Lefever, Michael C. Page, 2008 A guide to the civil rights movement in Atlanta It is organized around four walking and driving tours of the important civil rights sites in Atlanta since 1940s It provides a brief history of the civil rights movement in Atlanta in the 1950s and 1960s and a chronology of the important civil rights events in Atlanta from 1957 to 1968 Julian Bond's Time to Teach Julian Bond, 2021-01-12 A masterclass in the civil rights movement from one of the legendary activists who led it Compiled from his original lecture notes Julian Bond s Time to Teach brings his invaluable teachings to a new generation of readers and provides a necessary toolkit for today s activists in the era of Black Lives Matter and MeToo Julian Bond sought to dismantle the perception of the civil rights movement as a peaceful and respectable protest that quickly garnered widespread support Through his lectures Bond detailed the ground shaking disruption the movement caused its immense unpopularity at the time and the bravery of activists some very young who chose to disturb order to pursue justice Beginning with the movement s origins in the early twentieth century Bond tackles key events such as the Montgomery bus boycott the Little Rock Nine Freedom Rides sit ins Mississippi voter registration the Sixteenth Street Baptist Church Bombing the March on Washington the Civil Rights Act Freedom Summer and Selma He explains the youth activism community ties and strategizing required to build strenuous and successful movements With these firsthand accounts of the civil rights movement and original photos from Danny Lyon Julian Bond s Time to Teach makes history come alive **The Battle for the Souls of Black Folk** Thomas Aiello, 2016-05-23 In the 20 years between 1895 and 1915 two key leaders Booker T Washington and W E B Du Bois shaped the struggle for African American rights This book examines the impact of their fierce debate on America s response to Jim Crow and positions on civil rights throughout the 20th century and evaluates

the legacies of these two individuals even today The debate between W E B Du Bois and Booker T Washington on how to further social and economic progress for African Americans lasted 20 years from 1895 to Washington's death in 1915 Their ongoing conversation evolved over time becoming fiercer and more personal as the years progressed But despite its complexities and steadily accumulating bitterness it was still at its heart a conversation an impassioned contest at the turn of the century to capture the souls of black folk This book focuses on the conversation between Washington and Du Bois in order to fully examine its contours It serves as both a document reader and an authored text that enables readers to perceive how the back and forth between these two individuals produced a cacophony of ideas that made it anything but a bipolar debate even though their expressed differences would ultimately shape the two dominant strains of activist strategy The numerous chapters on specific topics and historical events follow a preface that presents an overview of both the conflict and its historiographical treatment evaluates the legacies of both Washington and Du Bois emphasizing the trajectories of their theories beyond 1915 and provides an explanation of the unique structure of the work

Before Harlem Ajuan Maria Mance, 2016-03-15 Despite important recovery and authentication efforts during the last twenty five years the vast majority of nineteenth century African American writers and their work remain unknown to today's readers Moreover the most widely used anthologies of black writing have established a canon based largely on current interests and priorities Seeking to establish a broader perspective this collection brings together a wealth of autobiographical writings fiction poetry speeches sermons essays and journalism that better portrays the intellectual and cultural debates social and political struggles and community publications and institutions that nurtured black writers from the early 1800s to the eve of the Harlem Renaissance As editor Ajuan Mance notes previous collections have focused mainly on writing that found a significant audience among white readers Consequently authors whose work appeared in African American owned publications for a primarily black audience such as Solomon G Brown Henrietta Cordelia Ray and T Thomas Fortune have faded from memory Even figures as celebrated as Frederick Douglass and Paul Laurence Dunbar are today much better known for their cross racial writings than for the larger bodies of work they produced for a mostly African American readership There has also been a tendency in modern canon making especially in the genre of autobiography to stress antebellum writing rather than writings produced after the Civil War and Reconstruction Similarly religious writings despite the centrality of the church in the everyday lives of black readers and the interconnectedness of black spiritual and intellectual life have not received the emphasis they deserve Filling those critical gaps with a selection of 143 works by 65 writers *Before Harlem* presents as never before an in depth picture of the literary aesthetic and intellectual landscape of nineteenth century African America and will be a valuable resource for a new generation of readers Ajuan Maria Mance is a professor of English at Mills College in Oakland California She is the author of *Inventing Black Women African American Poets and Self Representation* which was named a Choice Outstanding Academic Title Her articles have appeared in the *Journal of African American Studies* *Callaloo*

