Politics And Literature In The Reigns Of Henry Vii And Henry Viii

Michael Pincombe, Cathy Shrank

Politics And Literature In The Reigns Of Henry Vii And Henry Viii:

Politics and Literature in the Reigns of Henry VII and Henry VIII Alistair Fox, 1989-01-01 **The Reign of Henry VIII** Diarmaid MacCulloch, 1995-10-15 This collection of essays by leading scholars and researchers in early Tudor studies provides an up to date discussion of the politics policy and piety of Henry VIII s reign It explores such areas as the reform of central and local government foreign policy relations between leading politicians life at Court Henry s first divorce and the break with Rome literature and the government s exploitation of it and the growth of evangelical religion in Henry s England Particular consideration is given to the controversies which have arisen about the reign among modern historians and there is an effort to assess the personality of Henry himself *The Cambridge History of Medieval English Literature* David Wallace, 2002-04-25 This was the first full scale history of medieval English literature for nearly a century Thirty three distinguished contributors offer a collaborative account of literature composed or transmitted in England Wales Ireland and Scotland between the Norman conquest and the death of Henry VIII in 1547 The volume has five sections After the Norman Conquest Writing in the British Isles Institutional Productions After the Black Death and Before the Reformation It provides information on a vast range of literary texts and the conditions of their production and reception which will serve both specialists and general readers and also contains a chronology full bibliography and a detailed index This book offers an extensive and vibrant account of the medieval literatures so drastically reconfigured in Tudor England It will thus prove essential reading for scholars of the Renaissance as well as medievalists and for historians as well as literary specialists

The Oxford Handbook of Tudor Literature Michael Pincombe, Cathy Shrank, 2009-09-10 The literature of the entire Tudor period from the reign of Henry VII to death of Elizabeth I is covered by this volume It pays particular attention to the years before 1580 covering the establishment of print culture and growth of a reading public **Court Poetry in Late Medieval England and Scotland** Antony J. Hasler, 2011-03-10 This book explores the anxious and unstable relationship between court poetry and various forms of authority political and cultural in England and Scotland at the beginning of the sixteenth century Through poems by Skelton Dunbar Douglas Hawes Lyndsay and Barclay it examines the paths by which court poetry and its narrators seek multiple forms of legitimation from royal and institutional sources but also in the media of script and print The book is the first for some time to treat English and Scottish material of its period together and responds to European literary contexts the dialogue between vernacular and Latin matter and current critical theory In so doing it claims that public and occasional writing evokes a counter discourse in the secrecies and subversions of medieval love fictions The result is a poetry that queries and at times cancels the very authority to speak that it so proudly promotes **A Companion to Tudor Literature** Kent Cartwright, 2010-01-21 A Companion to Tudor Literature presents a collection of thirty one newly commissioned essays focusing on English literature and culture from the reign of Henry VII in 1485 to the death of Elizabeth I in 1603 Presents students with a valuable historical and cultural context to the period Discusses key texts and

representative subjects and explores issues including international influences religious change travel and New World discoveries women s writing technological innovations medievalism print culture and developments in music and in modes of seeing and reading **Royal Justice and the Making of the Tudor Commonwealth, 1485-1547** Laura

Flannigan,2023-11-16 The dawn of the Tudor regime is one of most recognisable periods of English history Yet the focus on its monarchs private lives and ministers constitutional reforms creates the impression that this age s major developments were isolated to halls of power far removed from the wider populace This book presents a more holistic vision of politics and society in late medieval and early modern England Delving into the rich but little studied archive of the royal Court of Requests it reconstructs collaborations between sovereigns and subjects on the formulation of an important governmental ideal justice Examining the institutional and social dimensions of this point of contact this study places ordinary people their knowledge and demands at the heart of a judicial revolution unfolding within the governments of Henry VII and Henry VIII Yet it also demonstrates that directing extraordinary royal justice into ordinary procedures created as many problems as it solved **Common** Neil Rhodes,2018 A study of the development of literary culture in sixteenth century England that explores the relationship between the Reformation and literary renaissance of the Elizabethan period through the exploration of the theme of the common

A Critical Companion to John Skelton Sebastian I. Sobceki,V. J. Scattergood,2018 Introduces Skelton and his work to readers unfamiliar with the poet gathers together the vibrant strands of existing research and opens up new avenues for future studies The Italian Encounter with Tudor England Michael Wyatt,2005-12-01 The small but influential community of Italians that took shape in England in the fifteenth century initially consisted of

ecclesiastics humanists merchants bankers and artists However in the wake of the English Reformation Italian Protestants joined other continental religious refugees in finding Tudor England to be a hospitable and productive haven and they brought with them a cultural perspective informed by the ascendancy among European elites of their vernacular language This study maintains that questions of language are at the centre of the circulation of ideas in the early modern period Wyatt first examines the agency of this shifting community of immigrant Italians in the transmission of Italy s cultural patrimony and its impact on the nascent English nation Part Two turns to the exemplary career of John Florio the Italo Englishman who worked as a language teacher lexicographer and translator in Elizabethan and Jacobean England **Late-Medieval Prison**

Writing and the Politics of Autobiography Joanna Summers,2004-07 Publisher description **The Reign of Elizabeth I**

