PHILANTHROPY TO FEMINISM AND BEYOND

DEBORAH BRENNAN

REVISED
EDITION

Politics Of Australian Child Care

R. Rhodes

Politics Of Australian Child Care:

The Politics of Australian Child Care Deborah Brennan, 1998-04-06 This revised edition is a political history of child care in Australia from the 1890s to the late 1990s

Working Mothers and the Welfare State Kimberly J. Morgan, 2006 This book explains why countries have adopted different policies for working parents through a comparative historical study of four nations France the Netherlands Sweden and the United States

The Politics of Child Daycare in Britain Vicky Randall, 2000 Child daycare is a crucial issue for gender equality In Britain its provision and especially publicly provided or subsidised daycare has been meagre in comparison with a range of European States In seeking to explain childcare policy in post war Britain to the present this study focuses primarily on the institutional context It shows how the liberal state tradition limiting intervention in the private family and market spheres has intersected with an issue that impinges on family responsibilities and arguably requires public resources for its effective resolution The book also argues that liberalism in practice an eminently flexible approach cannot on its own explain policy Account must be taken of the gender assumptions of policy makers and their principal advisers including in the past trade unions of the centralization of the British governmental process of the weakness and fragmentation of the childcare lobby including the less than wholehearted involvement of the women s movement and of the sheer contingencies of timing

Paid Care in Australia Debra King, Professor Gabrielle Meagher, 2008-12-10 Care for Australia s children and elderly is provided in a mixed economy in which for profit providers are playing an increasingly important role alongside more traditional government and non government organisations Does the growth of for profit provision affect the quality of services or of jobs in paid care Does it change the political dynamics of the social care sector in contemporary welfare states How might service users their families and organisations work together to sustain and improve the quality of care services What theories and evidence help us to understand the process and consequences of the shift toward for profit provision of social care In nine chapters by leading researchers this book explores these and other questions to inform policy and practice in this key field of social policy

Politics, Inequality and the Australian Welfare State After Liberalisation Ben Spies-Butcher, 2023-10-03 Neoliberalism has transformed work welfare and democracy However its impacts and its future are more complex than we often imagine Alongside growing inequality social spending has been rising Medicare was entrenched alongside privatization How do we understand this contradictory politics and what opportunities are there to advance equality This book takes the three big drivers of inequality conditionality of benefits marketisation of services and financialisation of the life course to explore how inequality has been contested Alongside the rise of the market it reveals the building blocks of a more egalitarian order and opportunities for new models of solidarity based on an ethic of care

The Australian Study of Politics R. Rhodes, 2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical

roots of each major subfield Women and Politics around the World Joyce Gelb, Marian Lief Palley, 2009-03-30 A unique two volume examination of the progress women have made in achieving political equality Women and Politics around the World addresses both transnational and gender related issues as well as specific conditions in more than 20 countries Women and Politics around the World A Comparative History and Survey is an exploration of the role of women in political systems worldwide as well as an examination of how government actions in various countries have an impact on the lives of the female population Women and Politics around the World divides its coverage into two volumes The first looks at such crucial issues facing women today as health policy civil rights and education comparing conditions around the world The second volume profiles 22 different countries representing a broad range of governments economies and cultures Each profile looks at the history and current state of women s political and economic participation in a particular country and includes an in depth look at a representative policy The result is a resource unlike any other one that gives students researchers and other interested readers a fresh new way of investigating a truly global issue **Feminism and the Making of a Child Rights Revolution** Isobelle Barrett Meyering, 2022-02-01 When Australian women s liberationists challenged prevailing expectations of female domesticity they were accused of being anti mother and anti child Feminism and the Making of a Child Rights Revolution provides a much needed reassessment of this stereotype Drawing on extensive archival research and personal accounts it places feminists at the forefront of a new wave of children s rights activism that went beyond calls for basic protections for children instead demanding their liberation Historian Isobelle Barrett Meyering revisits this revolutionary approach and charts the debates it sparked within the women s movement Her examination of feminists ground breaking campaigns on major social issues of the 1970s from childcare to sex education to family violence also reveals women s concerted efforts to apply this ideal in their personal lives and to support children s own activism Feminism and the Making of a Child Rights Revolution sheds light on the movement s expansive vision for social change and its lasting impact on the way we view the rights of women and children Australian Mothering Carla Pascoe Leahy, Petra Bueskens, 2020-01-28 This collection defines the field of maternal studies in Australia for the first time Leading motherhood researchers explore how mothering has evolved across Australian history as well as the joys and challenges of being a mother today The contributors cover pregnancy birth relationships childcare domestic violence time use work welfare policy and psychology from a diverse range of maternal perspectives Utilising a matricentric feminist framework Australian Mothering foregrounds the experiences emotions and perspectives of mothers to better understand how Australian motherhood has developed historically and contemporaneously Drawing upon their combined sociological and historical expertise Bueskens and Pascoe Leahy have carefully curated a collection that presents compelling research on past and present perspectives on maternity in Australia which will be relevant to researchers advocates and policy makers interested in the changing role of mothers in Australian society **Australian Public Policy** Chris Miller, Lionel Orchard, 2016-02-17

