A New Face for the Church Larry Richards, Lawrence O. Richards, 1981-02-01 **The Two Faces of the Church...Get Right with God** Zamora Gonzalez, 2019-02-15 Frustrated and angry with members in the church and discouraged by their behavior Ever felt betrayed and treated like a stranger by the church family Struggling to stay in the church and fearful about the future without God in it In *The Two Faces of the Church Get Right With God* Zamora shares with transparency about the church shortcomings and how to stay connected to God and worthy of Him Zamora shares her struggles to remain faithful to God as she noticed a shift in the church from holiness to carnality and the drifting away from Bible doctrines and the life changing moment that brought her inner peace Through her own experience vignettes and Biblical tips she guides the way to healing and repentance that will draw you nearer to God as you discover You can stand up and do what you were called to do for the church You will not allow the problems of this world and the ungodly behaviors of the church members to affect you anymore You will encounter many trials and tribulations but will remember that God remains faithful and true to His word He will not walk away and leave you You were not saved by your own volition but by God's pursuit to save you and you are still here because God has extended your life for His purpose If you who have been emotionally injured and experienced grave disappointments in the church and have questioned your walk with God this book is for you *The Rise of the Global South* Elijah Jong Fil Kim, 2012-04-06 Global Christianity has been experiencing an unprecedented historical transition from the West to the non Western world The leadership of global Christianity has taken on a new face since the twentieth century Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity Churches in the Global South have given their voices to global Christianity through their leadership world mission movements and theology The phenomenal church growth has risen from the Pentecostal and Charismatic movement Pentecostalism has become the dominant force in global Christianity today *The Rise of the Global South* examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift *Our Cry for Life* Maria Pilar Aquino, 2002-11-26 *Shepherding Movement* S. The True Church and the Poor Jon Sobrino, 2004-10-29 Of Jon Sobrino's first book *Christology at the Crossroads* the Church Times wrote It is radical without being reductionist It is relentless in its refusal to let us avoid the challenge of Jesus by sliding into theological or cultic abstractions It will stimulate illuminate and infuriate those whose minds are jaded by the current state of British theology And like all great theology it will bring you uncomfortably close to the living Jesus This second book also written out of the hell of El Salvador is if anything even more powerful and uncomfortable Dedicated To all men and women of El Salvador who have given their lives for the kingdom of God it took shape while Bishop Romero his priests Christian peasant leaders and catechists lived and died Doing theology in this situation requires that theology not only follows a specific method but that it also has a specific character Theology in this situation becomes responsible Theologians do not arbitrarily decide to study this or that theme the theme is forced upon them by reality Theology becomes practical because its motivating concern is not pure thought nor even pure truth but rather the building of the kingdom of God and of a church that will be at the service of this kingdom Theology becomes evangelical in the true sense of that word it is done with pleasure in the Good News and with joy that there is salvation for the poor Finally theology becomes a response of gratitude because its starting point is the primordial Christian experience that something has been given to us What has been given to us is the mystery of God present in Jesus and in a church that is poor and is of the poor

Four Views of Youth Ministry and the Church Wesley Black, Chap Clark, Malan Nel, 2010-01-05 Join the conversation as experts propose defend and explore Four Views of Youth Ministry and the Church In a dialog that often gets downright feisty four youth ministry academicians delineate their distinct philosophical and ecclesiological views regarding how youth ministry relates to the church at large and leave a taste of what's profound and what's not in these four typologies Inclusive congregational Malan Nel What happens when a church thoroughly integrates its adolescents making them full partners in every aspect of congregational life Preparatory Wesley Black Why and how should a church consider its teenagers as disciples in training and its youth ministry a school of preparation for future participation in church life Missional Chap Clark What does a church look like whose youth ministry does not necessarily nurture church kids but is essentially evangelistic Whose youths and youth workers are considered missionaries Strategic Mark Senter How feasible is it for a youth ministry to become a new church on its own the youth pastor becoming the pastor and the new church planted with the blessing of the mother church In Four View of Your Ministry and the Church solid academic writing and an inviting tone and design create a compelling text for both in the field practicing youth workers and undergraduates and graduate students

God's Missionary People Charles E. Van Engen, 1991-09 A world claiming theology of the church draws on ancient and modern thoughts The author focuses on how the church can grow to become in reality God's missionary people

Protestant Hispanic Churches of Oregon Deborah L. Berhó, 2012-03-02 The number of Hispanics living in Oregon has

burgeoned over the past several decades The number of Spanish speaking churches in the state has also grown exponentially However most non Hispanic Oregonians know very little about the Hispanic population This lack of knowledge about Latinos and about Hispanic ministries specifically is found among academics and Anglo Protestants alike This book is the result of my desire to provide information that will serve as a bridge between Spanish speaking and English speaking churches and facilitate understanding between groups in the broader population and provide a well documented study for the academy

Ethnic Church Meets Megachurch Prema A. Kurien, 2017-06-20 This book exposes the profound impact American evangelicalism is having on the religious lives of contemporary Christian immigrants and the pressures immigrant churches face to incorporate evangelical worship styles often at the expense of maintaining their ethnic character and support systems Most interestingly it shows that the integration patterns of post 1965 Christian immigrants and their descendants have essentially reversed earlier models While immigrants from Europe and their children were expected to shed their ethnic identities to become Americans in the sphere of religion they could maintain their ethnic traditions within American denominations This book shows that members of the contemporary second generation are incorporating into U S society by maintaining their ethnic identities in secular contexts but are adopting a de ethnicized religious identity and practice In particular many are gravitating toward evangelical megachurches Drawing on multi site research in the U S and India this book also provides a global perspective on religion demonstrating the variety of ways in which transnational processes affect religious organizations and their members and how forces of globalization from the period of colonialism to contemporary out migration have brought tremendous changes among Christian communities in the Global South Book jacket

Church People in the Struggle James F. Findlay, 1993 In the 1960s the mainstream Protestant churches responded to an urgent need by becoming deeply involved with the national black community in its struggle for racial justice The National Council of Churches NCC as the principal ecumenical organization of the national Protestant religious establishment initiated an active new role by establishing a Commission on Religion and Race in 1963 Focusing primarily on the efforts of the NCC this is the first study by an historian to examine the relationship of the predominantly white mainstream Protestant Churches to the Civil Rights movement Drawing on hitherto little used and unknown archival resources and extensive interviews with participants Findlay documents the churches committed involvement in the March on Washington in 1963 the massive lobbying effort to secure passage of the Civil Rights Act of 1964 their powerful support of the struggle to end legal segregation in Mississippi and their efforts to respond to the Black Manifesto and the rise of black militancy before and during 1969 Findlay chronicles initial successes then growing frustration as the events of the 1960s unfolded and the national liberal coalition of which the churches were a part disintegrated While never losing sight of the central indispensable role of the African American community Findlay s study for the first time makes clear the highly significant contribution made by liberal religious groups in the turbulent exciting moving and historic decade of the 1960s
