era in the history of everyday life the era of the working parent In *Inventing the Working Parent* Sarah E Stoller charts the politics that shaped the creation of the phenomenon of working parenthood in Britain as it arose out of a new culture of work Stoller begins with the first sustained efforts by feminists to mobilize politically on behalf of working parents in the late 1970s and concludes in the context of an emerging national political agenda for working families with the rise of New Labour in the 1990s She explores how and why the notion of working parenthood emerged as a powerful new political claim and identity category and addresses how feminists used the concept of working parenthood to advocate for new organizational policies and practices Lastly Stoller shows how neoliberal capitalism under Margaret Thatcher and subsequent New Labour governments made a family's ability to survive on one income nearly impossible with significant consequences for individual experience the gendered division of labor and intimate life
