American Studies: The Basics Andrew Dix, 2021-11-02 *American Studies The Basics* is an accessible and concise introduction that aims to unpack what American studies does and why it matters From Moby Dick to baseball Hollywood westerns to BlackLivesMatter and Disneyland to the U S Supreme Court American studies engages with a myriad of topics in its efforts to understand what the French sociologist Jean Baudrillard called social and cultural America The book begins by considering how America was studied before American studies emergence as a recognized discipline in the mid twentieth century Successive chapters then explore the rise of American studies its varied subjects its distinctive methods of research its geographical framing and its politics Throughout the book explanatory examples are drawn from across American history and culture Photographs are examined alongside novels and historical monuments discussed next to films The text offers an ideal way into an exciting academic subject of continuing growth and relevance This book is a must read for those studying and with an interest in American studies Black and African-American Studies Gunnar Myrdal, 1995 *The SAGE Encyclopedia of Filipina/x/o American Studies* Kevin Leo Yabut Nadal, Allyson Tintiangco-Cubales, E.J.R. David, 2022-11-03 Filipino Americans are one of the three largest Asian American groups in the United States and the second largest immigrant population in the country Yet within the field of Asian American Studies Filipino American history and culture have received comparatively less attention than have other ethnic groups Over the past twenty years however Filipino American scholars across various disciplines have published numerous books and research articles as a way of addressing their unique concerns and experiences as an ethnic group The SAGE Encyclopedia of Filipina x o American Studies the first on the topic of Filipino American Studies offers a comprehensive survey of an emerging field focusing on the Filipino diaspora in the United States

as well as highlighting issues facing immigrant groups in general It covers a broad range of topics and disciplines including activism and education arts and humanities health history and historical figures immigration psychology regional trends and sociology and social issues **Theories of American Culture, Theories of American Studies** Winfried Fluck,2003

Revolution and the Word Cathy N. Davidson,2004 Now greatly expanded this classic study has been updated to include the major controversies developments in literary cultural theory over the past two decades It traces the co emergence of the United States as a nation the literary genre of the novel **Keywords for Asian American Studies** Cathy J.

American Indian Autobiography ,2008-05-01 American Indian Autobiography is a kind of cultural kaleidoscope whose narratives come to us from a wide range of American Indians warriors farmers Christian converts rebels and assimilationists peyotists shamans hunters Sun Dancers artists and Hollywood Indians spiritualists visionaries mothers fathers and English professors Many of these narratives are as told to autobiographies and those who labored to set them down in writing are nearly as diverse as their subjects Black Elk had a poet for his amanuensis Maxidiwiac a Hidatsa farmer who worked her fields with a bone blade hoe had an anthropologist Two Leggings the man who led the last Crow war party speaks to us through a merchant from Bismarck North Dakota White Horse Eagle an aged Osage told his story to a Nazi historian By discussing these remarkable narratives from a historical perspective H David Brumble III reveals how the various editors assumptions and methods influenced the autobiographies as well as the autobiographers Brumble also and perhaps most importantly describes the various oral autobiographical traditions of the Indians themselves including those of N Scott Momaday and Leslie Marmon Silko American Indian Autobiography includes an extensive bibliography this Bison Books edition features a new introduction by the author **Magisterial Imagination** Max Lerner,1994-01-01 This work brings together Max Lerner s extended and enduring essays on Aristotle Niccolò Machiavelli Alexis de Tocqueville John Stuart Mill Thorstein Veblen and Oliver Wendell Holmes Jr Combining biography and interpretation Lerner insightfully examines a

cluster of thinkers who helped shape his own influential work in political theory and civilizational analysis Viewed collectively these essays show Turner's method and mind at their best Like Lerner himself the masters were tough minded realists philosophers who saw human experience in all of its variety as central to study Less inclined to metaphysical speculation they wrestled with the real concerns and circumstances of their times but always within the larger context of ultimate meaning and consequence Lerner eloquently introduces each philosopher and his work but he also provides his own criticism and commentary Complicated subjects are clearly presented and cross disciplinary analysis enhances the reader's sense of the whole In his introduction Robert Schmuhl discusses why Lerner was attracted to these particular thinkers and how they refined his approach to the human sciences Schmuhl also traces the influence of these figures on Lerner's work *Magisterial Imagination* will be of importance to philosophers political theorists and sociologists *Handbook of Latin American Studies, Vol. 76* Katherine D. McCann, 2023-03-28 Beginning with Number 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research underway in specialized areas *American Studies after Postmodernism* Theodora Tsimpouki, Konstantinos Blatanis, Angeliki Tseti, 2023-12-22 This book explores the major challenges that the long standing and diversely debated demise of postmodernism signifies for American literature art culture history and politics in the present third decade of the twenty first century Its scope comprises a vigorous discussion of all these diverse fields undertaken by distinguished scholars as well as junior researchers U S Americanists and European Americanists alike Focusing on socio political and cultural developments in the contemporary U S their contributions highlight the interconnectedness of the geopolitical economic environmental and technological crises that define the historical present on global scale Chapter 16 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com *Aesthetics in a Multicultural Age* Emory Elliott, Lou Freitas Caton, Jeffrey Rhyne, 2002-01-10 *Aesthetics in a Multicultural Age* examines a variety of significant multidisciplinary and multicultural topics within the subject of aesthetics Addressing the vexed relation of the arts and criticism to current political and cultural concerns the contributors to this volume attempt to bridge the two decades old gap between scholars and critics who hold conflicting views of the purposes of art and criticism By exploring some of the ways in which global migration and expanding ethnic diversity are affecting cultural productions and prompting reassessment of the nature and role of aesthetic discourse this volume provides a new evaluation of aesthetic ideas and practices within contemporary arts and letters **An American Dilemma** Gunnar Myrdal, 2017-07-12 In this landmark effort to understand