At a time when neoliberal and conservative politics are again in the ascendancy and social democracy is waning Australian public policy re engages with the values and goals of progressive public policy in Australia and the difficulties faced in re affirming them It brings together leading authors to explore economic environmental social cultural political and indigenous issues It examines trends and current policy directions and outlines progressive alternatives that challenge and extend current thinking While focused on Australia the contributors offer valuable insights for people in other countries committed to social justice and those engaged in the ongoing contest between neo liberalism and social democracy This is essential reading for policy practitioners researchers and students as well those with an interest in the future of public policy

Nannies, Migration and Early Childhood Education and Care Elizabeth Adamson, 2016-11-16 In recent years changes in the labor market including an increase in the number of young working mothers has led to a rapid growth of employment for nannies throughout the Western world That rapid growth however has come with an increase in long nonstandard working hours and in the context of a lack of regulation or of affordable flexible solutions to the demand for early childhood education and care This book offers empirical research and comparative analysis of in home childcare in Australia the United Kingdom and Canada three nations where governments are actively recruiting migrant workers as an affordable childcare solution showing how in home childcare is ultimately if indirectly supported by government early childcare policy and migration policy

Contemporary Politics in Australia Rodney Smith, Ariadne Vromen, Ian Cook, 2012-02-02 A diverse range of experts provide a comprehensive introduction to current theories debates and research in Australian political science

Markets, Rights and Power in Australian Social Policy Professor Gabrielle Meagher, Susan Goodwin, 2015-04-30 The provision of social services in Australia has changed dramatically in recent decades raising a range of important questions about financial and democratic accountability who benefits who suffers and who decides This book explores these developments through rich case studies of a diverse set of social policy domains The case studies demonstrate a range of effects of marketisation including the impact on the experience of consumer engagement with social service systems on the distribution of social advantage and disadvantage and on the democratic steering of social policy

The SAGE Handbook of Early Childhood Policy Linda Miller, Claire Cameron, Carmen Dalli, Nancy Barbour, 2017-10-02 Recent authoritative evidence suggests that an estimated 200 million children under five fail to achieve their developmental potential due to factors including poor health and nutrition and the lack of stable high quality care A significant number of the world's children today lack the basic rights to health development and protection In light of such statistics early childhood services for young children have expanded around the world The SAGE Handbook of Early Childhood Policy draws critical attention to policy in Early Childhood Education and Care ECEC its relationship to service provision and its impact on the lives of children and families The perspectives of leading academics and researchers from Europe North America South America Africa Australasia and Asia have been arranged around five key themes Part 1 The Relationship Between Research Policy And

Practice Country Case Studies Part 2 Equitable Early Childhood Services Intervention to Improve Children's Life Chances
 Part 3 Extending Practice The Role of Early Childhood Services In Family Support Part 4 Participation Rights and Diversity
 Part 5 Future Directions for Early Childhood Policy This handbook is essential reading for practitioners stakeholders and others committed to working within early years services to achieve an awareness of policy and its implications for services and practice

Paid Care in Australia Debra King, Gabrielle Meagher, 2009 Care for Australia's children and elderly is provided in a mixed economy in which for profit providers are playing an increasingly important role alongside more traditional government and non government organisations Does the growth of for profit provision affect the quality of services or of jobs in paid care Does it change the political dynamics of the social care sector in contemporary welfare states How might service users their families and organisations work together to sustain and improve the quality of care services What theories and evidence help us to understand the process and consequences of the shift toward for profit provision of social care In nine chapters by leading researchers this book explores these and other questions to inform policy and practice in this key field of social policy

