Woodland Period Systematics in the Middle Ohio Valley Darlene Applegate,Robert C. Mainfort,2005-10-09 This collection provides a comprehensive vocabulary for defining the cultural manifestation of the term Woodland The Middle Ohio Valley is an archaeologically rich region that stretches from southeastern Indiana across southern Ohio and northeastern Kentucky and into northwestern West Virginia In this area are some of the most spectacular and diverse Woodland Period archaeological sites in North America but these sites and their rich cultural remains do not fit easily into the traditional Southeastern classification system This volume with contributions by most of the senior researchers in the field represents an important step toward establishing terminology and taxa that are more appropriate to interpreting cultural diversity in the region The important questions are diverse What criteria are useful in defining periods and cultural types and over what spatial and temporal boundaries do those criteria hold How can we accommodate regional variation in the development and expression of traits used to delineate periods and cultural types How does the concept of tradition relate to periods and cultural types Is it prudent to equate culture types with periods Is it prudent to equate archaeological

cultures with ethnographic cultures How does the available taxonomy hinder research Contributing authors address these issues and others in the context of their Middle Ohio Valley Woodland Period research *Quetico* Jon Nelson,2009-05-18 Quetico Park in northwestern Ontario celebrates its 100th anniversary in 2009 Long recognized as a gem among parks Quetico contains some of the largest stands of old growth red and white pine in Canada as well as a diversity of fascinating lichens carnivorous plants in specialized habitats The author presents an insightful look into Quetico s natural history as he examines the adaptations that have allowed moose white tailed deer wolves and other mammals to survive The human history of the park is also explored beginning with the Objíwa living there when the area was designated as a park followed by accounts of trappers loggers miners park rangers and poachers Beginning with the retreat of the glaciers the author combines his thorough research into Quetico s long and varied history with the threads of his own extensive involvement with the park The result is a splendid tribute to a very special place *People of the Dalles* Robert Boyd,2004-01-01 People of The Dalles is the story of the Chinookan Wasco Wishram and Sahaptin peoples of The Dalles area of the Columbia River who encountered the Lewis Clark expedition in 1805 6 The early history and culture of these communities is reconstructed from the accounts of explorers travelers and the early writings of the Methodist missionaries at Wascopam in particular the papers of Reverend Henry Perkins Boyd covers early nineteenth century cultural geography subsistence economy social structure life cycle rituals and religion People of The Dalles also details the changes that occurred to these people s traditional life ways including their relationship with Methodism following the devastating epidemics of the early 1830s Today descendants of the Chinookan and Sahaptin peoples are enrolled in the Confederated Tribes of Warm Springs and the Yakama Nation
