New Feminist Stories Of Child Sexual Abuse Sexual Scripts And Dangerous Dialogues:

New Feminist Stories of Child Sexual Abuse Paula Reavey, Sam Warner, 2003-08-29 The international feminist contributors to this book look through the lens of poststructuralism at how child sexual abuse is differently represented and understood in the populist academic clinical media and legal contexts Reworking earlier feminist analyses they show how child sexual abuse is not just about gender and power but also about class race and sexuality The first theoretical section of the book critiques normative theories of the effects of abuse explores the impact and consequences of feminist interventions and critically examines the potential usefulness of a feminist post structuralist approach In the second part these understandings are applied to specific arenas of practice with the aim of providing a framework for critical intervention and alternative and better ways of working with child sexual abuse *Contesting Stories of Childhood Sexual Abuse* J.

Woodiwiss, 2009-08-26 Located within a burgeoning therapeutic self help culture this book explores stories of childhood sexual abuse recovered memories and multiple personalities and explodes the myths surrounding women who without memories redefine themselves as victims Contemporary Feminisms in Social Work Practice Sarah Wendt, Nicole Moulding, 2016-01-29 Contemporary Feminisms in Social Work Practice explores feminism as core to social work knowledge practice and ethics It demonstrates how gender neutral perspectives and practices obscure gender discourses and power relations It also shows feminist social work practice can transform areas of social work not specifically concerned with gender through its emphasis on relationships and power Within and outside feminism there is a growing assumption that equality has been won and is readily available to all women However women continue to dominate the ranks of the poor in developed and developing countries around the world male perpetrated violence against women and children has not reduced women outnumber men by up to three to one in the diagnosis of common mental health problems and women continue to be severely underrepresented in every realm of power decision making and wealth This worrying context draws attention to the ways gender relations structure most of the problems faced by the women men and children in the day to day worlds in which social work operates Drawing together key contemporary thinking about feminism and its place in social work this international collection looks at both core curriculum areas taught in social work programs and a wide range of practice fields that involve key challenges and opportunities for future feminist social work This book is suitable for all social work students and academics It examines the nuanced nature of power relationships in the everyday and areas such as working with cross cultural communities mental health interpersonal violence and abuse homelessness child protection ageing disability and sexuality *Just Sex?* Nicola Gavey, 2013-10-14 Winner of the Association for Women In Psychology 2006 Distinguished Publication Award The past two decades have witnessed a significant shift in how rape is understood in Western societies This shift in perception has revealed the startling frequency of occurrences of date rape obscuring the divide between rape and what was once just sex Just Sex combines an overview of the existing literature with an analysis of

recent research to examine the psychological and cultural implications of this new epidemic The result is the conclusion that feminist theory on sexual victimisation has gone both too far and not far enough The reader is presented with a challenging and original perspective on the issues of rape sex and the body incorporating subjects including rape as a social problem the social constructionism of sex subjectivity and the body heterosexuality under the microscope This book succeeds in making a valuable contribution to feminist and social constructionist work on rape that will be of interest to those studying psychology gender studies cultural studies and sociology Just Sex The Cultural Scaffolding of Rape was selected as a 2005 winner of AWP s Association for Women in Psychology distinguished publication award Theorizing Sexual Violence Renée J. Heberle, Victoria Grace, 2009-09-11 Taking sexual violence in the form of rape and hetero psychological physical abuse trafficking and harassment as a point of departure the authors of this volume explore questions about the relationship between sex sexuality and violence in order to better understand the terms on which women s sexual suffering is perpetuated thereby undermining their capacity for personhood and autonomy This volume perceives that while sexual violence as a phenomenon is heavily researched it remains under theorized With anti essentialist views of gender identity of subjectivity and agency and of rationality and consent the essays study both the dynamics and consequences of sexual violence The contributing authors blend the insights of postmodern critique with the common goal of theorizing and acting effectively against the material and psychic suffering perpetuated by the rigid rituals of gendered and sexed life *Memory Matters* Janice Haaken, Paula Reavey, 2009-09-10 This book is grounded in the debates of the 1980s and 1990s that surrounded recollections of childhood sexual abuse particularly those that emerged in the context of psychotherapy When growing numbers of therapists claimed that they were recovering deeply repressed memories of early sexual violations in their female clients a wave of alarmed critics countered that therapists were implanting the very memories they were discovering In looking back at this volatile and heated controversy *Memory Matters* takes up disturbing questions that linger concerning memory sexuality and childhood Beginning with a re analysis of cases from the recovered memory era the volume goes on to offer fresh perspectives on recollections of childhood sexual abuse Informed by feminist and critical perspectives within psychology contributing authors introduce examples from their own qualitative research on processes of remembering They offer rich examples from a wide range of applied settings from the courts psychotherapy institutions for the disabled to self help groups and the media A shared set of questions is addressed by each of the authors to create a dialogue with the reader on recurring motifs *Memory Matters* is an ideal resource for advanced undergraduate and postgraduate students in the social sciences and legal studies as well as practitioners in the fields of mental health crisis services and the law Scholarly and accessible in tone the book also offers helpful insights for professionals working with childhood memory Gendered Violence, Abuse and Mental Health in Everyday Lives Nicole Moulding, 2015-10-05 *Gendered Violence Abuse and Mental Health in Everyday Lives Beyond Trauma* offers new insights into the social dimensions of emotional distress in abuse related

