## **Politics And Economic Development In Nigeria:**

Politics And Economic Development In Nigeria Tom G. Forrest, 1995-11-06      Politics And Economic Development In Nigeria Tom Forrest, 2019-09-11 Since the end of civil war in 1970 Nigeria has struggled to build a stronger federal center and to reduce conflicts that have arisen from uneven development and from ethnic regional class and religious differences This book provides a comprehensive account of the dynamic interplay between the political and economic forces that have shaped government priorities and strategies in Africa's most populous country The author examines efforts to build a stronger federal centre to develop national policies to counter uneven development and to reduce conflicts that have arisen from ethnic regional class and religious differences A final section analyzes the evolution of economic policy and performance looking specifically at agrarian policy the programme of economic liberalization and the impact of oil revenues      *POLITICS AND ECONOMIC DEVELOPMENT IN NIGERIA* UPDATED EDITION Tom G. Forrest, 2019      **Political Conflict and Economic Change in Nigeria** Henry Bienen, 1985 First Published in 1985 Routledge is an imprint of Taylor Francis an informa company      Growing Apart Peter Lewis, 2007-04-17 The story of how oil and oil money transformed political life in two major producer nations      **Political Economy of Steel Development in Nigeria** Daniel A. Omoweh, 2005 This is a critical comparative analysis of the origin nature problems and prospects of steel development and industrialisation in Nigeria and South Korea Focusing on the steel sector this ground breaking book examines the interplay among the state local capital transnational corporations the World Bank and IMF The book examines how all these factors have come to shape the content and direction of steel development in these two countries      *Political Economy of Gender and Development in Africa* Bhabani Shankar Nayak, 2023-01-01 This book explores the issues and challenges of gender and development in Africa The current needs of women in Africa are connected with the possible future emancipation of women from institutions and processes that perpetuate poverty to overcome gendered development processes and patriarchal economic policies at work The role of legal political cultural religious and economic institutions in development are examined to highlight marginalisation within uneven development processes embedded with capitalism Broader development issues such as property rights food security accessibility of resources and environmental change are also discussed This book aims to reimagine African development from an issue based perspective that moves beyond gender stereotypes and narrow silo of patriarchal development The volume is relevant to students and researchers interested in the political economy development and feminist economics      *Financialisation, Capital Accumulation and Economic Development in Nigeria* Ejike Udeogu, 2018-11-30 The inadequacies of many past studies that have tried to highlight the causes of the persistent underdevelopment in developing countries such as Nigeria have been noted to derive mainly from the focus and in some cases the methodologies adopted by the researchers It has been suggested

that although many researchers recognize the inability to reproduce sufficient profit as undermining the capitalist accumulation process and as a result the development of an economy they have nevertheless often tended to ignore the importance of the political economic arrangement and historical factors in the formation of expectations about the rate of profit. Indeed in some cases they have failed to provide a substantive account of these critical variables. This book highlights how the inherent contradictions of the contemporary political economic arrangement and some historical factors undermined the peculiar capital accumulation processes in Nigeria which in turn has slowed economic development in the country. This book contributes to the field of Nigeria studies by filling gaps that exist in both theoretical and empirical literature on growth and development in the country deviating from the orthodox approach of analysing the nation's problems purely based on the factors internal to the country and by imposing ready-made theoretical logics on history. Rather it studies Nigeria's problems in juxtaposition with the world system and imposes historical evidence on theoretical logics. This book represents a good resource for both undergraduate and postgraduate courses on area studies. Researchers and policy makers will also find it useful as a reference.

**Infrastructure Development in Nigeria** Michael O Onolememen, Taylor & Francis Group, 2021-09-30  
This book examines the politics and economics of infrastructure development in Nigeria from Independence in 1960 up to 2015 and the role of good governance in promoting the socioeconomic wellbeing of citizens. Arguing for the need for transformational leadership in infrastructure development, the chapters examine policy issues and survey the various administrative, economic and social political reforms that have impacted infrastructure development in Nigeria. The author also discusses current national development plans and Vision 2020 challenges to infrastructure development including corruption and the future potential of a strong infrastructure network for the economy and citizens. Drawing upon his experience within government departments as well as existing models of leadership and governance, the author explores the role of infrastructure development in promoting the wellbeing and growth of Nigeria. Combining theory with practical examples of good governance, this book will be of interest for students and researchers of political science and infrastructure development in Africa.

**Governance and Economic Growth in Nigeria** Saidat Ilo, 2023-10-24  
Governance and Economic Growth in Nigeria: The Role of China and the U.S. between 2001-2011 examines why Nigeria experienced steady economic growth in GDP between 2001-2011. Saidat Ilo argues that improved governance as well as the perceived competition between China and the United States has impacted this growth. She analyzes this perceived rivalry and their policies closely. This book not only contributes to development theories by focusing and analyzing governance but it also goes a step further by filling a gap of contending theories which fail to consider the role governance plays in economic growth and progress particularly in the developing world. Through in-depth research, Saidat Ilo discovers how China and the United States foreign policies influence decisions on foreign aid and trade in Nigeria. She shows that there is a direct correlation between good governance and economic growth in Nigeria and provides policy recommendations based on this research.

