Politics Of Small Things The Power Of The Powerless In Dark Times:

The Politics of Small Things Jeffrey C. Goldfarb, 2007-11 Political change doesn't always begin with a bang it often starts with just a whisper From the discussions around kitchen tables that led to the dismantling of the Soviet bloc to the more recent emergence of Internet initiatives like MoveOn.org and Redeem the Vote that are revolutionizing the American political landscape consequential political life develops in small spaces where dialogue generates political power In *The Politics of Small Things* Jeffrey Goldfarb provides an innovative way for understanding politics a way of appreciating the significance of politics at the micro level by comparatively analyzing key turning points and institutions in recent history He presents a sociology of human interactions that lead from small to large dissent around the old Soviet bloc life on the streets in Warsaw Prague and Bucharest in 1989 the network of terror that spawned 9/11 and the religious and Internet mobilizations that transformed the 2004 presidential election to name a few In such pivotal moments he masterfully shows political autonomy can be generated presenting alternatives to the big politics of the global stage and the dominant narratives of terrorism antiterrorism and globalization

The Emancipatory Power of the Body in Everyday Life Leszek Koczanowicz, 2023-11-17 The COVID-19 pandemic has powerfully highlighted the tight knot of bodilyness and politics This relationship lies at the heart of this book The author explores how events in everyday life take on a deeply political dimension and how the body becomes a site of political practice Subject to regulation the body functions as a vehicle of oppressive social influences and has been studied as such by philosophers within the framework of biopolitics However the body is also a locus of resistance and rebellion against the entrenched rules a quality which the author refers to as somapower The revolt of the body usually begins and develops beyond political spaces in emancipatory cultural niches which may gradually accrue political resonance While this microphysics of emancipation with its potential for remodeling political life is particularly important in authoritarian and totalitarian regimes it is also a relevant force in democracies where it may

foster social change *Street Art and Democracy in Latin America* Olivier Dabène,2019-09-24 This book explores street art's contributions to democracy in Latin America through a comparative study of five cities Bogota Colombia São Paulo Brazil Valparaíso Chile Oaxaca Mexico and Havana Cuba The author argues that when artists invade public space for the sake of disseminating rage claims or statements they behave as urban citizens who try to raise public awareness nurture public debates and hold authorities accountable Street art also reveals how public space is governed When local authorities try to contain regulate or repress public space invasions they can achieve their goals democratically if they dialogue with the artists and try to reach a consensus inspired by a conception of the city as a commons Under specific conditions the book argues street level democracy and collaborative governance can overlap prompting a democratization of democracy *The Chernobyl Effect* Tomasz Borewicz,Kacper Szulecki,Janusz Waluszko,2022-09-13 The 1986 Chernobyl catastrophe was not only a human and ecological disaster but also a political ideological one severely discrediting Soviet governance and galvanizing dissidents in the Eastern Bloc In the case of Poland what began as isolated protests against the Soviet nuclear site grew to encompass domestic nuclear projects in general and in the process spread across the country and attracted new segments of society This innovative study combining scholarly analysis with oral histories and other accounts from participants traces the growth and development of the Polish anti nuclear movement showing how it exemplified the broader generational and cultural changes in the nation's opposition movements during the waning days of the state socialist era

Global Perspectives on Digital Literature Torsa Ghosal,2023-06-22 *Global Perspectives on Digital Literature* A Critical Introduction for the Twenty First Century explores how digital literary forms shape and are shaped by aesthetic and political exchanges happening across languages and nations The book understands global as a mode of comparative thinking and argues for considering various forms of digital literature the popular the avant garde and the participatory as realizing and producing global thought in the twenty first century Attending to issues of both political and aesthetic representation the book includes a diverse group of contributors and a wide ranging corpus of texts composed in a variety of languages and regions including East and South Asia parts of Europe Latin America North America Australia and Western Africa The book's contributors adopt an array of interpretive approaches to make visible new connections and possibilities engendered by cross cultural encounters Among other topics they reflect on the shifting conditions for production and distribution of literature participatory cultures and technological affordances of Web 2.0 the ever changing dynamics of global and local forces and fundamental questions such as What do we mean when we talk about literature today and What is the future of literature

