unimpressive at first sight but it considerably complicates life for Caro Kann players as it makes Black's main problem bigger the development of his bishop on c8. Small wonder that an increasing number of strong grandmasters such as Vassily Ivanchuk, Alexander Morozevich and Judit Polgar have incorporated this move in their repertoire. After 3 f3 the bishop on c8 has nowhere to go and Black will often struggle to avoid enduring problems. White's chances to obtain an advantage are substantial as Bezgodov shows in this fascinating new chapter in modern chess opening theory packed with original analysis and clear explanations.

New Art of Defence in Chess Andrew Soltis, 2030-01-01 Most chess games are not won they are lost. Many instructional chess books tell you how to improve a position when it is already or may be favourable. This book offers help when you definitely do not have the advantage. Every chess player needs a sound arsenal of defensive techniques. This book covers them all: counterplay when to accept sacrifices, how to anticipate short and long term threats and how to minimise losses. It also helps you create a strong underlying psychological framework for defensive technique: it teaches you how to stay cool under fire, how to stonewall and how to exploit your opponent's weaknesses.

The Caro-Kann the Easy Way Thomas Engqvist, 2023-11-09 An informative guide to understanding and implementing the fundamentals of the Caro-Kann, the easy way. The Caro-Kann defence, named after the German chess players Horatio Caro and Marcus Kann, is notorious for its simple solidity and is a popular chess opening that players of all levels benefit from having in their arsenal. It is a firm favourite of grandmasters past and present including Karpov, Petrosian, Capablanca and Anand. This is the fifth book from International Master Thomas Engqvist and it avoids overcomplicated details and endless computer variations, focusing instead on key variations of the Caro-Kann that can be committed to memory. Examining classic games to demonstrate key moves in action, Engqvist brings the defence to life and provides you with the knowledge you need to put strategy into practice.

A Chess Opening Repertoire for Blitz & Rapid Evgeny Sveshnikov, Vladimir Sveshnikov, 2016-03-23 Playing blitz is one of the great joys in every chess player's life. In modern times, faster time controls have become more important than ever. Every day, innumerable numbers of rated blitz and rapid games are being played in online and over the board competitions and championships. In blitz, even more than in classical chess, it is important to make the right decisions quickly and almost instinctively. That is why world famous opening expert Grandmaster Evgeny Sveshnikov and his son International Master Vladimir Sveshnikov have created a chess opening repertoire for club players that is forcing, both narrow and deep, and aggressive. The aim is to be in control as much as possible. You want to be the one who decides which opening is going to be played; you want to dictate the technical and strategic choices. And you want to keep the pressure increasing, your opponent's chances to stumble. In

designing their repertoire father and son Sveshnikov have made a crucial choice they do not want you to end up in positions where finding the theoretically best move is all important but in positions where it is relatively easy to keep finding the moves with the greatest practical effect and use If you play the lines the Sveshnikovs have selected your results will improve You may even end up playing their variations in slow chess as well *Mikhail Botvinnik: Sixth World Chess Champion* Isaak Linder,Vladimir Linder,2020-03-11 The Patriarch of Soviet Chess From the mid 1930s to the early 1960s one man towered above all other chessplayers That was the sixth world chess champion Mikhail Botvinnik His calm deep analytical approach supplemented by careful attention to his mental and physical conditioning served him well throughout his career Now in the sixth volume of the World Chess Champions Series by Isaak and Vladimir Linder you will learn all about the chess advances and achievements of the Patriarch of Soviet chess about his life and scholarly pursuit and his contributions to the various phases of the game opening middlegame and endgame Botvinnik was no less influential when he assumed the role of teacher Graduates of his school included such powerful players as Garry Kasparov Vladimir Kramnik Sergei Tiviakov and Alexei Shirov This book presents almost 150 of Botvinnik s best games and endings with fresh annotations by German grandmaster Karsten Müller along with crosstables and many archival photographs We invite you on journey to explore the life and games of one of the greatest and most influential world champions ever **The Book of the New York International Chess**
