Politics Of Chaos Canada In The Thirties:

The Politics of Chaos H. Blair Neatby, 1972-01-01 The Politics of Chaos H. Blair Neatby, 2003-09-01 This book describes the variety of responses to the problems of the Great Depression and helps clarify some of the social issues prevalent in the 1930s *A History of Migration from Germany to Canada, 1850-1939* Jonathan Wagner, 2011-11-01 Human migration figures prominently in modern world history and has played a pivotal role in shaping the Canadian national state Yet while much has been written about Canada's multicultural heritage little attention has been paid to German migrants although they compose Canada's third largest European ethnic minority *A History of Migration from Germany to Canada 1850-1939* addresses that gap in the record Jonathan Wagner considers why Germans left their home country why they chose to settle in Canada who assisted their passage and how they crossed the ocean to their new home as well as how the Canadian government perceived and solicited them as immigrants He examines the German context as closely as developments in Canada offering a new more complete approach to German Canadian immigration This book will appeal to students of German Canadiana as well as to those interested in Canadian ethnic history and European and modern international migration **Federalism in Canada** Thomas O. Hueglin, 2021-04-07 Federalism in Canada tells the turbulent story of shared sovereignty and divided governance from Confederation to the present time with three main objectives in mind The first objective is to convince readers that federalism is the primary animating force in Canadian politics and that it is therefore worth engaging with its complex nature and dynamic The second objective is to bring into closer focus the contested concepts about the meaning and operation of federalism that are at the root of the divide between English Canada and Quebec in particular The third objective is to give recognition to the trajectory of Canada's Indigenous peoples in the context of Canadian federalism from years of abusive neglect to belated efforts of inclusion The book focuses on the constitution with its ambiguous allocation of divided powers the pivotal role of the courts in balancing these powers and the political leaders whose interactions oscillate between intergovernmental conflict and cooperation This focus on executive leadership and judicial supervision is framed by considerations of Canada's regionalized political economy and cultural diversity giving students a compelling and nuanced view of federalism in Canada **According to Baba** Stacey Zembrzycki, 2014-03-05 As a child Stacey Zembrzycki listened to her baba's stories about Sudbury's small but polarized Ukrainian community and about what it was like growing up ethnic during the Depression According to Baba discloses with honesty and respect what happened when Stacey tried to capture the community's experiences through oral history research Baba looms large in the narrative wrestling authority in the interview process away from her granddaughter and then eventually coming to share it Together the two women lay the groundwork not only for an insightful and deeply personal social history of Sudbury's Ukrainian community but also for truly collaborative oral history research and writing

Revivalists Kevin Kee, 2006-06-26 In Canada the latter half of the nineteenth century marked a profound break with the

settler past and the beginning of an age of commercialization Kevin Kee shows how Protestant evangelists used theatre film and jazz to make religion personally relevant to their audiences Revivalists Kevin Bradley Kee,2006 How prominent Canadian revivalists used commerce and entertainment to advance their Christian causes Transforming the Prairies Shannon Stunden Bower,2024-11-01 Transforming the Prairies proposes a new understanding of Canada s Prairie Farm Rehabilitation Administration PFRA complicating common views of the agency as a model of effective government environmental management Between 1935 and 2009 the PFRA promoted agricultural rehabilitation in and beyond the Canadian Prairies with mixed and equivocal results The promotion of strip farming as a soil conservation technique for example left crops susceptible to sawfly infestations The PFRA s involvement in irrigation development in Ghana increased the local population s vulnerability to various illnesses And PFRA infrastructure construction intended to serve the public good failed to account for the interests of affected Indigenous peoples The PFRA is revealed as being a high modernist state agency that produced varied environmental outcomes and that contributed to consolidating colonialism and racism This investigation affirms the importance of engaging historical perspectives to help ensure that contemporary environmental management efforts support more just and sustainable futures Canada 2015-2016 Wayne C. Art of Sharing Mary Janigan, 2020-07-23 In 1957 after a century of scathing debates and threats of provincial separation Ottawa finally tackled the dangerous fiscal inequalities among its richer and poorer provinces Equalization grants allowed the poorer provinces to provide relatively equal services for relatively equal levels of taxation The Art of Sharing tells the dramatic history of Canada's efforts to save itself The introduction of federal equalization grants was controversial and wealthier provinces such as Alberta wanting to keep more of their taxpayers money for their own governments continue to attack them today Mary Janigan argues that the elusive ideal of fiscal equity in spite of dissent from richer provinces has helped preserve Canada as a united nation Janigan goes back to Confederation to trace the escalating tensions among the provinces across decades as voters demanded more services to survive in a changing world She also uncovers the continuing contacts between Canada and Australia as both dominions struggled to placate disgruntled member states and provinces that blamed the very act of federation for their woes By the mid twentieth century trapped between the demands of social activists and Quebec's insistence on its right to run its own social programs Ottawa adopted non conditional grants in compromise The history of equalization in Canada has never been fully explored Introducing the

idealistic Canadians who fought for equity along with their radically different proposals to achieve it *The Art of Sharing* makes the case that a willingness to share financial resources is the real tie that has bound the federation together into the twenty first century