Robert I. Rotberg, 2004 Considers the challenges that Nigeria's leadership now faces offering rich and sobering analyses of the current political and economic systems **The Political Constraints on Nigerian Economic Development Since the Independence**

Cajetan Iwunze, 2013-02 Since gaining its independence in 1960 Nigeria has never really existed as a unified nation but rather as scattered tribal sects that often fail to coexist with one another peacefully This uneasy alliance has led to civil war in the past and is responsible for the continuing conflict between Muslims and Christians that exists in Nigeria today Because of these deeply embedded political constraints Nigeria has also fallen behind in terms of economic development However Nigeria is not a nation without resources Many of Nigeria's conflicts are centered around oil As it stands currently Nigeria's wealth is concentrated in the hands of the ruling elite and little has been done to improve the situation of the poorest segments of the population But the prolonged and dismal situation in the Nigerian economy that serves as the inspiration behind *The Political Constraints on Nigerian Economic Development Since the Independence* is not without a potential solution Author Cajetan Iwunze intended this book as more than just a statement against the tribal nationalism and the economic bandits that continue to loot the country It also aims to suggest that if there is a solution it lies in reforming the country's institutions so that Nigeria's oil wealth can be used for the benefit of everyone Although he currently lives in the UK Cajetan Iwunze was born in eastern Nigeria Mr Iwunze is an international human rights campaigner writer and teacher who serves as the Director of Professional Tutors Ltd and the CEO of Dyswrite Ltd Publisher's website <http://sbpra.com/CajetanIwunze> **Nigeria in the Fourth Republic**

E. Ike Udogu, 2022-04-14 Nigeria is a bellwether in an enormous continent endowed with natural resources and human capital whose development and greatness have been marred by political instability since gaining home rule from Britain in 1960 The contemporary political economic and social quandaries that have stultified Nigeria's growth project flows from difficulties in cultivating patriotic leaders with pluck to enact efficacious policies that will catapult the country to greater heights developmentally Nigeria in the Fourth Republic *Confronting the Contemporary Political Economic and Social Dilemmas* edited by E Ike Udogu examines some of the vital issues responsible for the current political malaise and recommends strategies for exculpating the country from her current political quagmires The contributors to this book argue inter alia for the avoidance of false starts reminiscent of the military interventions that aborted the democracy project and advocates the enactment of effective policies to supersede decision

dictated by politics This volume proposes national healthcare strategies to address the country's healthcare needs and for dialogue to extinguish combustible inter religious conflicts The book recommends ways to assuage police highway malfeasance and explains why human rights observance is critical to further national cohesion while creating space for the subalterns to have their voices heard in discourses on how to advance peaceful coexistence **The Political Economy of Economic Growth in Africa, 1960-2000** B. J. Ndulu, 2008 Volume 2 of an analysis of the economic development of Sub Saharan Africa 1960 2000 Infrastructure Development in Nigeria Michael O. Onolememen, 2020-01-22 This book examines the politics and economics of infrastructure development in Nigeria from Independence in 1960 up to 2015 and the role of good governance in promoting the socioeconomic wellbeing of citizens Arguing for the need for transformational leadership in infrastructure development the chapters examine policy issues and survey the various administrative economic and social political reforms that have impacted infrastructure development in Nigeria The author also discusses current national development plans and Vision 20 2020 challenges to infrastructure development including corruption and the future potential of a strong infrastructure network for the economy and citizens Drawing upon his experience within government departments as well as existing models of leadership and governance the author explores the role of infrastructure development in promoting the wellbeing and growth of Nigeria Combining theory with practical examples of good governance this book will be of interest for students and researchers of political science and infrastructure development in Africa *Architecture and Politics in Nigeria* Nnamdi Elleh, 2016-12-08 In 1975 the Nigerian authorities decided to construct a new postcolonial capital called Abuja and together with several internationally renowned architects these military leaders collaborated to build a city for three million inhabitants Founded five years after the Civil War with Biafra which caused around 1.7 million deaths the city was envisaged as a place where justice would reign and where people from different social religious ethnic and political backgrounds would come together in a peaceful manner and work together to develop their country and its economy These were all laudable goals but they ironically mobilized certain forces from around the country in opposition against the Federal Government of Nigeria The international and modernist style architecture and the fact that the government spent tens of billions of dollars constructing this idealized capital ended up causing more strife and conflict For groups like Boko Haram a Nigerian Al Qaida affiliate organization and other smaller ethnic groups seeking to have a say in how the country's oil wealth is spent Abuja symbolized everything in Nigeria they sought to change By examining the creation of the modernist national public spaces of Abuja within a broader historical and global context this book looks at how the successes and the failures of these spaces have affected the citizens of the country and have in fact radicalized individuals with these spaces being scene of some of the most important political events and terrorist targets including bombings and protest rallies Although focusing on Nigeria's capital the study has a wider global implication in that it draws attention to how postcolonial countries that were formed at the turn of the twentieth century are continuously

fragmenting and remade by the emergence of new nation states like South Sudan      The Politics of Economic Regionalism  
David Francis, 2017-11-01 This title was first published in 2001 The primary objective of this book is to provide an analytical understanding of the nature dynamics and complexity of the politics of economic regionalism through the prism of Sierra Leone in the Economic Community of West African States ECOWAS The book also discusses the following issues the evolution of economic regionalism in West Africa and the conceptual framework for analysis the expansion of the economic regionalism developments within the West Africa sub region with that of the transformation of the global economy and international political system political economic and security developments within ECOWAS and the civil war in Sierra Leone