Constructive Resistance in Somali History Ebba Tellander,2025-10-21 In the 1980s the arrests of a group of teachers doctors and other professionals triggered a wave of protests the first open resistance against Siad Barre's regime in northern Somalia helping to pave the way for Somaliland's self declaration in 1991 This book provides an extensive analysis of that transformative moment drawing on over 100 oral histories and archival materials including trial protocols and political

poetry This fascinating case study demonstrates how resistance that is constructive non violent and caring can spark collective action and change In 1981 1982 in northern Somalia doctors teachers and other professionals came together to restore a hospital and to volunteer in schools as acts of resistance towards state oppression Their arrest sparked the first open street protests against Siad Barre s dictatorship It is an inspiring story in which collective acts of care and community mobilization ultimately led to societal change in an oppressive setting in a region more known for its violence and fragmentation The book takes the case further by combining theories in innovative ways providing a compelling account of political socialization and non violent civil resistance in repressive settings Richly supported with 19 illustrations this important case study will be of interest to researchers working on African history or politics and resistance studies more broadly Readers can see a short film developed about the life stories of the Uffo group here <https://positivenegatives.org/story/transform-somaliland> **Rethinking Citizenship in Central and Eastern Europe** Nina Kolleck,Ireneusz Pawel Karolewski,2025-05-23 This book delves into the intricate landscape of citizenship practices in Central and Eastern Europe an area often overlooked in research Through an interdisciplinary lens the contributors explore how education and political participation shape these practices in a region marked by historical and social complexities The book offers fresh insights into how citizenship is perceived and practiced highlighting the role of civic education in fostering political engagement By addressing both the challenges and opportunities of citizenship in this dynamic region this volume contributes to broader debates on democracy and civic participation across Europe and beyond **Warsaw Housing Cooperative** Magdalena Matysek-Imielińska,2019-07-25 This book discusses the unknown and remote urban experiment of modernist social practices and dreams of a better tomorrow It describes the history of the Warsaw Housing Cooperative not as a historical relic or a single case study but instead analyses this working class social housing estate in itself an extremely interesting emancipatory project from the perspective of contemporary urban studies It focuses on issues related to the power of architecture architects and the estate residents themselves the city s performative actions problems related to the polycentric character of the city authorities the opportunities of building urban institutions and social identities and urban common goods Inspired by the history of the Warsaw Housing Cooperative the book investigates how the estate residents assisted by social reformers today called urban activists organised the urban space of performative democracy and how they developed anti capitalist urban survival strategies and created new lifestyles It also analyses how passive tenants turned into active citizens claiming their right to the city The inspiring book is intended for researchers in the field of performative studies urban sociologists critical urban studies researchers animators of social life and urban activists [Environment and Society](#) Magnus Boström,Debra J. Davidson,2018-06-13 This book offers a critical analysis of core concepts that have influenced contemporary conversations about environment society relations in academic political and civil circles Considering these conceptualizations are currently shaping responses to environmental crises in fundamental ways critical reflections on

concepts such as the Anthropocene metabolism risk resilience environmental governance environmental justice and others are well warranted Contributors to this volume working across a multitude of areas within environmental social science scrutinize underlying worldviews and assumptions asking a common set of key questions What are the different concepts able to explain How do they take into account society environment relations What social cultural or geo political biases and blinders are inherent What actions or practices do the concepts inspire The transdisciplinary engagement and reflexivity regarding concepts of environment society relations represented in these chapters is needed in all spheres of society in academia policy and practice not the least to confront current tendencies of anti reflexivity and denialism *Neoliberal Governmentality and the Future of the State in the Middle East and North Africa* Emel Akçalı, 2016-01-26 This volume is a theoretical analysis of the current crises of state and societal transformations in the Middle East and North Africa The emphasis on the impact and limits of neoliberal governmentality places these uprisings within the specific contextual and structural environment of neoliberal globalization

[Online Society in China](#) David Kurt Herold, Peter Marolt, 2011-03-25 This book discusses the rich and varied culture of China's online society and its impact on offline China It argues that the Internet in China is a separate space and is more than merely a technological or media extension of offline Chinese society

The Paradox of Repression and Nonviolent Movements Lester R. Kurtz, Lee A. Smithey, 2018-05-15 Political repression often paradoxically fuels popular movements rather than undermining resistance When authorities respond to strategic nonviolent action with intimidation coercion and violence they often undercut their own legitimacy precipitating significant reforms or even governmental overthrow Brutal repression of a movement is often a turning point in its history Bloody Sunday in the March to Selma led to the passage of civil rights legislation by the US Congress and the Amritsar Massacre in India showed the world the injustice of the British Empire's use of force in maintaining control over its colonies Activists in a wide range of movements have engaged in nonviolent strategies of repression management that can raise the likelihood that repression will cost those who use it The Paradox of Repression and Nonviolent Movements brings scholars and activists together to address multiple dimensions and significant cases of this phenomenon including the relational nature of nonviolent struggle and the cultural terrain on which it takes place the

