**Sex, Feminism and Lesbian Desire in Women's Magazines** Kate Farhall, 2020-09-14 This book examines evolving pop culture representations of sex and relationships from the 1970s onwards to demonstrate parallels between the strength of the feminist movement and positive portrayals of women s sexuality In charting changes in the sex and relationship content of women s magazines over time this analysis reveals that despite surface level changes in sexual and relationship content the underlying paradigm of hetero monogamy remains unchanged Despite a seemingly more diverse empowered and liberated sexuality for women in contemporary magazines in reality such feminist rhetoric masks an enduring model of sexuality which rests on women s sexual and emotional maintenance of male partners and their own self objectification and self surveillance Where substantive changes can be identified they rise and fall in tandem with feminism By demonstrating this empirical relationship between cultural products and feminist organising the book validates an assumption that has

rarely been tested that a feminist social milieu improves cultural narratives about sexuality for women Sex Feminism and Lesbian Desire builds on ground breaking feminist texts such as Susan Faludi's Backlash to present an empirically focused comprehensive study interrogating changes in content over the lifetime of women's magazines By charting the representation of sex and relationships in two women's magazines Cosmopolitan and Cleo since the 1970s through an analysis of over 6 500 magazine pages and 1 500 articles this timely work interrogates and ultimately complicates the apparent linear progression of feminism This book is suitable for researchers and students in women's and gender studies queer studies LGBT studies media studies cultural studies and sociology **The Lesbian Revolution** Sheila

Jeffreys,2018-09-03 The Lesbian Revolution argues that lesbian feminists were a vital force in the Women's Liberation Movement WLM They did not just play a fundamental role in the important changes wrought by second wave feminism but created a powerful revolution in lesbian theory culture and practice Yet this lesbian revolution is undocumented The book shows that lesbian feminists were founders of feminist institutions such as resources for women survivors of men's violence including refuges and rape crisis centres and that they were central to campaigns against this violence They created a feminist squatting movement theatre groups bands art and poetry and conducted campaigns for lesbian rights They also created a profound and challenging analysis of sexuality which has disappeared from the historical record They analysed heterosexuality as a political institution arguing that lesbianism was a political choice for feminists and indeed a form of resistance in itself Using interviews with prominent lesbian feminists from the time of the WLM and informed by the author's personal experience this book aims to challenge the way the work and ideas of lesbian feminists have been eclipsed and to document the lesbian revolution The book will be of key interest to scholars and students of women's history the history of feminism the politics of sexuality women's studies gender studies lesbian and gay studies queer studies and cultural studies as well as to the lay reader interested in the WLM and feminism more generally Lesbian Sources Linda
