American Journalism and International Relations Giovanna Dell'Orto, 2013-03-29 American Journalism and International Relations argues that the American press disengagement from world affairs has critical repercussions for American foreign policy Giovanna Dell Orto shows that discourses created circulated and maintained through the media mold opinions about the world and shape foreign policy parameters This book is a history of U S foreign correspondence from the 1840s to the present relying on more than 2 000 news articles and twenty major world events from the 1848 European revolutions to the Mumbai terror attacks in 2008 Americans perceptions of other nations combined with pervasive and enduring understandings of the United States role in global politics act as constraints on policies Dell Orto finds that reductive media discourse as seen during the 1967 War in the Middle East or Afghanistan in the 1980s has a negative effect on policy whereas correspondence grounded in events such as during the Japanese attack on Shanghai in the 1930s or the dissolution of the Soviet Union in 1991 fosters effective leadership and realistic assessments The Handbook of Journalism Studies Karin Wahl-Jorgensen, Thomas Hanitzsch, 2009-01-13 This Handbook charts the growing area of journalism studies exploring the current state of theory and setting an agenda for future research in an international context The volume is structured around theoretical and empirical approaches and covers scholarship on news production and organizations news content journalism and society and journalism in a global context Emphasizing comparative and global perspectives each chapter explores Key elements thinkers and texts Historical context Current state of the art Methodological issues Merits and advantages of the approach area of studies Limitations and critical issues of the approach area of studies Directions for future research Offering broad international coverage from top tier contributors this volume ranks among the first publications to serve as a comprehensive resource addressing theory and scholarship in journalism studies As such the Handbook of Journalism Studies is a must have resource for scholars and graduate students working in journalism media studies and communication around the globe Media Governance Sarah Anne Ganter, Hanan Badr, 2022-11-30 The book offers a critical map to navigate the field of media governance A thread of cosmopolitan critique connects the fourteen chapters to enhance media governance literature beyond the West and regional foci The first part addresses the epistemological and ontological flaws in the use and adaptation of media governance. The second part opens pathways for critique and provides a thorough understanding of the ambivalences that scholars encounter when addressing media governance as a field of study The third part highlights shortcomings like geographical narrowness and tensions in the use of media governance concepts The scholarly contributions show that media governance as a field of study is far from

being established its conceptualizations are in flux and need scholarly self reflection and ongoing discussions need to leave behind universalist conceptualizations and methods of analysis The chapters reflect on hegemony power sovereignty and identity as conceptual center points in media governance research The book uniquely breaks with self referential Western academia and is part of ongoing collaborative scholarly efforts towards epistemic transformation through dialogue
