 2002-10-01 **Masculine Style** D. Worden, 2011-09-20 This book argues for the importance of cowboy masculinity from late nineteenth century dime novels to the writings of Willa Cather Ernest Hemingway Theodore Roosevelt John Steinbeck and Owen Wister and analyzes the democratic politics of masculinity in American literature and positions the American West as central to modernism

Willa Cather Marilee Lindemann, 1999-02-10 Although it has been proven posthumously by scholars that Willa Cather had lesbian relationships she did not openly celebrate lesbian desire and even today is sometimes described as homophobic and misogynistic What then can a reassessment of this contentious first lady of American letters add to an understanding of the gay identities that have emerged in America over the past century As Marilee Lindemann shows in this study of the novelist's life and work Cather's sexual coming of age occurred at a time when a cultural transition was recasting love between women as sexual deviance rather than romantic friendship At the same time the very identity of America was characterized by great instability as the United States emerged as a modern industrial nation and imperial power Indeed both terms queer and America achieved fresh ideological potency at the turn of the century Willa Cather Queering America is an enlightening unpacking of Cather's writings from her controversial love letters of the 1890s in which queer is employed to denote sexual deviance to her epic novels short stories and critical writings Lindemann points to the queer qualities of Cather's fiction rebellion against traditional fictional form with sometimes unlikable characters lack of emphasis on heroic action and lack of engagement in the drama of heterosexual desire

From Alice to Algernon Holly Blackford, 2024-01-12 During the late Victorian period Charles Darwin's theories took the world by storm and the impact of evolution on research into the developing human mind was impossible to overlook Thereafter the study of children and childhood became a means to theorize imagine and apply the concept of evolution in a broad range of cultural productions Beginning with the watershed Victorian era *From Alice to Algernon: The Evolution of Child Consciousness in the Novel* examines the creative transformation these theories underwent as they filtered through the modern novel especially those that examined the mind of the child By examining the connection between authors and trends in child psychology author Holly Blackford explains why many modern novels began to focus on child cognition as a site for intellectual and artistic exploration In each chapter of this book select novels of the late nineteenth or twentieth century are paired with a specific moment or movement from the history of developmental psychology Novels such as Mark Twain's *Huckleberry Finn* and Henry James's *What Maisie Knew* or Radclyffe Hall's less canonical *The Well of Loneliness* and even Mark Haddon's *The Curious Incident of the Dog in the Night-Time* showcase major questions about human epistemology through their child characters From Lewis Carroll's *Alice and her looking glass* to Richard Wright's *Bigger* Thomas and the murder of Mary Dalton to the chaotic *Neverland* symbolizing the unmappable child's brain a literary tradition of child consciousness has emerged as an experimental site for the unstable concepts of evolution civilization and development By situating literature about children within concurrent psychological discourses Blackford demonstrates how the modern novel contributed to the world's understanding of the boundless wonders and discernible

Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography **Women in Literature** Jerilyn Fisher, Ellen Silber, 2003-06-30 With the literary canon consisting mostly of works created by and about men the central perspective is decidedly male This unique reference offers alternate approaches to reading traditional literature as well as suggestions for expanding the canon to include more gender sensitive works Covering 96 of the most frequently taught works of fiction essays offer teachers librarians and students fresh insights into the female perspective in literature The list of titles created in consultation with educators includes classic works by male authors like Dickens Faulkner and Twain balanced with works by female authors such as Kate Chopin's *The Awakening* and Mary Shelley's *Frankenstein* Also included are contemporary works by writers such as Alice Walker and Margaret Atwood that are being incorporated into the curriculum as well as those advancing a more global view such as Sandra Cisneros' *House on Mango Street* and Chinua Achebe's *Things Fall Apart* The essays are expertly written in an accessible language that will help students gain greater awareness of gender related themes Suggestions for classroom discussions with selected works for further study are incorporated into the entries The volume is organized alphabetically by title and

American Women's Regionalist Fiction Monika Elbert, Rita Bode, 2021-01-04 American Women s Regionalist Fiction Mapping the Gothic seeks to redress the monolithic vision of American Gothic by analyzing the various sectional or regional attempts to Gothicize what is most claustrophobic or peculiar about local history Since women writers were often relegated to inferior status it is especially compelling to look at women from the Gothic perspective The regionalist Gothic develops along the line of difference and not unity thus emphasizing regional peculiarities or a sense of superiority in terms of regional history natural landscapes immigrant customs folk tales or idiosyncratic ways The essays study the uncanny or the haunting quality of the commonplace as Hawthorne would have it in his introduction to *The House of the Seven Gables* in regionalist Gothic fiction by a wide range of women writers between ca 1850 and 1930 This collection seeks to examine how if the regionalist perspective is small limited and stultifying and leads to Gothic moments or whether the intersection between local and national leads to a clash that is jarring and Gothic in nature
