**Three Views on the Millennium and Beyond** Zondervan, 2010-08-10 Is there biblical evidence for a thousand year earthly kingdom the Millennium ruled by Christ before the fulfillment of the new heaven and new earth Revelation chapter 20 seems to suggest so but few books of the Bible are so difficult to interpret And a discussion of the Millennium branches out into many other theological questions about the end times eschatology Are these the last days What must happen before Jesus returns What part does the church play This Counterpoints volume compares three views of the Millennium Premillennial Christ will come again before this kingdom is

established Postmillennial our present age represents that kingdom and that the church is and must move toward the fulfillment of this kingdom Amillennial a future Millennium is not a literal kingdom and when Christ returns he will usher in an immediate new heaven and new earth Robert B Strimple Kenneth L Gentry Jr and Craig A Blaising offer their perspectives giving their exegetical reasoning Each of them then responds to the views held by their peers in a respectful and informative setting making it easy for you to compare their beliefs and gain a better understanding of how this aspect of Christianity's great hope the return of Jesus is understood by the church The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion

*Art, Religion and Resistance in (Post-)Communist Romania* Maria Alina Asavei, 2020-10-22 This book illuminates the interconnections between politics and religion through the lens of artistic production exploring how art inspired by religion functioned as a form of resistance directed against both Romanian national communism 1960 1989 and latterly consumerist society and its global market It investigates the critical tactical and subversive employments of religious motifs and themes in contemporary art pieces that confront the religious affair in post communist Romania In doing so it addresses a key gap in previous scholarship which has paid little attention to the relationship between religious art and political resistance in communist Central and South East Europe

Keener, 2009-09-13 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context What can we know about the book of Revelation What should we make of its visions of apocalyptic horsemen horns with faces flying angels and fantastic beasts Most important what meaning does it hold for us here and now and how can we apply it to our lives Craig S Keener shares perspectives on Revelation and helps us strengthen our hope in the future while living out our faith wisely in the present To bring the ancient messages of the Bible into today's context each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award winning commentary is the ideal resource for today's preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written

**Revelation and the End of All Things** Craig R. Koester, 2001-04-02 Craig Koester provides commentary on each section of the book of Revelation drawing on the best recent scholarship and contemporizing his discussion with references to events like the siege at Waco the phenomenal sales of the Left Behind series and the use of Revelation in hymnody and art

Based on two decades of teaching Revelation to seminary students pastors and lay groups this discussion strikes a balance between taking the text's first century context seriously and making Revelation relevant to twenty first century readers

**Post-Apocalyptic Novel** Diletta De Cristofaro, 2019-12-26 Traditional apocalyptic texts concern the advent of a better world at the end of history that will make sense of everything that happened before But what is at stake in the contemporary shift to apocalyptic narratives in which the utopian end of time is removed The Contemporary Post Apocalyptic Novel offers an innovative critical model for our cultural obsession with the end by focussing on the significance of time in the 21st century post apocalyptic novel and challenging traditional apocalyptic logic Once confined to the genre of science fiction the increasing popularity of end of the world narratives has caused apocalyptic writing to feature in the work of some of contemporary literature's most well known fiction writers Considering novels by Will Self Cormac McCarthy David Mitchell Emily St John Mandel Jeanette Winterson and others Diletta De Cristofaro frames the contemporary apocalyptic imagination as a critique of modernity's apocalyptic conception of time and history Interdisciplinary in scope the book historicises apocalyptic beliefs by exploring how relentlessly they have shaped the modern world **Revelation Exegetical**

**Commentary - 2 volume set** Robert L. Thomas, 2016-08-15 Get back to the roots on Revelation Through the centuries since its writing the book of Revelation has captured the fascination of the Christian church The earliest Christians were unanimous in understanding it along a premillennial view of Jesus second coming but other hermeneutical approaches began to emerge in the third century These clouded and added complexity to the task of explaining the book's meaning For most of the Christian era consequently many readers have viewed this last of the NT writings as though it were hopelessly embedded in an aura of deep mystery An avalanche of interpretive literature has evidenced remarkable interest in the book's contents but along with the interest has come widespread bewilderment Written especially for the informed layman student and scholar this commentary seeks to clear the air The book is interpreted according to a historical and grammatical hermeneutic and propounds a conservative evangelical theology but the reader will not get a narrow view on areas of disagreement This commentary interacts with a range of major views both evangelical and nonevangelical It reaffirms the basic framework of eschatology espoused by ancient Christianity but with added help from centuries of maturing thought and doctrinal progress in the Body of Christ All exegesis and exposition in this 2 volume commentary are based on the original language of the text Translations used are those of the author and textual criticism and word study are included where appropriate This in depth commentary also includes extended excursions on important topics of theological and historical interest **Women and the Messianic Heresy of Sabbatai Zevi, 1666 - 1816** Ada Rapoport-Albert, 2015-12-03 A timely and fascinating study of an early modern movement that transcended traditional Jewish gender paradigms and allowed women to express their