John Alexander Guy,1995-09-07 This book is about the politics and political culture of the last decade of the reign of Elizabeth I in effect the years 1585 to 1603 It argues that this period was so distinctive that it amounted to the second of two reigns It also invites readers at times provocatively to take a critical look at the declining Virgin Queen Many teachers and their students have failed to consider the last decade in its own right or have ignored it having begun their accounts in 1558 and struggled on to the defeat of the Armada in 1588 Only two major political surveys have been attempted since 1926 Both

consider mainly the war with Spain and the politics of war and each allots inadequate space to Crown patronage puritanism and religion society and the economy political thought and literature and drama This book written by some of the leading scholars of their generation will be indispensable to a fuller understanding of the age **Poets and Power from Chaucer to Wyatt** Robert J. Meyer-Lee, 2007-01-18 In the early fifteenth century English poets responded to a changed climate of patronage instituted by Henry IV and successor monarchs by inventing a new tradition of public and elite poetry Following Chaucer and others Hoccleve and Lydgate brought to English verse a style and subject matter writing about their King nation and themselves and their innovations influenced a continuous line of poets running through and beyond Wyatt A crucial aspect of this tradition is its development of ideas and practices associated with the role of poet laureate Robert J Meyer Lee examines the nature and significance of this tradition as it developed from the fourteenth century to Tudor times tracing its evolution from one author to the next This study illuminates the relationships between poets and political power and makes plain the tremendous impact this verse has had on the shape of English literary culture **The Penguin Book of Renaissance Verse** H. Woudhuysen, 2005-05-26 The era between the accession of Henry VIII and the crisis of the English republic in 1659 formed one of the most fertile epochs in world literature This anthology offers a broad selection of its poetry and includes a wide range of works by the great poets of the age notably Sir Philip Sidney Edmund Spenser John Donne William Shakespeare and John Milton Poems by less well known writers also feature prominently among them significant female poets such as Lady Mary Wroth and Katherine Philips Compelling and exhilarating this landmark collection illuminates a time of astonishing innovation imagination and diversity Pamphlets and Pamphleteering in Early Modern Britain Joad Raymond, 2003 By the end of the seventeenth century the most effective means of persuasion and communication was the pamphlet which created influential moral and political communities of readers and thus formed a public sphere of popular political opinion This book is a unique history of the printed pamphlet in sixteenth and seventeenth century Britain and traces its rise as an imaginative and often eloquent literary form Using a long term perspective and a broad range of historical bibliographical and textual evidence the book sketches a complex definition of a pamphlet showing the coherence of the literary form the diversity of genres and imaginative devices employed by pamphleteers and it explores readers relationship with pamphlets and how both influenced politics Individual chapters examine topics such as Elizabethan religious controversy the book trade the distribution of books and pamphlets pamphleteering in the English Civil War women and gender and print in the Restoration **Transactions of the Royal Historical Society: Volume 8** Royal Historical Society, 1999-02-04 Volume 8 of The Royal Historical Society Transactions contains essays based around the theme identities and empires The New Annual Register, Or General Repository of History, Politics, and Literature , 1797 **Shakespeare Studies** Leeds Barroll, 1998-02-15 This volume includes the Forum Race and the Study of Shakespeare and a related essay Hottentot The Emergence of an Early Modern Racist Epithet Other articles discuss the works of Robert Weimann recent

studies in early modern sexuality and concepts of virginity **The Routledge Companion to the Tudor Age** Rosemary O'Day, 2012-07-26 This new Companion is an invaluable guide to one of the most colourful periods in history Covering everything from the Reformation controversies over the succession and the prayer book to literature the family and education this highly accessible reference tool contains commentary on the key events in the reigns of the five Tudor monarchs from Henry VII to Elizabeth I Opening with a general introduction it includes a wealth of chronologies biographies statistics and maps as well as a glossary and a guide to the key works in the field Topics covered include The establishment of the Tudor dynasty monarchs and their consorts rebellions against the Tudors The legal system central and ecclesiastical courts Government central and local the Monarchy and Parliament The Church structure and changes throughout this tumultuous period Ireland timeline of key events Population numbers and distribution The World of Learning education literature religion The key debates in the field This book will be essential reading for all those with an interest in the Tudor Age *Between Utopia and Dystopia* Hanan Yoran, 2010-04-19 The figure of the intellectual looms large in modern history and yet his or her social place has always been full of ambiguity and ironies *Between Utopia and Dystopia* is a study of the movement that created the identity of the universal intellectual Erasmian humanism Focusing on the writings of Erasmus and Thomas More Hanan Yoran argues that in contrast to other groups of humanists Erasmus and the circle gathered around him generated the social space the Erasmian Republic of Letters that allowed them a considerable measure of independence The identity of the autonomous intellectual enabled the Erasmian humanists to criticize established customs and institutions and to elaborate a reform program for Christendom At the same time however the very notion of the universal intellectual presented a problem for the discourse of Erasmian humanism itself It distanced the Erasmian humanists from concrete public activity and as such clashed with their commitment to the ideal of an active life Furthermore citizenship in the Republic of Letters threatened to lock the Erasmian humanists into a disembodied intellectual sphere thus undermining their convictions concerning intellectual activity and the production of knowledge *Between Utopia and Dystopia* will be of interest to scholars and students interested in Renaissance humanism early modern intellectual and cultural history and political thought It also has much to contribute to debates over the identity social place and historical role of intellectuals