and several edited collections **Rough Tactics** Mark A. Johnson, 2021-05-28 In *Rough Tactics Black Performance in Political Spectacles 1877-1932* author Mark A. Johnson examines three notable cases of Black participation in the spectacles of politics: the 1885-1898 local option prohibition contests of Atlanta and Macon, Georgia; the United Confederate Veterans conflict with the Musicians Union prior to the 1903 UCV Reunion in New Orleans; and the 1909 Memphis mayoral election featuring Edward Hull Crump and W. C. Handy. Through these case studies, Johnson explains how white politicians and Black performers wielded and manipulated racist stereotypes and Lost Cause mythology to achieve their respective goals. Ultimately, Johnson portrays the vibrant, exuberant political culture of the New South and the roles played by both Black and white southerners. During the nadir of race relations in the United States South from 1877 to 1932, African Americans faced segregation, disfranchisement, and lynching. Among many forms of resistance, African Americans used their musical and theatrical talents to challenge white supremacy, attain economic opportunity, and transcend segregation. In *Rough Tactics*, Johnson argues that African Americans, especially performers, retooled negative stereotypes and segregation laws to their advantage. From 1877 to 1932, African Americans spoke at public rallies, generated enthusiasm with music, linked party politics to the memory of the Civil War, honored favorable candidates, and openly humiliated their opposition. Freedom Faith Courtney Pace, 2019-06-15 *Freedom Faith* is the first full-length critical study of Rev. Dr. Prathia Laura Ann Hall (1940-2002), an undersung leader in both the civil rights movement and African American theology. Freedom faith was the central concept of Hall's theology: the belief that God created humans to be free and assists and equips those who work for freedom. Hall rooted her work simultaneously in social justice, Christian practice, and womanist thought. Courtney Pace examines Hall's life and philosophy, particularly through the lens of her civil rights activism, her teaching career, and her ministry as a womanist preacher. Moving along the trajectory of Hall's life and civic service, *Freedom Faith* focuses on her intellectual and theological development and her radiating influence on such figures as Dr. Martin Luther King Jr., Marian Wright Edelman, and the early generations of womanist scholars. Hall was one of the first women ordained in the American Baptist Churches USA; she was the pastor of Mt. Sharon Baptist Church in Philadelphia and, in later life, joined the faculty at the Boston University School of Theology as the Martin Luther King Chair in Social Ethics. In activism and ministry, Hall was a pioneer fusing womanist thought with Christian ethics and visions of social justice. **Undaunted by the Fight** Harry G. Lefever, 2005 *Undaunted by the Fight* is a study of a small but dedicated group of Spelman College students and faculty who, between 1957 and 1967, risked their lives, compromised their grades, and jeopardized their careers to make Atlanta and the South a more just and open society. Lefever argues that the participation of Spelman's students and faculty in the Civil Rights Movement represented both a continuity and a break with the institution's earlier history. On the one hand, their actions were consistent with Spelman's long history of liberal arts and community service; yet on the other hand, as his research documents, their actions represented a break with Spelman's traditional non-political stance and challenged the assumption that social changes

should occur only gradually and within established legal institutions For the first time in the eighty plus years of Spelman s existence the students and faculty who participated in the Movement took actions that directly challenged the injustices of the social and political status quo Too often in the past the Movement literature including the literature on the Atlanta Movement focused disproportionately on the males involved to the exclusion of the women who were equally involved and who in many instances initiated actions and provided leadership for the Movement Lefever concludes his study by saying that Spelman s activist students and faculty succeeded to the extent they did because they kept their eyes on the prize They endured the struggle he says and in so doing eventually won many prizes some personal others social Undaunted they liberated themselves but at the same time they liberated their school their city and the larger society
