Passages Toward The Dark:

Passages Toward the Dark Thomas McGrath, 1982 **Dark Passage to Snuggleburg** Alan Pilecki, 2025-04-28 When a group of musicians arrive in Snuggleburg to ply their trade everyone's least favourite wise cracking sheriff finds himself up to his neck in skulduggery Never one to shy away from a caustic remark or derisive retort Bujac must investigate and solve the string of murders plaguing the isolated colony With leading citizens hounding him for quick results and having to tolerate hapless deputies he has no time for he must unmask friend from foe He confronts a hotelier whom he despises and keeps Bujac in the dark a swaggering gunslinger who peppers him with mealy mouthed insults a saloon keeper that won't keep out of his affairs a lispng frog out for his blood and ruthless devious outlaws out to hoodwink him Read a thrilling Wild West adventure steeped in suspense set on a remote landscape in an unforgiving toy world Ride the trail with an antagonistic enforcer that answers glibly with an acerbic tongue and who commits himself to a conclusion that can only lead to an unexpected betrayal

Passages in Time Keith Steiner, 2018-11-20 Offers a unique and critical witness to significant historic photographs from the period of the inception of photography to the Edwardian era Asserts historic photographs as vivid and lyrical artefacts which live both as a source of enrichment in contemporary artistic experience and as documentary witness to our own age Shows photography as an art in intimate cultural conjunction with painting and literature We cannot travel back into the past In the garish light of the blaze of contemporary selfies and of the digital editing of photographs photography has lost contact with the abstract impact and the purity of dimension of historic photography Historic photography offers instead a unique and vivid witness to the lived experience of the past in our own age In his new book Keith Steiner brings us face to face with historic photographs as both the camera's memories and as definitive and enduring entities of the present He explores how our perceptual dialogue with historic imagery is also an encounter with the bias rooted in our register of the literary the optical and the cultural Keith Steiner's authoritative perceptive illuminating and penetrating text focuses key examples of historic photography in their fullness of register as artistic perceptual philosophic and cultural jewels These mysterious haunting photographs are thus revealed by the author in the full light of our age as sometime lyrical metaphorical encounters of prose and poetry and equally and eternally as of the fabric and geometry of now