African American people in the New World Gunnar Myrdal provides deep insight into the contradictions of American democracy as well as a study of a people within a people The title of the book *An American Dilemma* refers to the moral contradiction of a nation torn between allegiance to its highest ideals and awareness of the base realities of racial discrimination The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom justice and opportunity for all and the pervasive violations of the dignity of blacks The appendices are a gold mine of information theory and methodology Indeed two of the appendices were issued as a separate work given their importance for systematic theory in social research The new introduction by Sissela Bok offers a remarkably intimate yet rigorously objective appraisal of Myrdal a social scientist who wanted to see himself as an analytic intellectual yet had an unbending desire to bring about change *An American Dilemma* is testimonial to the man as well as the ideas he espoused When it first appeared *An American Dilemma* was called the most penetrating and important book on contemporary American civilization by Robert S Lynd One of the best political commentaries on American life that has ever been written in *The American Political Science Review* and a book with a novelty and a courage seldom found in American discussions either of our total society or of the part which the Negro plays in it in *The American Sociological Review* It is a foundation work for all those concerned with the history and current status of race relations in the United States

An American Dilemma, Volume 1 Gunnar Myrdal, 1996 This landmark effort to understand African American people in the New World provides deep insight into the contradictions of American democracy as well as a study of a people within a people The touchstone of this classic is the jarring discrepancy between the American creed of respect for the inalienable rights to freedom justice and opportunity for all and the pervasive violations of the dignity of blacks *The Political Ideas of Thorstein Veblen* Sidney Plotkin, Rick Tilman, 2011-12-06 Thorstein Veblen is best known for his authorship of *The Theory of the Leisure Class* and *The Theory of Business Enterprise* which made him a celebrated figure in the fields of economics and sociology at the turn of the twentieth century In this book Sidney Plotkin and Rick Tilman argue that in addition to his well known work in these fields Veblen also made important and until now overlooked statements about politics While Veblen's writings seldom mention politics they are saturated with political ideas about the relationship among war executive power and democracy about the similarities between modern executive positions and monarchy about the political influence of corporate power about the symbolism of politics and about many other issues By demonstrating the deep relevance of Veblen's writings to today's political troubles *The Political Ideas of Thorstein Veblen* offers an important reconsideration of a major American thinker

American Studies Jack Salzman, American Studies Association, 1986-08-29 A major three volume bibliography including an additional supplement of an annotated listing of American Studies monographs published between 1900 and 1988

Mariners, Renegades, and Castaways Cyril Lionel Robert James, 2001 Available in its complete form for the first time since its original publication ***Displacements and Diasporas*** Wanni W. Anderson, Robert G Lee, 2005-05-26 Asians have

settled in every country in the Western Hemisphere some are recent arrivals other descendants of immigrants who arrived centuries ago Bringing together essays by thirteen scholars from the humanities and social sciences *Displacements and Diasporas* explores this genuinely transnational Asian American experience one that crosses the Pacific and traverses the Americas from Canada to Brazil from New York to the Caribbean With an emphasis on anthropological and historical contexts the essays show how the experiences of Asians across the Americas have been shaped by the social dynamics and politics of settlement locations as much as by transnational connections and the economic forces of globalization Contributors bring new insights to the unique situations of Asian communities previously overlooked by scholars such as Vietnamese Canadians and the Lao living in Rhode Island Other topics include Chinese laborers and merchants in Latin America and the Caribbean Japanese immigrants and their descendants in Brazil Afro Amerasians in America and the politics of second generation Indian American youth culture Together the essays provide a valuable comparative portrait of Asians across the Americas Engaging issues of diaspora transnational social practice and community building gender identity institutionalized racism and deterritoriality this volume presents fresh perspectives on displacement opening the topic up to a wider more interdisciplinary terrain of inquiry and teaching
