New Life in the Church Robert Arnold Raines,1980      **New Life Community Church** New Life Community Church,2013-05-16 In the same way let your light shine before others that they may see your good deeds and glorify your Father in heaven Matthew 5 16 If your church suddenly disappeared would anyone notice We can t answer that question without taking a closer look at the type of impact we are making in the world around us and we may not like the answer we come up with But what if we could change that What would happen if every believer began to put action to Matthew 5 16 What if every one of us started to look for ways to make a difference in our immediate circles our families our neighborhoods our workplaces our communities What if we started to take a closer look at the spark that God has placed in each of us and began to imagine how we could use that to light up our world with the presence of Jesus What if we were to shine      **New Life for All** Eileen Lageer,1969      *Catalog of audiovisual productions* United States. Lawson,2020-03-03 The single most important event in a person s life is the new birth Yet this is also one of the most neglected doctrines in the church Many Christians would be hard pressed to describe exactly what the new birth is let alone what it means to the rest of their walk with God What happens when we are born again Does everything in our lives change immediately Is it just a kind of spiritual do over a chance to get it right this time What happens when we fail Does it mean we weren t really born again to begin with With a pastor s heart and a professor s insight Steven Lawson carefully examines the encounter between Jesus and Nicodemus found in John 3 to uncover the nature of this spiritual rebirth He shows you the necessity of the new birth how God changes our hearts through it and what follows after from baptism and involvement in a local church to handling doubts and setbacks This book is perfect for believers who want to understand what happened when they believed and for non Christians who are curious about what a new life in Christ is all about

**Religion, Politics, and Identity in a Changing South Africa** Abdulkader Tayob, Wolfram Weisse, David Chidester, What is the role of religion in society In the wake of September 11 public intellectuals provided easy answers According to some religion was the problem others commented religion was the solution Generally public debate about the force of religion in society has been organized by either or propositions Religion is a force for either freedom or bondage for either peace or war for either mutual recognition or antagonistic polarization Analysis of religion and social change has also tended to be framed in terms of oppositions that inform research agendas and public policy In this book authors from South Africa the United States of America the Netherlands and Germany test these oppositions      The New Life Allan R. H. Schroeder, 1971 Six studies on the basics of Christian faith for the pastor's instruction class or individual use *Surviving Ministry* Michael E. Osborne, 2016-05-06 Being a pastor has its rewards and pleasures But churches can be unsafe places They are filled with broken imperfect people Many ministers of the gospel walk into a church naive about the potential hazards of their vocation They are vulnerable to difficult people unresolved conflict incompatible visions hidden agendas mission drift and sin their own and that of others Other pastors feel trapped in a ministry hurricane and don't know what to do They feel like failures They're thinking about leaving the ministry They are looking for help and hope not from an expert detached from the real world of ministry but from someone who has suffered through church hurricanes and lived to share the story Moreover they need to know they are not alone *Surviving Ministry How to Weather the Storms of Church Leadership* includes the author's own story as well as true stories from other pastors who have been in the eye of the hurricane Discouraged ministers looking for biblical practical gospel centered advice for storm proofing their churches homes and hearts have found a friend *Surviving Ministry* will equip them to stay resilient before during and after seasons of difficulty

**Sacred Subdivisions** Justin Wilford, 2012-11-19 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren's Saddleback Church one of the largest and most influential megachurches in America *Sacred Subdivisions* explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious significance
