Politics Of Child Abuse In America:

The Politics of Child Abuse in America Lela B. Costin, Howard Jacob Karger, David Stoesz, 1997-02-27 Child abuse policy in the United States contains dangerous contradictions which have only intensified as the public slowly accepted it as a middle class problem One contradiction is the rapidly expanding child abuse industry made up of enterprising psychotherapists and attorneys which is consuming enormous resources while thousands of poor children are seriously injured or killed many while being protected by public agencies This rediscovery has also led to the frenzied pursuit of offenders resulting in the sacrifice of some innocent people Moreover the media s focus on the sensational details of high visibility sexual abuse cases has helped to trivialize if not commercialize the child abuse problem As such child abuse has gone from a social problem to a social spectacle By the 1980s the child welfare system had become a virtual nonsystem marked by a staggering turnover of staff unmanageable caseloads a severe shortage of funding and caseloads composed of highly dysfunctional families many with drug related problems To make room for these families public agencies rationed services by increasingly screening out child abuse reports which contained little likelihood of serious bodily harm In *The Politics of Child Abuse in America* the authors argue that child abuse must be viewed as a public safety problem This redefinition would make it congruent with other family based social trends including the crackdown on domestic violence Children must have the same legal protection currently extended to physically and sexually abused women This can be done by creating a Children s Authority which would have the overall charge for protecting children Specifically Children s Authorities would have the responsibility for providing the six main functions of child protection investigation enforcement placement services prevention and education family support and research and development Offering a unique perspective on the cold reality of this crisis *The Politics of Child Abuse in America* will be a provocative work for social workers and human service personnel as well as the general reader concerned with this timely issue

The Encyclopedia of Child Abuse Robin E. Clark, Judith Freeman Clark, Christine A. Adamec, 2007 An A to Z reference containing over 400 entries with information on key issues related to child abuse

The DeShaney Case Lynne Curry, 2007 Joshua s story Child protection in the nineteenth and twentieth centuries The crime of child abuse *DeShaney v Winnebago County* in the lower courts *DeShaney v Winnebago County* in the U S Supreme Court Poor Joshua *DeShaney v Winnebago County* in the court of public opinion

Child Protection Freda Briggs, 2018-10-01 This exceptionally well researched book s intention is to reveal what is really happening in our society and to spur people into action to turn this shameful and complex problem around so that abuse stops and healing can begin It should be a compulsory handbook for all whose work involves children especially in the legal system all human services schools pre schools and foster care It covers all aspects of child abuse and neglect and presents recent case studies of acts of abuse and the ways they have been dealt with in recent times It is books such as this that get the message out there so that something is done in this supposedly enlightened age
