

While the choral setting in the present new edition is true to the Arnold Schönberg-Gesamtausgabe (complete edition), corrections and revisions given in the critical commentary by Tadeusz Okuljar and Martina Siehardt, published in 1991, have been taken into consideration in the musical text. For practical reasons the familiar English text by Arthur Fagg has been retained, as well as the piano reduction for rehearsal by Anton Fikberg.

Scoring

Mixed chorus a cappella

This chorus is to be sung a cappella. The accompaniment is intended for support only in case of intonation difficulties.

Orchestration

2 Flutes

2 Oboes

2 Clarinets in B $\flat$

2 Bassoons

2 Horns in F

Violin I

Violin II

Viola

Cello

Double Bass

Orchestra can be reduced for smaller forces.

Note: The composer's intention: The purpose of this accompaniment is only to enable the choral singers to sing in difficult situations if they are not able to do so on their own. In no way was the accompaniment concerned to somehow seem obligatory; it should not come to the fore in any way. The composer's intentions will be met if the accompaniment is kept as near as possible to a *pianissimo*, so that the choral timbre is as pure and unadulterated as possible. To achieve this it is recommended that the accompaniment be played a good deal softer than indicated when initially playing the work through, and only later in the course of rehearsal to specifically ask for stronger playing where it is necessary.