Lone Parenthood in the Life Course Laura Bernardi, Dimitri Mortelmans, 2017-11-08 Lone parenthood is an increasing reality in the 21st century reinforced by the diffusion of divorce and separation This volume provides a comprehensive portrait of lone parenthood at the beginning of the XXI century from a life course perspective The contributions included in this volume examine the dynamics of lone parenthood in the life course and explore the trajectories of lone parents in terms of income poverty labour market behaviour wellbeing and health Throughout comparative analyses of data from countries as France the United Kingdom Ireland Germany Belgium Sweden Switzerland Hungary and Australia help portray how lone parenthood varies between regions cultures generations and institutional settings The findings show that one parent households are inhabited by a rather heterogeneous world of mothers and fathers facing different challenges Readers will not only discover the demographics and diversity of lone parents but also the variety of social representations and discourses about the changing phenomenon of lone parenthood The book provides a mixture of qualitative and quantitative studies on lone parenthood Using large scale and longitudinal panel and register data the reader will gain insight in complex processes across time More qualitative case studies on the other hand discuss the definition of lone parenthood the public debate around it and the social and subjective representations of lone parents themselves This book aims at sociologists demographers psychologists political scientists family therapists and policy makers who want to gain new insights into one of the most striking changes in family forms over the last 50 years This book is open access under a CC BY License

Who Will Mind the Baby? Kim England, 2005-08-12 Who Will Mind the Baby explores how working mothers negotiate their responsibilities and contrasts the limited childcare policies of the United States and Canada with the more advanced situation in Europe and Australia

The Oxford Handbook of the Welfare State Daniel Béland, Kimberly J. Morgan, Herbert Obinger, Christopher Pierson, 2021-10-27 This is the comprehensively revised second edition of a volume that

was welcomed at its first appearance as the most authoritative survey and critique of the welfare state yet published Its fifty one chapters have been written by acknowledged experts in the field from across Europe Australia and North America Some chapters are brand new all have been systematically revised and they are right up to date The first seven sections of the book cover the themes of Ethics History Approaches Inputs and Actors Policies Policy Outcomes and Worlds of Welfare A final chapter is devoted to the future of welfare and well being under the imperatives of climate change Every chapter is written in a way that is both comprehensive and succinct introducing the novice reader to the essentials of what is going on while providing new insights for the more experienced researcher Wherever appropriate the handbook brings the very latest empirical evidence to bear It is a book that is thoroughly comparative in every way The Oxford Handbook of the Welfare State second edition is a comprehensible and comprehensive survey of everything that it is important to know about the welfare state in these troubled times It is an indispensable source for everyone who wants to know what is really going on now and what is likely to happen next

Ideas and Politics in Social Science Research Daniel Beland, Robert Henry Cox, 2010-12-10 Writing about ideas John Maynard Keynes noted that they are more powerful than is commonly understood Indeed the world is ruled by little else One would expect therefore that political science a discipline that focuses specifically on the nature of power would have a healthy respect for the role of ideas However for a variety of reasons not least of which is the influence of rational choice theory which presumes that individuals are self maximizing rational actors this is not the case and the literature on the topic is fairly thin As the stellar cast of contributors to this volume show ideas are in fact powerful shapers of political and social life In Ideas and Politics in Social Science Research Daniel B land and Robert Henry Cox have gathered leading scholars from a variety of subdisciplines in political science and sociology to provide a general overview of the theoretical empirical and methodological issues raised by social science research on ideas and politics Throughout they hone in on three central questions What is the theoretical basis for studying ideas in politics What are the best methods What sort of empirical puzzles can be solved by examining ideas and related phenomena such as discourse policy paradigms and framing processes In sum this is a state of the art academic work on both the role of ideas in politics and the analytical utility that derives from studying them

Women, Policy and Politics Carol Lee Bacchi, 1999-06-16 This book offers a powerful new approach to policy studies Drawing on recent perspectives from social constructionism discourse analysis the sociology of social problems and feminism Carol Bacchi develops a step by step analytical tool for deconstructing policy problems Her What s the Problem approach encourages students to reflect critically upon the ways in which policy problems get constructed within policy debates and policy proposals

Politics Of Australian Child Care Book Review: Unveiling the Magic of Language
