The Politics of Antagonism Brendan O'Leary, John McGarry, 2016-10-06 Written during the Northern Ireland peace process and just before the Good Friday Agreement The Politics of Antagonism sets out to answer questions such as why successive British Governments failed to reach a power sharing settlement in Northern Ireland and what progress has been made with the Anglo Irish Agreement O Leary and McGarry assess these topics in the light of past historical and social science scholarship in interviews of key politicians and in an examination of political violence since 1969 The result is a book which points to feasible strategies for a democratic settlement in the Northern Ireland question and which allows today s scholars and students to analyse approaches to Northern Ireland from the perspective of the recent past Government and Politics of Northern Ireland Paul Arthur, 1980

Politics In Northern Ireland Rick Wilford, 2018-02-02 Despite the staggering number of books related to the Northern Ireland political arena most of the literature concentrates on only a few dimensions of the conflict and especially on constitutional policy and the on going search for a resolution of the antagonisms This original textbook the first of its kind serves as a comprehensive examination of the subject by exploring these topics and other important dimensions of politics which have been overlooked and undervalued Politics in Northern Ireland is written by a team of distinguished academics drawn from both within and outside Northern Ireland It adopts the analytic tools of political science and brings a comparative perspective to bear on the politics of Northern Ireland Early chapters examine the historic sources of conflict analyze the period since the outbreak of the modern troubles and discuss the differences between the communities The book then examines the nature of parties elections and elective assemblies before focusing on policy matters such as fair employment policing and gender In the concluding chapter contributors consider relations with the Republic of Ireland and discuss events as current as today s headlines including the historic breakthrough in negotiations the referendums and the Assembly elections The result is a well rounded core text designed for the classroom as well as for those interested in learning more about different facets of politics in Northern Ireland

Breathing the Same Air Abigail Stahl McNamee Ed.D. Ph.D., 2014-08-05 The common goal of integrated education in Northern Ireland is to bring Protestant and Catholic children together in schools in an attempt to foster an atmosphere of mutual understanding and respect These integrated schools stress what the divided communities have in common rather than what divides them They remain however a small percentage of Northern Ireland s schools There are many stories of the long discord in Northern Ireland between the Protestant and Catholic communities Breathing the Same Air Children Schools and Politics in Northern Ireland focuses on the stories of the integrated education movement the context in which it began and continues to develop and an American researcher s experience as she learned of these stories Dr Abigail Stahl McNamee is an American educator who went to Northern Ireland for many years to write about the stories of the integrated education movement She asks What families and school personnel have participated in the movement What risks have they taken to do so What church personnel and politicians have supported it What do the children who attend an integrated school and those who attend the State Protestant and Catholic schools in the same community understand about the uniqueness of the school that they attend Do their friendship patterns extend beyond their own school to the other schools in their community How has the integrated education movement changed over the years How can this movement resonate with Americans

Identity, Ideology and Conflict John Daniel Cash, 1996-08-22 Ideologies and identities are central to the organisation of political life and political conflict yet most empirical studies tend to obscure their significance This failure to take the politics of identity seriously arises from an absence of adequate theory and method This 1996 study

draws on both social theory and psychological especially psychoanalytic theory in an attempt to overcome these lacunae First it develops a novel theory and method for the analysis of ideology and identity Second it develops a detailed analysis of the politics of identity in Northern Ireland through focusing upon Unionist ideology and Unionist identities in crisis The political conflict within Unionism is analysed through a consideration of the variety of unconscious rules drawn upon by political actors and citizens in the making of Northern Ireland s history of the late 1980s *Peace Without Consensus* Dr Mary-Alice C Clancy,2013-03-28 *Peace Without Consensus* demonstrates that the rise of Sinn F in and the Democratic Unionist Party DUP was not inevitable Rather it argues that critics who blame Northern Ireland s power sharing institutions for the electoral triumph of the political extremes in 2003 have not fully considered how the US British and Irish governments contributed to this outcome Through interviews with key US British and Irish officials this groundbreaking analysis which represents the first examination of the Bush administration s vital role in the peace process demonstrates that Washington and Dublin were considering a deal between the DUP and Sinn F in as early as 2002 Profiled in the Guardian the Observer BBC Radio Four the Irish Independent and in Henry McDonald s Gunsmoke and Mirrors Mary Alice C Clancy s theoretically informed and empirically grounded book presents new and salient lessons for other regions embroiled in conflict and should be read by all those interested in Northern Ireland s peace process and US foreign policy Politics in the Streets Bob Purdie,1990 Government and Politics of Northern Ireland Margery McMahon,2002 This title is targeted at the AS module The Government and Politics of Northern Ireland it can also be used for the A2 modules It covers political development the current political structure the role of the Irish Republic and the responses of political parties to devolved government

