Britain, Ireland and the Second World War Ian S. Wood, 2010-02-28 For Britain the Second World War exists in popular memory as a time of heroic sacrifice survival and ultimate victory over Fascism In the Irish state the years 1939 1945 are still remembered simply as the Emergency Eire was one of many small states which in 1939 chose not to stay out of the war but one of the few able to maintain its non belligerency as a policy How much this owed to Britain's military resolve or to the political skills of a man de Valera is a key question which this new book will explore It will also examine the tensions Eire's policy created in its relations with Winston Churchill and with the United States The author also explores propaganda censorship and Irish state security and the degree to which it involves secret co operation with Britain Disturbing issues are also raised like the IRA's relationship to Nazi Germany and ambivalent Irish attitudes to the Holocaust Drawing upon both published and unpublished sources this book illustrates the war's impact on people on both sides of the border and shows how it failed to resolve sectarian problems on Northern Ireland while raising higher the barriers of misunderstanding between it and the Irish state across its border

Jack Lynch, A Biography Dermot Keogh, 2009-09-04 Jack Lynch is one of the most important and perhaps most underrated Irish political leaders of the twentieth century A sportsman who won six All Ireland medals in a row with Cork he was also a civil servant and a barrister before being elected to Dail Eireann in 1948 During his thirty one years as a parliamentarian he held the ministries of Education Industry and Commerce and Finance before succeeding Seán Lemass as Taoiseach in 1966 Lynch held office during the critical years of the late 1960s and early 1970s when Northern Ireland disintegrated and civil unrest swept through Belfast Derry and other towns This precipitated one of the worst crises in the history of the Irish state Jack Lynch upheld the parliamentary democratic tradition at great personal and political cost even to the point of fracturing the unity of his government and his party If you want to know what happened during those terrible years read this book

A New History of Ireland: Ireland, 1921-84 Theodore

William Moody, Francis X. Martin, Francis John Byrne, 2003 This volume in the New History of Ireland covers a period of major significance in Ireland's history. It outlines the division of Ireland and the eventual establishment of the Irish Republic. This work provides comprehensive coverage of political developments north and south as well as offering chapters on the economy, literature in English and Irish, the Irish language, the visual arts, emigration and immigration, and the history of women. The twenty-five contributors to this volume, all specialists in their field, provide the most comprehensive treatment of these developments of any single volume survey of twentieth-century Ireland.

Political corruption in Ireland

1922-2010 Elaine Byrne, 2013-01-18 This book empirically maps the decline in standards since the inauguration of Irish independence in 1922 to the loss of Irish economic sovereignty in 2010. It argues that the definition of corruption is an evolving one. As the nature of the state changes, so too does the type of corruption. New evidence is presented on the early institutional development of the state. Irish public life was motivated by an ethos which rejected patronage. Original research provides fresh insights into how the policies of economic protectionism and discretionary decision making led to eight Tribunal inquiries. The emergence of state capture within political decision making is examined by analysing political favouritism towards the beef industry. The degree to which unorthodox links between political donations impacted on policy choices which exacerbated the depth of Ireland's economic collapse is considered. This book will appeal to students and scholars of Irish politics, corruption theory, governance, public policy, and political financing.

ORANGEISM: A

HISTORICAL PROFILE Kevin Haddick-Flynn, 2019-11-26 Orangeism: A Historical Profile traces the Orange movement from its pre-Reformation beginnings in the French principality of Orange to its role in 21st-century Ulster. This narrative history offers a lucid account which explains how the Orange tradition took root and developed. Many important events are examined, including the Orange Green controversies of the 19th century, the Order's role in the creation of Northern Ireland, its influence during the Stormont era, and its stance during the Troubles. The book also features hard-to-get data provided on the Order's associated bodies: The Apprentice Boys of Derry, the Purple Order, and the Black Preceptory, and provides details of their rituals and lodge practices. International Orangeism and the Order's role in popular culture are explained and appraised, and the stage is filled with historic figures. Meticulously researched and written without malice, Orangeism: A Historical Profile embodies a reevaluation of accepted views and includes information from unused, usually sealed archives. Praise for the First Edition: At last, there is an excellent, reliable, and absorbing account of Orangeism. Eamonn Phoenix, *The Irish News*. A thorough and determinedly unbiased account written with great enthusiasm. Niall Savage, *The Sunday Business Post*. [The Oxford History of Britain](#) Kenneth O. Morgan, 2021-02-25 A new edition of this best-selling history of Britain from Roman times, now updated to cover the first decade of the 21st century. The Oxford History of Britain tells the story of Britain and its people over two thousand years, from the coming of the Roman legions to the present day. Neutral Europe and the Creation of the Nonproliferation Regime Pascal Lottaz, Yoko Iwama, 2023-11-03 Lottaz Iwama and their contributors investigate the role of neutral and nonaligned European states during the negotiations for the Treaty on the Nonproliferation of Nuclear Weapons NPT Focusing on the years from the Irish Resolution of 1958 until the treaty s opening for signatures ten years later the nine chapters written by area experts highlight the processes and reasons for the political and diplomatic actions the neutrals took and how those impacted the multilateral treaty negotiations The book reveals new aspects of the dynamics that lead to

