New Light on Delinquency and Its Treatment William Healy, 1950      New Light on Delinquency and Its Treatment William Healy, Augusta Fox Bronner, 1936 The authors of this study conclude that juvenile delinquents are frequently found in those families in which the fulfillment of social relationships has been hindered at one time or the other By taking the family instead of the delinquent as the unit of research the authors have been able to compare 105 delinquents with 105 children belonging to the same families and thus serving as controls The authors believed that delinquent behaviour is symptomatic of the prevalence of profoundly felt emotional disturbances and they feel that their diagnostic classification of delinquents has prognostic value      New Light on Delinquency and Its Treatment William Healy, 1943      **A Selected Bibliography on Juvenile Delinquency** United States.
