Carroll, 2011-05-11 Congregations today face both old and often new unprecedented challenges spiritual moral technological and economic for which there are no easy solutions Facing such challenges calls for pastors able to lead with authority in ways at the same time faithful to the gospel and appropriate to the congregation s setting and the issues at hand Yet many pastors are unsure of their authority often experiencing conflict as they attempt to lead Others have abused their authority and brought mistrust and suspicion to ordained ministry making it difficult for other clergy to lead In this book a new and revised edition of his earlier highly regarded work on pastoral authority and leadership Jackson Carroll brings together theological and sociological perspectives to provide an interpretation of pastoral authority as reflective leadership a style of leadership that involves vision and discernment and that is appropriate for the many roles in which pastors engage preaching worship leadership teaching counseling and shaping the congregation s corporate life In this new edition Carroll draws on what he has learned from many conversations with pastors and lay leaders since the book s initial publication as well as insights from others He also introduces helpful new case material from practicing pastors and incorporates the perspectives of several recent leadership theorists and practitioners to deepen and enhance the discussion of pastoral authority as reflective leadership **Historical Dictionary of Ecumenical Christianity** Ans Joachim van der Bent, 1994-12-01 This historical dictionary covers the major trends in the 20th century ecumenical movement until today It deals with developments in the realms of church unity mission and evangelism laity women in church and society and many other ecumenical subjects It also covers many programs and activities of the World Council of Churches since its inception in 1948 The longer articles survey important theological themes while short articles provide quick reference on a precise question The bibliography is not exhaustive some 50 000 titles have been published since the beginning of this century but very helpful for major bibliographical information The dictionary is particularly strong in American subjects and includes a great number of ecumenical personalities which cannot be found in other reference works This publication is not only an indispensable tool of research for university and seminary libraries but also for individual persons belonging to whatever Christian church who are interested in knowing more about reflections relations and activities in the several regions of the

ecumenical world A helpful description of the most important ecumenical assemblies and conferences is provided To take stock of the past to interpret the present and to look forward into the third millenium of Christian existence are exciting and challenging enterprises **The Living Church** ,1946 Restore Unity, Recover Identity, and Refine Orthopraxy Peter L. H. Tie,2012-01-16 Doctrine divides Not a few Christians dread doctrine especially the doctrine of the church ecclesiology that allegedly causes much confusion conflict and controversy within the church Many choose to avoid it but James Leo Garrett Jr Distinguished Professor of Theology Emeritus at Southwestern Baptist Theological Seminary is convinced that the much avoided and neglected ecclesiology is the place where the churches must begin to rediscover genuine unity identity and orthopraxy Restore Unity Recover Identity Refine Orthopraxy examines Garrett s biblical notion of the universal priesthood The priesthood concept properly understood in a communal sense integrates the mission membership ministry and management of the church This book is filled with intentional and direct conversations with more than twelve theologians or ecclesiologists from various Christian traditions Reformed Pentecostal Roman Catholic Mennonite Baptist and other Free Church in order to shed light on Garrett s believers priesthood doctrine which eventually points toward a balanced biblical and baptist ecclesiology An ecclesiology rooted in the biblical priesthood does not divide and extinguish but does unite and distinguish **The New Review of Books and Religion** ,1979 *The Challenges of Vatican II for an Authentic Indian Catholic Church* Suhas Pereira,2021 The Vatican II was an event of a new facelift for the entire edifice of the Catholic ecclesiology It called for the renewal in the universal Catholic Church This book deals with the question How can the Catholic Church in India accept the council s challenge for renewal and become truly Indian in its being and essence Undertaking a systematic examination of the post conciliar ecclesiological development in the Indian Catholic Church in its existential multi religious and multi cultural context the author attempts to develop an ecclesiological reflection for the Indian context **Catholicism and the Spirit** Stephen Ebo Annan,2018-02-22 The resurgence of Pentecostal charismatic Christianity epitomized in the global South has thrown Catholicism back on itself and has challenged it to reassess its ecclesial self understanding The Catholic Church has been accused of having forgotten the Spirit Despite the progress made by the Catholic Church to redress this so called pneumatological deficit it nonetheless remains the case that Roman Catholicism and charismatic Christianity seems to be mutually exclusive Why and how does the Roman Catholic Church today still lack a fully developed pneumatological charismatic ecclesiology Catholicism and the Spirit sets out to address such questions and argues that the Church must overcome its ultraconservatism and re envision a robust Spirit led ecclesiology to meet the demands of ecclesial renewal *The Great Grace* Nigel Zimmermann,2015-05-21 Nigel Zimmermann presents critical reflections from leading Catholic prelates and scholars on the significance of the Second Vatican Council fifty years after it began These include two senior Cardinals one of whom is the head of the Congregation of Bishops and the other a member of Pope Francis new advisory body on reforming the Roman Curia as well as Prefect of the Secretariat for the Economy Together with

Liberty, Wisdom, and Grace John Hittinger, 2002-01-01 Liberty Wisdom and Grace is a comprehensive survey of the Thomists' contributions to contemporary political thought as well as a detailed analysis of their approach to democracy

Liberty, Wisdom, and Grace John P. Hittinger, 2002-12-11 Twentieth century French philosophers Jacques Maritain and Yves R. Simon pioneered new approaches to understanding and defending political democracy in the wake of two world wars Rather than break from a religious tradition that seemed to struggle against modernity and certain forms of democratic theory and practice these thinkers instead looked back to the philosophy of Aristotle and Thomas Aquinas to propel Catholic political philosophy forward The profound influence of Maritain and Simon is manifest in the dramatic achievements of Vatican II and in the work of the scholars of political philosophy who learned from them John P. Hittinger one of the finest of these scholars provides in Liberty Wisdom and Grace a comprehensive survey of the Thomists' contributions to contemporary political thought as well as a detailed analysis of their approach to democracy Hittinger treats criticism of Maritain including the work of Catholic political writer Aurel Kolnai and discusses the alternative democratic visions of John Locke and David Richards His portraits of thinkers who have wrestled with democracy in the Thomist tradition such as Leo Strauss and John Paul II are sensitive and engaging Addressing questions of religion and philosophy broadly understood the essays collected here offer a searching examination of democratic theory in the modern age
