New Male Female Relationship:

The New Male Female Relationship Herb Goldberg, 2000 In this ground breaking work Goldberg shows how traditional relationships are doomed to fail not because of personal inadequacies but because of the psychological defense mechanisms that program men to behave like machines and women like children Goldberg offers a total reevaluation of the war between the sexes in light of the enormous changes the woman's liberation movement has brought about in the last several decades Immensely hopeful in its outlook the book gives us a vision of just how good a relationship can be when men and women are friends and companions as well as lovers Book jacket New Horizon in Male-Female Relationships David Samuel

Green, 2010-04-09 New Horizon in Male Female Relationships attempts to break new ground in the discourse on gender equality love happiness and marriage Author David Samuel Green succeeds admirably and wastes no time in tracing the evolution of human relationships But he also puts forward new theories regarding the state of relations between males and females across the globe including married couples What Green's new book further accomplishes lies in its no holds barred exploration of matters of the heart Specifically the author examines methods we can employ to eliminate problems that tend to hamper our relationships and shows us how best to get the most out of our unions with emphasis on how product thinking and egalitarianism assist remarkably Besides offering solutions for troubled marriages and other relationships the book also extols several concepts that go hand in hand with love and happiness At the same time it becomes clear that if we want our unions and partnerships to work we have to bring the right attitude to the table After all as we learn the ingredients for a successful relationship must include compassion forgiveness and understanding Black Male/female Relationships, 1981

The Ethics of Interpersonal Relationships Joyce Catlett, Robert W. Firestone, 2018-03-28 Writing this book springs from a deep feeling for people and a grave concern that without a proper understanding of the reasons for their inhumanity in relation to one another and the development of a compassionate world view it is likely that human beings may eventually destroy themselves and life on the planet This work is an attempt to explain the source of destructive behaviour and how it manifests itself in personal relationships between men women couples and families and in the social arena The author presents a position that offers a hope of altering the destiny of humankind's unethical behavior through better psychological understanding and education Understanding the source of a person's aggressiveness in defending the fantasy bond and learning to cope with the voice process have strong implications for child rearing and better mental health practices

The New Trinity Christopher Alan Anderson, 2012-09-11 *The New Trinity* is the marriage of a man and a woman. So starts the author's treatise on the Trinity covering the subjects: Creation, The Fall, Grace, The Messiah, The Virgin Birth, Death and Resurrection, Salvation and Redemption, The Holy Spirit, the Second Coming, Prayer, and Faith, and Eternal Life. Creation is the moment-by-moment interchange outcome between man and woman. To say, "In the beginning, God created," is to say that from the unity Father-Mother divide, or that from the seed of male deposited into the womb of female, comes the next birth of individuality. This universe is a creating one, not a created one. There isn't any beginning nor is there an ending. There is only life. *The New Trinity* Author Bio: Christopher Alan Anderson, 1950, received the basis of his education from the University of Science and Philosophy, Swannanoa, Waynesboro, Virginia. He resides in the transcendental romantic tradition, that vein of spiritual creativity of the philosopher and poet. His quest has been to define and express an eternal romantic reality from which a man and a woman could together stand in their difference and create a living universe of procreative love. Mr. Anderson began these writings in 1971. The first writings were published in 1985. On a personal note, when Mr. Anderson was asked to describe the writings and what he felt their message was, he responded, "Spiritual procreation. Mankind has yet to distinguish the two sexes on the spiritual level. In this failure lies the root of our problems and why we cannot yet
