New History Of Sierra Leone:

A New History of Sierra Leone Joe A. D. Alie,1985 **A New History of Sierra Leone** Joe A. D. Alie,1990 *Free Slaves, Freetown, and the Sierra Leonean Civil War* Joseph Kaifala,2016-11-22 This book is a historical narrative covering various periods in Sierra Leone's history from the fifteenth century to the end of its civil war in 2002 It entails the history of Sierra Leone from its days as a slave harbor through to its founding as a home for free slaves and toward its political independence and civil war In 1462 the country was discovered by a Portuguese explorer Pedro de Sintra who named it Serra Lyoa Lion Mountains Sierra Leone later became a lucrative hub for the Transatlantic Slave Trade At the end of slavery in England Freetown was selected as a home for the Black Poor free slaves in England after the Somerset ruling The Black Poor were joined by the Nova Scotians American slaves who supported or fought with the British during the American Revolution The Maroons rebellious slaves from Jamaica arrived in 1800 The Recaptives freed in enforcement of British antislavery laws were also taken to Freetown Freetown became a British colony in 1808 and Sierra Leone obtained political independence from Britain in 1961 The development of the country was derailed by the death of its first Prime Minister Sir Milton Margai and thirty years after independence the country collapsed into a brutal civil war **The Cambridge Modern History , THE DECLINE AND FALL OF THE ATHENS OF WEST AFRICA** Akibo Robinson,2023-07-17 The country owed its name to the Portuguese explorer Pedro da Cintra who was the first European to sight and map the Freetown Harbour The original Portuguese name Serra Lyoa Lion Mountains describes the range of hills that surrounds the harbour The capital Freetown commands one of the world's largest natural harbours The country is located on the coast of West Africa bounded on the North and East by Guinea on the East by Liberia and on the West by the Atlantic Ocean It has many miles of beautiful sandy beaches The backbone of the economy is agriculture but it is rich in minerals diamonds gold bauxite and rutile The book traces the rich pre colonial history of a people whose main occupations then were agriculture and trade Communal life was highly regulated by chiefs who presided over their subjects These societies were governed by what is now called customary laws The book also debunks the thinking that Pedro da Cintra discovered Sierra Leone he was not even the first European to set foot in Sierra Leone It traces exhaustively the exploitative rule of the British Colonial Administration until its independence on 27th April 1961 Sierra Leone is credited as being the Athens of West Africa How this came about is explained at length How can a small country so far removed from Athens be credited as such The primary reason was for its learning The first University in sub Saharan Africa was established in Sierra Leone and it attracted students from all over the continent Woven into this academic fabric is the politico socio economic development from the founding of the state up to the present It traces the turbulent times the country has been through coups and counter coups declaration of a one party state a brutal 11 year civil war and the bastardisation of the constitution by various regimes since independence up to the present

Sierra Leone David John Harris,2014 A new political history of the former British colony in West Africa best known for its

diamonds and recent violent civil war this covers 225 years of history and fills a gap in African studies **Sierra Leone**

countries where the uber elusive pygmy hippo can be found One of Africa's last hidden gems where coastal mountains and
secluded beaches are the stuff of daydreams Sierra Leone lives up to its nickname of Sweet Salone This welcoming country
offers much natural beauty and culture yet remains unsullied by mass tourism In many places local people are happily
surprised each time they get visitors and strive to make your stay the best possible The country continues to be one of West

Bintumani the region's highest peak Then there's Ma Dengn a beach music festival sanctuaries for rescued chimpanzees
tours of traditional wooden board homes of the Krio people descendants of repatriated enslaved people and the UNESCO site
of Bunce Island a former fort for trading enslaved people as a destination for heritage tourism You can also visit the infamous
diamond mines and rainforest covered mountains search some of the burgeoning ecotourist sites for those pygmy hippos
explore the transboundary peace park of Gola Forest to track down the cave dwelling picathartes birds or simply relax on
beach blessed islands The country has seen a heartening recovery since emerging from civil war and the subsequent Ebola
outbreak Following the Covid pandemic there has been considerable investment in the tourism sector which has resulted in a
surge of new tour operators and hotels alongside improved roads connecting key towns all of which is reflected in this fourth
edition Although the country's devastating past still informs many aspects of daily life Sierra Leone is proudly back on the
tourism map for the discerning adventurous beach loving jungle exploring mountain scaling traveller volunteer or
international worker and all those curious of heart Offering significantly more coverage than any other guide Bradt's Sierra

African History 3-Volume Set Kevin Shillington, 2013-07-04 Covering the entire continent from Morocco Libya and Egypt in the north to the Cape of Good Hope in the south and the surrounding islands from Cape Verde in the west to Madagascar Mauritius and Seychelles in the east the Encyclopedia of African History is a new A Z reference resource on the history of the entire African continent With entries ranging from the earliest evolution of human beings in Africa to the beginning of the twenty first century this comprehensive three volume Encyclopedia is the first reference of this scale and scope Also includes 99 maps *History, Memory, and State-Sponsored Violence* Berber Bevernage, 2013-02-14 Modern historiography embraces the notion that time is irreversible implying that the past should be imagined as something absent or distant Victims of historical injustice however in contrast often claim that the past got stuck in the present and that it retains a haunting presence History Memory and State Sponsored Violence is centered around the provocative thesis that the way one deals with historical injustice and the ethics of history is strongly dependent on the way one conceives of historical time that the concept of time traditionally used by historians is structurally more compatible with the perpetrators than the victims point of view Demonstrating that the claim of victims about the continuing presence of the past should be taken seriously instead of being treated as merely metaphorical Berber Bevernage argues that a genuine understanding of the irrevocable past demands a radical break with modern historical discourse and the concept of time By embedding a profound philosophical

reflection on the themes of historical time and historical discourse in a concrete series of case studies this project transcends the traditional divide between empirical historiography on the one hand and the so called theoretical approaches to history on the other It also breaks with the conventional analytical philosophy of history that has been dominant during the last decades raising a series of long neglected big questions about the historical condition questions about historical time the unity of history and the ontological status of present and past programmatically pleading for a new historical ethics **The Modern History of England, Continued from the Commencement of Hostilities in the Year 1803 ... Genocide, Mass Atrocity, and War Crimes in Modern History James Larry Taulbee, 2017-02-06 Defining genocide as an international crime this two volume set provides a comparative study of historical cases of genocide and mass atrocity clearly identifying the factors that produced the attitudes and behaviors that led to them discusses the reasons for rules in war and examines how the five principles laid out in the Geneva Conventions and other international agreements have functioned in modern warfare Written by an expert on international politics and law Genocide Mass Atrocity and War Crimes in Modern History Blood and Conscience is an easy to understand resource that explains why genocides and other atrocities occur why humanity saw the need to create rules that apply during war and how culture rules about war and the nature of war intersect The first volume addresses the history and development of the normative regime s that define genocide and mass atrocity Through a comparative study of historical cases that pay particular attention to the factors involved in producing the attitudes and behaviors that led to the incidents of mass slaughter and mistreatment the author identifies the reasons that genocides and mass atrocities in the 20th century were largely ignored until the early 1990s and why even starting then responses were inconsistent The second book discusses why rules in war exist which factors may lead to the adoption of rules what defines a war crime and how the five fundamental principles laid out in the Geneva Conventions and other international agreements have actually functioned in modern warfare It also poses and answers the interesting question of why we should obey rules when our opponents do not The final chapter examines what actions could serve to identify future situations in which mass atrocities may occur and identifies the problems of timely humanitarian intervention in international affairs