this most consequential multilateral breakthrough of the Cold War In part one three chapters analyze the international system from a bird s eye perspective discussing neutrality nonalignment and the nuclear order The second part features six detailed case studies on the politics and diplomacy of Ireland Sweden Finland Switzerland Austria and Yugoslavia Overall this study suggests that despite the volatile and dangerous nature of the early Cold War the balance of the strategic environment enabled actors that were not part of one or the other alliance system to play a role in the interlocking global politics that finally created the nuclear regime that defines international relations until today A valuable resource for scholars of nonproliferation the Cold War neutrality nonalignment and area studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Poetics of the Local Shirley Lau Wong, 2023-07-01 *Poetics of the Local* considers contemporary Irish poetry in light of transnational forces of globalization and financialization showing how these conditions have shaped poetic innovation in Ireland from the 1960s to the present The book is organized around different sites caught in the growing pains of a rapidly globalizing Ireland from the ghost estates or housing projects abandoned after the economic boom of the 1990s to the urban regeneration of Belfast after the Troubles to the transformation of Dublin into a hub for creative economy programs like the UNESCO City of Literature In readings of works by Thomas Kinsella Paula Meehan Seamus Heaney John Montague Ciaran Carson Leontia Flynn Alan Gillis Sinéad Morrissey and Paul Muldoon Shirley Lau Wong argues that the enduring centrality of place in Irish poetry should be seen not as a hangover of nostalgic nationalism but rather as an exploration of the material and emplaced effects of the seemingly faraway processes of global capitalism

Northern Irish Poetry and Domestic Space Adam Hanna, 2016-04-29 *Northern Irish Poetry and Domestic Space* explores why houses in some ways the most private of spaces have taken up such visibly public positions in the work of a range of prominent poets from Northern Ireland examining the work of Seamus Heaney Michael Longley Derek Mahon and Medbh McGuckian

Unhappy the Land Liam Kennedy, 2015-10-26 In *Unhappy the Land* Liam Kennedy poses fundamental questions about the social and political history of Ireland and challenges cherished notions of a uniquely painful past Images of tragedy and victimhood are deeply embedded in the national consciousness yet when the Irish experience is viewed in the larger European context a different perspective emerges The author s dissection of some pivotal episodes in Irish history serves to explode commonplace assumptions about oppression victimhood and a fate said to be comparable only to that of the Jews Was the catastrophe of the Great Famine really an Irish Holocaust Was the Ulster Covenant anything other than a battle cry for ethnic conflict Was the Proclamation of the Irish Republic a means of texting terror And who fears to speak of an Irish War of Independence shorn of its heroic pretensions Kennedy argues that the privileging of the gun the drum and the flag above social concerns and individual liberties gave rise to disastrous consequences for generations of Irish people Ireland might well be a land of heroes from Cúchulainn to Michael Collins but it is also worth pondering Bertolt Brecht s warning

Unhappy the land that is in need of heroes **Ulster Since 1600** Liam Kennedy, Philip Ollerenshaw, 2012-11-22 *Ulster Since 1600* surveys the history of the province from plantation to partition and onwards from the formation of the Northern Ireland state to the Troubles of recent decades. It synthesises existing historical knowledge and also brings new insights to bear on the political, social and economic evolution of the province and its peoples. The word Ulster conjures up images of communal conflict, sectarianism and peace processes of indefinite duration, but as this volume shows, there is much more to the history of Ulster and its peoples. From the Plantation of Ulster in the early seventeenth century, the province has been home to three major ethnic and religious groups. It was this radically reconstituted society that produced a precociously early emigration to North America that celebrated the outbreak of the French Revolution and that in the Victorian era hosted Ireland's first industrial city. Its rural poor suffered destruction and death during the Great Famine of the 1840s, along with their counterparts in the south of Ireland. Its urban working classes had much in common with the industrial classes of England and Scotland in terms of religiosity, popular entertainment, labour movements, gender and family relationships. This multi-authored volume is a major contribution to the history of Ireland and to Ireland's contested place in the British and the wider world.