mental health problems and explores the many interconnections between gendered violence different forms of abuse and poor mental health Looking at how individuals can overcome the impact of abuse over the course of their lives Moulding maps a feminist informed recovery oriented approaches to therapy and prevention Drawing on sociological perspectives and a wide range of international research as well as original qualitative data presented here for the first time this book Demonstrates how gender and other social power relations play out in the specific emotional dimensions of some of the mental health problems most strongly linked to abuse including post traumatic stress disorder anxiety depression and eating disorders Critiques the way that mainstream psychological theory and research pathologises the effects of abuse through various mental illness diagnoses obscuring the nature of the individual emotional distress involved its social context and relational nature Outlines a feminist informed recovery oriented approach that aims to reduce violence against women and children This innovative volume is an important contribution to the literature on the impact of violence and abuse on the lives and health of its survivors It will be of interest to students and researchers from a range of disciplines and professions including social work gender studies sociology social policy psychology counselling mental health public health medicine and nursing

The Politics of Sexual Violence A. Healicon, 2016-01-26 With the recent media interest in celebrity childhood sexual abuse and rape cases we think we know what sexual violence is and who rape victims are But this portrayal is limited Drawing on in depth accounts from women who have experienced rape this book revisits issues of credibility responsibility and feminism to provide missing details

Childhood Sexual Experiences Sally Hunter, Paul Woodmansey, 2018-04-19 The issue of Childhood Sexual Experiences CSEs is highly controversial and has generated considerable disagreement and conflict Such experiences are often framed as child sexual abuse CSA within a discourse of child maltreatment Sexual activity between adults and young children is indeed abuse and fully merits the moral stance taken by therapists health professionals and society However Childhood Sexual Experiences presents evidence that viewing all CSEs through the same prism of abuse victimhood and commonly held perceptions of gender socialisation may not always allow those affected to tell the whole story Not all those who experienced sexual activity as children view themselves as victims believe that their experiences had a profoundly or irrevocably negative impact on their lives or view their experiences as abusive Others do not want their identities to be linked to specific events in childhood Applying a positive psychology approach Childhood Sexual Experiences recounts and explores the stories of those who have shown an ability to come to terms with or overcome the difficulties that they have faced exploring the insights these narratives of resilience present to therapists and health and social care professionals I would encourage you to read this book with an open mind and to look for the strength and determination to be found in these narratives remembering that those who are resilient may teach us how better to help those who are less fortunate Sally V

The Sexual Politics of Gendered Violence and Women's Citizenship Suzanne Franzway, Nicole Moulding, Sarah Wendt, Carole Zufferey, Donna Chung, 2019-10-09 The challenge of violence against women

should be recognised as an issue for the state citizenship and the whole community This book examines how responses by the state sanction violence against women and shape a woman's citizenship long after she has escaped from a violent partner Drawing from a long term study of women's lives in Australia including before and after a relationship with a violent partner it investigates the effects of intimate partner violence on aspects of everyday life including housing employment mental health and social participation The book contributes to theoretical explanations of violence against women by reframing it through the lens of sexual politics Finally it offers critical insights for the development of social policy and practice