Writing Unemployment Jody Mason, 2013-01-01 This landmark study explores the cultural and literary history of unemployment in Canada from the 1920s to the 1970s which were crucial decades in the formation of our current conception of Canada as a nation *Writing Unemployment* asks how writers with diverse political affiliations participated in and protested against the discursive framing of unemployment It argues that Depression era conceptions of unemployment shaped later twentieth century understandings of both worklessness and citizenship By examining novels short stories poetry manifestos and agitprop Jody Mason situates the literary history of the cultural left in a broader context challenges the dominant literary historical narrative of the pioneer settler and contributes to new scholarship on Canada's modern period By bridging close textual readings with book and publishing history economic and sociological analysis and original archival research *Writing Unemployment* offers new ideas on work by many of Canada's most important writers

The Great Depression Pierre Berton, 2012-02-21 Over 1.5 million Canadians were on relief one in five was a public dependant and 70 000 young men travelled like hoboes Ordinary citizens were rioting in the streets but their demonstrations met with indifference and dissidents were jailed Canada emerged from the Great Depression a different nation The most searing decade in Canada's history began with the stock market crash of 1929 and ended with the Second World War With formidable story telling powers Berton reconstructs its engrossing events vividly the Regina Riot the Great Birth Control Trial the black blizzards of the dust bowl and the rise of Social Credit The extraordinary cast of characters includes Prime Minister Mackenzie King who praised Hitler and Mussolini but thought Winston Churchill one of the most dangerous men I have ever known Maurice Duplessis who padlocked the homes of private citizens for their political opinions and Tim Buck the Communist leader who narrowly escaped murder in Kingston Penitentiary In this 1 best selling book Berton proves that Canada's political leaders failed to take the bold steps necessary to deal with the mass unemployment drought and despair A child of the era he writes passionately of people starving in the midst of plenty

Respectable Citizens Lara A. Campbell, 2009-10-21 High unemployment rates humiliating relief policy and the spectre of eviction characterized the experiences of many Ontario families in the Great Depression *Respectable Citizens* is an examination of the material difficulties and survival strategies of families facing poverty and unemployment and an analysis of how collective action and protest redefined the meanings of welfare and citizenship in the 1930s Lara Campbell draws on diverse sources including newspapers family and juvenile court records premiers papers memoirs and oral histories to uncover the ways in which the material workings of the family and the discursive category of respectable citizenship were invested with gendered obligations and Anglo British identity *Respectable Citizens* demonstrates how women and men represented themselves as entitled to make specific claims on the state shedding new light on the cooperative and conflicting relationships between men

and women parents and children and citizen and state in 1930s Canada The Origins of Canadian and American Political Differences Jason Kaufman,2009-02-16 Why do the United States and Canada have such divergent political cultures when they share one of the closest economic and cultural relationships in the world Kaufman examines the North American political landscape to draw out the essential historical factors that underlie the countries differences Breadwinning Daughters Katrina Srigley,2010-01-02 As one of the most difficult periods of the twentieth century the Great Depression left few Canadians untouched Using more than eighty interviews with women who lived and worked in Toronto in the 1930s Breadwinning Daughters examines the consequences of these years for women in their homes and workplaces and in the city s court rooms and dance halls In this insightful account Katrina Srigley argues that young women were central to the labour market and family economies of Depression era Toronto Oral histories give voice to women from a range of cultural and economic backgrounds and challenge readers to consider how factors such as race gender class and marital status shaped women s lives and influenced their job options family arrangements and leisure activities Breadwinning Daughters brings to light previously forgotten and unstudied experiences and illustrates how women found various ways to negotiate the burdens and joys of the 1930s **Great Depression** Veronica B. Wilkins,2020 Learn about the causes main events key players and lasting impacts of the Great Depression **The Twentieth Century** Judith Margaret Brown,1999 This text looks at the growth of vibrant often new national identities movements and new nation states that reshape the political map of the late 20th century world