The Politics of Conflict and Transformation Gladys Ganiel,David Mitchell,2021-11-24 This book contains original research on conflict peacebuilding and the current state of identities and relationships in relation to the Northern Ireland conflict It accesses the state of national identity politics in Northern Ireland a generation after the 1998 Agreement as well as the impact and meaning of Brexit It considers feminist and faith based peace activism during the Troubles and expressions of Irish national identity It also includes revealing comparative case studies Protestant Catholic conflict elsewhere in Europe and nationalism in the Balkans The Politics of Conflict and Transformation The Island of Ireland in Comparative Perspective arises from a conference celebrating the work of Jennifer Todd Professor in the School of Politics and International Relations at University College Dublin who has been one of the most influential scholars of her generation Her research has examined conflict and transformation in Ireland from the level of grassroots identities to geopolitical forces She has placed contemporary crises in the peace process in the context of patterns of conflict and change over centuries She has both expounded the rich detail of the Northern Ireland and Irish British conflicts and placed them in their regional and global contexts Written by some of the leading scholars on peace and conflict in Ireland the chapters in this edited volume build on Todd s work and are a testament to the thematic and methodological breadth and depth of her output This book will be of

The EU and Territorial Politics Within Member States Angela K. Bourne, 2004 The EU and Territorial Politics Within Member States draws on case studies from Germany Belgium Spain the United Kingdom Cyprus Ireland and Italy to address the question Does the European Union create new conflicts among territorial entities within member states or provide new avenues for the resolution of conflicts between them

Politics in Ireland Maura Adshead, Jonathan Tonge, 2009-04-21 Politics in Ireland is the first major text to provide an accessible and systematic analysis of the politics of Ireland North as well as South With the development of a new Northern Irish political system and increasing links across the island the authors argue that the time is ripe to study together the two polities which share so much of a common history but which have had very different evolutions through the 20th century Drawing upon an exceptionally wide range of sources and their own original research the authors deploy a thematic approach to the study of political institutions political behaviour and public policy in both the Republic and Northern Ireland in order to produce a detailed but highly readable assessment of governance and politics in both political systems This approach enables them both to outline the differences and similarities between the polities and to explain how they relate to the wider world in particular to the UK and to Europe

The Europeanization of Party Politics in Ireland, North and South Katy Hayward, Mary Murphy, 2013-10-31 Ireland's relationship with the European Union has been determined by the behaviour actions and discourse of political parties This book examines this impact through an in depth analysis of the Europeanization of party politics in the Republic of Ireland and Northern Ireland First it presents original research on cross cutting issues that have featured in political debates about European integration including referendum campaigns on EU treaties Irish neutrality and party policy positions on the EU Secondly it is the first book of its kind to examine in detail how each of the main parties on the island of Ireland has adapted to EU membership In doing so it both tests the thesis of Europeanization and deepens understanding of the impact that EU membership can have on national and sub national party politics What this study reveals is that while Europeanization is clearly evident in all parties in Ireland including those most critical of European integration its influence has been strictly curtailed We argue that the effects of Europeanization in Irish party politics have been limited by enduring resistance to and conditions placed upon EU influence in particular policy areas the importance of pragmatism and sub national priorities in shaping parties approaches to European integration and the fact that engagement with the EU continues to be a predominantly elite led process This book was published as a special issue of Irish Political Studies

Politics and Performance in Contemporary Northern Ireland American Conference for Irish Studies, 1999 In this interdisciplinary volume scholars from Northern Ireland the United States Canada and England examine the junctures of politics and performance in contemporary Northern Ireland Four of the chapters are about performances

that are intended primarily for live theater or television The remaining five describe dramatic struggles played out in the pubs and drinking clubs of Protestant Ulster local district councils political organizations the police force and even the memories of young people Symbolic struggle is particularly important during the current period of fragile cease fires and brokered agreements in Northern Ireland With the diminution of paramilitary action more attention now focuses on symbolic performances Each of the nine essays in this book tells us in its own distinct voice how the story of political conflict is constructed manipulated portrayed and remembered By juxtaposing essays on theatrical performance alongside social scientific analyses the editors remind us of the reflexivity of political life in Northern Ireland Taken together the essays show how individuals have been shaped by the historical context of the Troubles and how they have used their performances in the theater and on the stage of daily life to define identities reinforce ideologies and build institutional support Publisher description British Politics in Transition Edward McChesney Sait, David Prescott Barrows, David P.
