PREPARING FOR THE CONFERENCE

2023

It was a measure of his quirky independence of mind that he thought that Friday the thirteenth was a lucky day for him

Abstract

Woodrow Wilson arrived in Brest, France, aboard the George Washington on Friday, December 13, 1918. The president did not appear to be a superstitious man, but maybe he should have drawn a different lesson from the date of his arrival than the one he did. It was a measure of his quirky independence of mind that he thought that Friday the thirteenth was a lucky day for him. His name had thirteen letters, so why should not thirteen be his number? Others might say that he was whistling past the graveyard.

Findings

Handing himself was not sure. He swamped Cox with a majority of over 60 percent of the votes, seven million more than the Democrat received

- No other American leader, President Wilson believed, had the prestige among ordinary Europeans to force their diplomats to yield to the New Diplomacy of the United States, nor did Wilson trust any other American diplomats to come up with a peace agreement