The Madness of Women Jane Professor Ussher, Jane M. Ussher, 2011-03-28 Nominated for the 2012 Distinguished Publication Award of the Association for Women in Psychology Why are women more likely to be positioned or diagnosed as mad than men If madness is a social construction a gendered label as many feminist critics would argue how can we understand and explain women's prolonged misery and distress In turn can we prevent or treat women's distress in a non pathologising women centred way The Madness of Women addresses these questions through a rigorous exploration of the myths and realities of women's madness Drawing on academic and clinical experience including case studies and in depth interviews as well as on the now extensive critical literature in the field of mental health Jane Ussher presents a critical multifactorial analysis of women's madness that both addresses the notion that madness is a myth and yet acknowledges the reality and multiple causes of women's distress Topics include The genealogy of women's madness incarceration of difficult or deviant women Regulation through treatment Deconstructing depression PMS and borderline personality disorder Madness as a reasonable response to objectification and sexual violence Women's narratives of resistance This book will be of great interest to students and scholars of psychology gender studies sociology women's studies cultural studies counselling and nursing

Interdisciplinary/multidisciplinary Woolf Ann Martin, Kathryn Holland, 2013 Edited collection from acclaimed contemporary Woolf scholars linking link inter and multidisciplinary scholarship to the intellectual and creative projects of Virginia Woolf and her modernist peers

Putting Feminism to Work Suzanne Egan, 2020-11-23 This book explores the place of feminism and uptake of trauma in contemporary work against sexual violence Egan presents a refreshing alternative position on arguments about the co-optation or erasure of feminism within institutionalized professionalized services for sexual assault victims Using original research on Australian sexual assault services Putting Feminism to Work effectively illustrates how feminist concepts and ideas have become routinized in contemporary services and enacted in daily practices with survivors and communities The book engages with yet resists the notion that feminist engagement with knowledge trauma based in psychiatry and clinical psychology is incompatible with feminism or inevitably reduces sexual violence to a problem of individual healing Indeed Egan argues that the productive ways practitioners integrate neurobiological understandings of trauma into their work suggests rich possibilities for reintroducing a non essentialist biology of the body into feminist theories of sexual violence Scholars students and practitioners working in the fields of violence against women

Using Social Theory in Higher Education

Remy Y.S. Low, Suzanne Egan, Amani Bell, 2023-10-13 This open access book offers a unique and refreshing view on working with social theory in higher education Using engaging first person accounts coupled with critical intellectual analysis the authors demonstrate how theory is grappled with as part of an ongoing practice rather than a momentary disembodied encounter In a structure that creates a space for relational dialogue each chapter is followed by a response from another author demonstrating the varied interpretive possibilities of social theory Collectively the authors invite the reader to engage with them in questioning the usefulness of social theory in higher education teaching and research in considering its possibilities and limits and in experiencing the opportunity it offers to understand ourselves and our work differently Written in a way that is scholarly yet accessible the contributors explore how social theories can be used to think through issues that are emerging as key social and political concerns in higher education and beyond The book will be of interest to advanced undergraduates postgraduates and early career academics as well as established scholars

Violence and the Cultural Politics of Trauma Jane Kilby, 2007-04-18 During the late 1970s and 1980s speaking out about the traumatic reality of incest and rape was a rare and politically groundbreaking act Today it is a ubiquitous feature of popular culture and its political value uncertain In Violence and the Cultural Politics of Trauma Jane Kilby explores the complexity and consequences of this shift in giving first hand testimony by focusing on debates over recovered memory therapy and false memory syndrome the spectacle of talkshow disclosures discourses of innocence and complicity as well as the aesthetics and affect of shock In counterpoint to the frequently cynical readings of personal narrative politics Kilby advances an alternative reading built around the concept of unrepresentability Key to this intervention is the stress placed by Kilby on the limits of representing sexually traumatic experiences and how this requires both theoretical and methodological innovation Based on close readings of survivor narratives and artworks this book demonstrates the significance of unrepresentability for a feminist understanding of sexual violence and victimisation The book will of interest to those working in the areas of Cultural Literary Media and Women s Studies as well as Memory and Trauma Studies Key Features Provides a topical discussion of the debates generated by a mass culture of speaking out about violence and victimisation Offers an interdisciplinary case study analysis of survivor testimony Applies cutting edge developments in trauma and testimony theory to a feminist analysis of women s incest testimony Makes accessible the significance of unrepresentability for a cultural politics of trauma

