## **Politics Of Primary Education:**

**The Politics of Primary Education** Cedric Cullingford, 1997 Topics include the effects of pre school and early childhood education the influence of government policies teaching styles the uses and abuses of assessment governors and management styles and the changes primary schools must make

**Politics and the Primary Teacher** Peter Cunningham, 2011-12-15 Why is primary education so high on the political agenda and so contentious Why is the performance of primary schools so often in the media spotlight Why should primary teachers trouble themselves with the politics of their work Politics and the Primary Teacher is an accessible introduction to some of the thorniest aspects of a primary teacher's role It aims to support your understanding of the constant changes in education policy give you confidence to engage critically with current political debates and consider how you might shape your response accordingly Including questions for reflection and selected further reading and resources it examines the complex interface between the work of a teacher and the world beyond the classroom walls Key issues explored include assessment testing league tables and national accountability measures the media's impact in shaping both local and national views about education political implications of new policies such as academies and free schools conditions of work in the classroom and workforce remodelling the curriculum its purposes and structure pedagogy and teaching methods education for citizenship health and well being Politics and the Primary Teacher is essential reading for all education professionals who want to think more deeply about primary education what it offers and how children families and communities are served by the primary school

**Politics and the Primary Teacher** Peter Cunningham, 2012 Why is primary education so high on the political agenda and so contentious Why should busy teachers trouble themselves with the politics of the work This accessible introduction to one of the thorniest aspects of a primary teacher's role aims to support your understanding of the constant changes in education policy give you confidence to engage critically with current political debates and consider how you might shape your practice accordingly

**The Politics of Education in Developing Countries** Samuel Hickey, Naomi Hossain, 2019 This book focuses on how politics shapes the capacity and commitment of elites to tackle the learning crisis in six developing countries It deploys a new conceptual framework to show how the type of political settlement shapes the level of elite commitment and state capacity to improving learning outcomes

**The Politics of Educational Reform in Ghana** Maxwell A. Aziabah, 2018-07-09 This book comprises six main chapters and addresses the core research question How can the endurance of academic bias in Ghana's secondary education system be explained in the context of educational reform versus change of government concurrence Six sub questions have subsequently been derived from the core research question enabling a comprehensive and rigorous treatment of the subject matter of investigation The manuscript adopts an historical institutionalism approach combining path dependency with partisan theory in explicating structural persistence in the secondary school system in Ghana A case study methodological design procedure has been employed in the investigation of

three episodes of educational reform anchored on qualitative content analysis as the main data reduction mechanism      The Politics of Australian Child Care Deborah Brennan,1998-04-06 This revised edition is a political history of child care in Australia from the 1890s to the late 1990s      **Routledge Handbook of African Politics** Nic Cheeseman,David Anderson,Andrea Scheibler,2017-07-05 Providing a comprehensive and cutting edge examination of this important continent Routledge Handbook of African Politics surveys the key debates and controversies dealing with each of the major issues to be found in Africa s politics today Structured into 6 broad areas the handbook features over 30 contributions focused around The State Identity Conflict Democracy and Electoral Politics Political Economy Development International Relations Each chapter deals with a specific topic providing an overview of the main arguments and theories and explaining the empirical evidence that they are based on drawing on high profile cases such as the Democratic Republic of Congo Kenya Nigeria Somalia South Africa Rwanda and Zimbabwe The Handbook also contains new contributions on a wide range of topical issues including terrorism the growing influence of China civil war and transitional justice making it required reading for non specialists and experts alike Featuring both established scholars and emerging researchers this is a vital resource for all students of African Studies democratization conflict resolution and Third World politics      *Politics and Education* R. Murray Thomas,2016-01-22 *Politics and Education* Cases from eleven nations tackles the relationship between politics and education The book presents several dimensions of the politics education relationship such as the use of education in achieving political agendas and the effects of the interest of a political group on educational policy The book present cases from 11 different countries that show the interaction between education and politics such as the use of educational policy as a compensatory legitimization in West Germany the educational opportunity under pre and post revolutionary condition in Nicaragua and the education and the maintenance of the social class system in Jamaica The text will be of great interest to readers concerned with the implication of political agendas for the education system of a country      **The Politics of Aid Selectivity** Wil Hout,2007-06-28 The first extended analysis of selectivity policies of important bilateral and multilateral aid donors this book combines a policy analytical with a quantitative empirical approach Bringing out the conflicts that may exist between foreign assistance agendas and the desire of governments in developing countries to set priorities for their national development policies the author describes in detail the policies of aid selectivity adopted by the World Bank the Netherlands and the United States since the end of the 1990s including the underlying assumptions looks at key decisions related to a selection of developing countries compares policy making and different approaches to selectivity in the United Kingdom with those in developing countries Critical and analytical in style this book is among other areas an invaluable resource for students of various sub fields of development studies and policy analysis as well as appealing to researchers and policy makers working in the area of foreign assistance across the globe      **Population, Gender and Politics** Roger Jeffery,Patricia Jeffery,1997-07-13 Roger and Patricia Jeffery are well known for their work on religion and gender in South Asia In their

latest book a study of the demographic processes of two castes in rural north India they ask why fertility levels are higher among the Muslim Sheikhs than the Hindu Jats They conclude that explanations can only partially be attributed to gender relationships and religion and it is the economic and political interests of both groups which are the defining factors Their marginal economic position provides little incentive for the Sheikhs to raise small families while the Jats who are locally dominant are encouraged to use birth control and educate their children The authors go on to demonstrate the significance of this analysis for a wider understanding of the problems of population and politics in India generally The book will be invaluable for students of South Asia and for anyone interested in the demography of developing countries *Gender and Social Equity in Primary Education* Vimala Ramachandran, 2004-08-19 In recent years India has made impressive strides in increasing literacy rates and in enabling access to education The country now seems well set to provide universal and good quality basic education Yet behind this otherwise rosy picture lie serious concerns relating primarily to gender and equity This volume provides an insightful understanding of the ground realities of primary education programmes particularly those run by the District Primary Education Programme DPEP Combining secondary research with field studies conducted in six states the contributors explore gender and social equity issues in primary education They conclude that there is a subtle but nevertheless discernible hierarchy of access to education which has resulted in new forms of segregation in primary schools