psychological costs for agents of repression and the importance of participation creativity and overcoming fear whether in the streets or online *Memory Activism* Yifat Gutman, 2017-04-04 SAGE Memory Studies Journal Memory Studies Association Outstanding First Book Award Honorable Mention 2019 Set in Israel in the first decade of the twenty first century and based on long term fieldwork this rich ethnographic study offers an innovative analysis of the Israeli Palestinian conflict It explores practices of memory activism by three groups of Jewish Israeli and Arab Palestinian citizens Zochrot Autobiography of a City and Baladna showing how they appropriated the global model of truth and reconciliation while utilizing local cultural practices such as tours and testimonies These activist efforts gave visibility to a silenced Palestinian history in order to come to terms with the conflict s origins and envision a new resolution for the future This unique focus on memory as a weapon of the weak reveals a surprising shift in awareness of Palestinian suffering among the Jewish majority of Israeli society in a decade of escalating violence and polarization albeit not without a backlash Contested memories saturate this society The 1948 war is remembered as both Independence Day by Israelis and al Nakba the catastrophe by Palestinians The walking tour and survivor testimonies originally deployed by the state for national Zionist education that marginalized Palestinian citizens are now being appropriated by activists for tours of pre state Palestinian villages and testimonies by refugees *Embodying Transformation* Maryrose Casey, 2015-06-01 The essays in this collection explore transcultural events to reveal deeper understandings of the dynamic nature power and affect of performance as it is created and witnessed across national and cultural boundaries Focusing on historical and contemporary public events in multiple contexts contributors offer readings of transcultural exchanges between Europe Asia and the Middle East between colonisers and the colonised and back again In the process the authors explore questions of aesthetics cultural anxiety cultural control and how to realise intentions in performance practice *Cosmopolitan Sexualities* Ken Plummer, 2016-09-26 How are we to live with the wide varieties of sexuality and gender found across the rapidly changing global order Whilst some countries have legislated in favour of same sex marriage and the United Nations makes declarations about gender and sexual equality many countries across the world employ punitive responses to such differences In this compelling and original study Ken Plummer argues the need for a practical utopian project of hope that he calls cosmopolitan sexualities He asks how can we connect our differences with collective values our uniqueness with multiple group belonging our sexual and gendered individualities with a broader common humanity Showing how a foundation for this new ethics politics and imagination are evolving across the world he discusses the many possible pitfalls being encountered He highlights the complexity of sexual and gender cultures the ubiquity of human conflict the difficulties of dialogue and the problems with finding any common ground for our humanity *Cosmopolitan Sexualities* takes a bold critical humanist view and argues the need for positive norms to guide us into the future Highlighting the vulnerability of the human being Plummer goes in search of historically grounded and potentially global human values like empathy and sympathy care and kindness dignity and rights human flourishing and

social justice These harbour visions of what is acceptable and unacceptable in the sexual and intimate life Clearly written the book speaks to important issues of our time and will interest all those who are struggling to finding ways to live together well in spite of our different genders and sexualities

Mediation at the Holocaust Memorial in Berlin I. Dekel,2013-07-02 Analyzing action at the Holocaust memorial in Berlin this first ethnography of the site offers a fresh approach to studying the memorial and memory work as potential civic engagement of visitors with themselves and others rather than with history itself

Fear of Breakdown Noëlle McAfee,2019-06-04 What is behind the upsurge of virulent nationalism and intransigent politics across the globe today In Fear of Breakdown No lle McAfee uses psychoanalytic theory to explore the subterranean anxieties behind current crises and the ways in which democratic practices can help work through seemingly intractable political conflicts Working at the intersection of psyche and society McAfee draws on psychoanalyst D W Winnicott s concept of the fear of breakdown to show how hypernationalism stems from unconscious anxieties over the origins of personal and social identities giving rise to temptations to reify exclusionary phantasies of national origins Fear of Breakdown contends that politics needs something that only psychoanalysis has been able to offer an understanding of how to work through anxieties ambiguity fragility and loss in order to create a more democratic politics Coupling robust psychoanalytic theory with concrete democratic practice Fear of Breakdown shows how a politics of working through can help counter a politics of splitting paranoia and demonization McAfee argues for a new approach to deliberative democratic theory not the usual philosopher sanctioned process of reason giving but an affective process of making difficult choices encountering others and mourning what cannot be had

Cyberactivism and Citizen Journalism in Egypt Courtney C. Radsch,2016-09-23 This compelling book explores how Egyptian bloggers used citizen journalism and cyberactivism to chip away at the state s monopoly on information and recalibrate the power dynamics between an authoritarian regime and its citizens When the Arab uprisings broke out in early 2011 and ousted entrenched leaders across the region social media and the Internet were widely credited with playing a role particularly when the Egyptian government shut down the Internet and mobile phone networks in an attempt to stave off the unrest there But what these reports missed were the years of grassroots organizing digital activism and political awareness raising that laid the groundwork for this revolutionary change Radsch argues that Egyptian bloggers created new social movements using blogging and social media often at significant personal risk so that less than a decade after the information revolution came to Egypt they successfully mobilized the overthrow of the state and its president