Vital Memory and Affect Steven Brown, Paula Reavey, 2015-06-12 **Vital Memory and Affect** takes as its subject the autobiographical memories of vulnerable groups including survivors of child sexual abuse adopted children and their families forensic mental health service users and elderly persons in care home settings In particular the focus is on a particular class of memory within this group recollected episodes that are difficult and painful sometimes contested but always with enormous significance for a current and past sense of self These vital memories integral and irreversible can come to appear

as a defining feature of a person's life In *Vital Memory and Affect* authors Steve Brown and Paula Reavey explore the highly productive way in which individuals make sense of a difficult past situated as they are within a highly specific cultural and social landscape Via an exploration of their vital memories the book combines insights from social and cognitive psychology to open up the possibility of a new approach to memory one that pays full attention to the contextual conditions of all acts of remembering This path breaking study brings together a unique set of empirical material and maps out an agenda for research into memory and affect that will be important reading for students and scholars of social psychology memory studies cultural studies philosophy and other related fields

Childhood and Sexuality Allison Moore,Paul

Reynolds,2017-10-25 This book explores how children engage with sex and sexuality Building on a conceptual and legal grounding in sexuality studies and the new sociology of childhood the authors debate the age of consent teenage pregnancy sexual diversity sexualisation sex education and sexual literacy paedophilia and sex in the digital age Whilst Moore and Reynolds recognise the necessity of child protection and safeguarding in the context of risk danger and harm they also argue that where these stifle children's sexual knowledge understanding expression and experience they contribute to a climate of fear ignorance and bad experiences or harms What is necessary is to balance safeguarding with enabling and encourage judicious understandings that advance from a rigid developmental model to one that recognises pleasure and excitement in children's nascent sexual lives Exploring that balance through their chosen issues they seek to encourage changed thinking in professional personal and academic contexts and speculate that children might teach adults something about the way they think about sex *Childhood and Sexuality* will be of interest to students scholars and professionals across a range of subjects and disciplines including sociology social work criminology and youth studies

Sex Outside the Lines Chris

Donaghue,2015-07-14 It's socially acceptable to spend a day watching sports or sitcoms but it's shameful and embarrassing to admit to the same about erotic media Why is it that sex is so often deemed inappropriate and considered something we must keep private or even ignore Our culture is afraid of sex We feel the need to label what is normal and what isn't and as a result we live in a relational and sexually unhealthy culture In reality far more harm is caused by labeling sexual expression as obscene than by celebrating it In *Sex Outside the Lines Authentic Sexuality in a Sexually Dysfunctional Culture* Chris Donaghue PhD explores and challenges the negative ideals that have warped society's view of sex *Sex Outside the Lines* is not a dogmatic rule book but a valuable guide to help you on your journey to sexual self discovery and most important self acceptance Donaghue encourages you to not only explore your capacity for pleasure but to be proud of it and to take a look at how you could be living In his years of training in sex and couples therapy Donaghue has developed highly successful methods for freeing clients from sexual hang ups enabling them to let go of shame and embarrassment The goal isn't to be normal there is no such thing Donaghue pulls apart cultural phobias with a sex positive therapy practice as well as a kind of sexual deprogramming that helps people see and accept that the desires they have even if they don't align with society's

expectations are actually natural healthy and part of having a great sex life Sex Outside the Lines addresses our diversity challenges conventional psychiatric wisdom as classifying perfectly normal behavior as disorders and disregards conventional advice from leading experts It isn't advocating a liberal approach to modern concepts it is seeking to redefine them altogether