spirituality freely in the public arena      **The History of the Saints** John Coleman Bennett,1842      *Jerusalem* Vincent Lemire,2022-03-15 An expansive history of Jerusalem as a cultural crossroads and a fresh look at the urban development of one of the world's most mythologized cities Jerusalem is often seen as an eternal battlefield in the clash of civilizations and in endless inevitable wars of religion But if we abandon this limiting image when reviewing the entirety of its concrete urban history from its beginnings to today we discover a global city at the world's crossroads Jerusalem is the common cradle of Judaism Christianity and Islam whose long and intertwined pasts include as much exchange and reciprocal influence as conflict and confrontation This synthetic account is the first to make available to the general public Jerusalem's whole history informed by the latest archaeological finds unexplored archives and ongoing research and offering a completely renewed understanding of the city's past and geography This book is an indispensable guide to understanding why the world converges on Jerusalem      Ezekiel 38-48 Stephen L. Cook,2018-01-01 A fresh interpretation of the final major sections of the Hebrew book of Ezekiel chapters 38-48 Stephen L Cook offers an accessible translation and interpretation of the final sections of Ezekiel These chapters the most challenging texts of scripture describe the end time assault of Gog of Magog on Israel and provide an incredible visionary tour of God's utopian temple Following the approach of Moshe Greenberg the author of the preceding Anchor Yale Bible commentaries on Ezekiel this volume grounds interpretation of the book in an intimate acquaintance with Ezekiel's source materials its particular patterns of composition and rhetoric and the general learned priestly workings of the Ezekiel school The commentary honors Greenberg's legacy by including insights from traditional Jewish commentators such as Rashi Kimhi and Eliezer of Beaugency In contrast to preceding commentaries the book devotes special attention to the Zadokite idea of an indwelling anthropomorphic body of God and the enlivening effect on people and land of that indwelling      **Ministry Digest, Vol. 04, No. 01** Witness Lee,2022-01-08 In this issue we will continue four lines of ministry The first line The History of the Lord's Recovery contains chapters 15 through 18 of The Recovery of the Church according to the Pattern on the Mountain which are in volume 1 of The Collected Works of Witness Lee 1950-1951 This section includes topics related to the spirit and the mind and being conformed to the image of God's Son The second line Words for New Believers contains chapters 45 and 46 of Crucial Truths in the Holy Scriptures Volume 4 and chapters 47 and 48 of Crucial Truths in the Holy Scriptures Volume 5 all of which are in volume 4 of The Collected Works of Witness Lee 1932-1949 These chapters cover topics related to the service of the new covenant the believers and sins obtaining the reward and entering into the kingdom of the heavens The chapter on entering into the kingdom of the heavens is quite lengthy and it will be continued in subsequent issues of Ministry Digest The third line Maturing in Life contains chapters 21 through 24 of The Kingdom which are in volume 2 of The Collected Works of Witness Lee 1972 These chapters cover the principles of the kingdom and the path from rejection to glory The fourth line The High Peak of the Divine Revelation continues with chapters 38 through 41 of God's New Testament Economy which are in volume 3 of The Collected

**An Empire of Memory** Matthew Gabriele, 2011-03-24 Beginning shortly after Charlemagne's death in 814 the inhabitants of his historical empire looked back upon his reign and saw in it an exemplar of Christian universality Christendom They mapped contemporary Christendom onto the past and so during the ninth tenth and eleventh centuries the borders of his empire grew with each retelling almost always including the Christian East Although the pull of Jerusalem on the West seems to have been strong during the eleventh century it had a more limited effect on the Charlemagne legend Instead the legend grew during this period because of a peculiar fusion of ideas carried forward from the ninth century but filtered through the social cultural and intellectual developments of the intervening years Paradoxically Charlemagne became less important to the Charlemagne legend The legend became a story about the Frankish people who believed they had held God's favour under Charlemagne and held out hope that they could one day reclaim their special place in sacred history Indeed popular versions of the Last Emperor legend which spoke of a great ruler who would reunite Christendom in preparation for the last battle between good and evil promised just this to the Franks Ideas of empire identity and Christian religious violence were potent reagents The mixture of these ideas could remind men of their Frankishness and move them for example to take up arms march to the East and reclaim their place as defenders of the faith during the First Crusade

**An Empire of Memory** uses the legend of Charlemagne an often overlooked current in early medieval thought to look at how the contours of the relationship between East and West moved across centuries particularly in the period leading up to the First Crusade

**10 Things Satan Doesn't Want You to Know** John Van Diest, 1998 The ultimate collection on spiritual warfare Concise yet powerful contributions from ten of today's top Christian writers emphasize the reality of Satan and how God's people can triumph through faith and the Word

**Icons of Space** Jelena Bogdanović, 2021-07-26 Icons of Space Advances in Hierotopy brings together important scholars of Byzantine religion art and architecture to honour the work of renowned art historian Alexei Lidov As well as his numerous publications Lidov is well known for developing the concept of hierotopy an innovative approach for studying the creation of sacred spaces Hierotopy and the related concepts of spatial icons and image paradigms emphasize fundamental questions about icons including what defines them as structures spaces and experiences Chapters in this volume engage with the overarching theme of icons of space by employing contrasting and complementing methods of hierotopy with more traditional approaches such as iconography Examinations of icons have traditionally been positioned within strictly historical theological socio economic political and art history domains but this volume poses epistemological questions about the creation of sacred spaces that are instead inclusive of multi layered iconic ideas and the lived experiences of the creators and beholders of such spaces This book contributes to image theory and theories of architecture and sacred space Simultaneously it moves beyond colonial studies that predominantly focus on questions of religion and

politics as expressions of privileged knowledge and power This book will appeal to scholars and students of Byzantine history as well as those interested in hierotopy and art history **Death, the End of History, and Beyond** Greg Carey, 2023-01-31
