Politics Of Disgust The Public Identity Of The Welfare Queen

Jessica Pykett

Politics Of Disgust The Public Identity Of The Welfare Queen:

The Politics of Disgust Ange-Marie Hancock,2004-12 Hancock argues that beliefs about poor African American mothers were the foundation for the contentious 1996 welfare reform debate that effectively ended welfare as we know it She shows how stereotypes and misperceptions about race class and gender were used to instigate a politics of disgust The Politics of Disgust Ange-Marie Hancock,2004-12 Hancock argues that beliefs about poor African American mothers were the foundation for the contentious 1996 welfare reform debate that effectively ended welfare as we know it She shows how stereotypes and misperceptions about race class and gender were used to instigate a politics of disgust **The**

Fiscalization of Social Policy Joshua T. McCabe,2018-05-22 In 1970 a single mother with two children working full time at the federal minimum wage in the US received no direct cash benefits from the federal government Today after a period of austerity that same mother would receive 7 572 in federal cash benefits This money does not come from social assistance family allowances or other programs we traditionally see as part of the welfare state Instead she benefits from the earned income tax credit EITC and the child tax credit CTC tax credits for low income families that have become a major component of American social policy In *The Fiscalization of Social Policy* Joshua McCabe challenges conventional wisdom on American exceptionalism offering the first and only comparative analysis of the politics of tax credits Drawing comparisons between similar developments in the UK and Canada McCabe upends much of what we know about tax credits for low income families Rather than attributing these changes to anti welfare attitudes mobilization of conservative forces shifts toward workfare or racial antagonism he argues that the growing use of tax credits for social policy was a strategic adaptation to austerity While all three countries employ the same set of tax credits child US poverty rates remain highest as their tax credits paradoxically exclude the poorest families A critical examination of social policy over the last fifty years *The Fiscalization of Social Policy* shows why the US government hasn't tackled poverty even while it implements greater tax benefits for the poor

Conservatism and Racism, and Why in America They Are the Same Robert C. Smith,2010-09-09 In this provocative wide ranging study Robert C Smith contends that ideological conservatism and racism are and always have been equivalent in the United States In this carefully constructed and thoroughly documented philosophical historical and empirical inquiry Smith analyzes conservative ideas from John Locke to William F Buckley Jr as well as the parallels between the rise and decline of the Civil Rights Movement in the 1950s and 1970s and the ascendancy of the conservative movement to national power in 1980 Using archival material from the Reagan library the book includes detailed analysis of the Reagan presidency and race focusing on affirmative action the Voting Rights act the Grove City case welfare reform South Africa policy and the Martin Luther King Jr holiday *Conservatism and Racism and Why in America They are the Same* goes beyond a focus on the right wing concluding with an analysis of the enduring impact of the conservative movement and the Reagan presidency on liberalism race and the Democratic Party *Governing Through Pedagogy* Jessica Pykett,2013-09-13 This edited collection

brings together researchers from education human geography sociology social policy and political theory in order to consider the idea of the pedagogical state as a means of understanding the strategies employed to re educate citizens The book aims to critically interrogate the cultural practices of governing citizens in contemporary liberal societies Governing through pedagogy can be identified as an emerging tactic by which both state agencies and other non state actors manage administer discipline shape care for and enable liberal citizens Hence discourses of active citizenship participatory democracy community empowerment personalised responsibility behaviour change and community cohesion are productively viewed through the conceptual lens of the pedagogical state Chapters consider the spaces of schools universities the voluntary sector civil society organisations parenting initiatives the media government departments and state agencies as fruitful empirical sites through which pedagogy is worked and re worked This book was originally published as a special issue of Citizenship Studies

Moral and Immoral Whiteness in Immigration Politics Yalidy Matos,2023 Immigration has been at the heart of US politics for centuries In Moral and Immoral Whiteness in Immigration Politics Yalidy Matos examines the inherent moral value based nature of white Americans immigration attitudes including preferences on local immigration enforcement programs federal immigration policy and levels of legal immigration allowed Does identifying as white always signify a commitment to maintain the racial status quo or can it result in commitments to racial justice How do we understand the passage of state level sanctuary and anti sanctuary immigration legislation through a white identity political lens Thinking about whiteness as a moral choice complicates the idea that immigration policy preferences are mostly about demographic shifts To examine the centrality of morality in white Americans immigration attitudes Matos looks at public opinion survey data as well as the roll call votes of elected officials She examines the conditions under which white Americans choose to reproduce a system structured on white supremacy or repudiate it as well as the role of socialization in their choices and immigration attitudes As immigration continues to be weaponized to divide Matos highlights the importance of understanding the roots of immigration attitudes in the United States and the ways in which whiteness structures these attitudes

Black Women in Politics Michael Mitchell,2017-09-29 The research included in this volume examines the competing pressures felt by black women as political agents in the domains of elections public policy and social activism Their challenges and initiatives are explored in public spaces institutional behaviours and public policy The volume features cutting edge research exploring black women s political engagement The first group of contributors interrogates the treatment of black women within the discipline of political science The second group examines the relationship between cultural politics and policymaking The third and final group outlines the politics of race gendered identity and black feminist practice Black Women in Politics includes chapters on black leadership radical versus moderate politics in New Orleans and the Shelby vs Holder Supreme Court decision The editors introduce a new series highlighting trends in black politics Finally the work notes the passing of William Nick Nelson and Hanes Walton Jr prominent members of the National Conference of

Black Political Scientists Devolution and Black State Legislators Tyson King-Meadows, Thomas F. Schaller, 2007-06-01
 Comprehensive study of the state of black state legislative politics **The Politics and Psychoanalysis of Comedy** Robert Samuels, 2023-11-20 This book looks at the political aspects of comedy and how humor is shaped by unconscious social and psychological factors within a particular cultural and historical context Updating Freud's work on jokes Robert Samuels argues that any universal model of comedy must take into account the role played by distinct genres which are themselves determined by particular political psychopathologies In looking at contemporary comedy we encounter a structure that is often seen throughout the world in response to what is experienced as a Leftist super ego censoring thoughts and speech and a Libertarian Right which promotes free speech as the ultimate value Within this dynamic comedians seeking to make their audience laugh by poking fun at sensitive and taboo subjects intentionally and unintentionally these humorists present an alternative to Left wing political correctness and identity politics Contemporary comedians then cannot help but to cater to Right wing politics since the Right is centered on loudly rejecting the cultural dictations of the Left **Winning While Losing** Kenneth Osgood, Derrick E. White, 2017-10-23 Explores the paradoxical nature of racial politics in the post civil rights period Does us the service of detailing how different presidential administrations handled civil rights complicating our understanding of the major themes that defined the era American Historical Review Adds depth to our historical understanding of how various presidents and their administrations approached issues pertaining to the equal rights of black and to a lesser extent Hispanic Americans in a number of institutional and legislative arenas Journal of American History Expertly links executive decision making and electoral strategizing with the politics of civil rights Journal of American Studies Examines the forward and backward movement of civil rights since the resurgence of conservative politics in 1968 Welcome and helpful Journal of Southern History An invaluable addition to the rapidly developing historiography of neoconservatism particularly the ideology's relationship with African Americans Louisiana History A striking example of a successful meshing of historical and political science methodologies and scholarship North Carolina Historical Review This remarkable study offers breakthrough findings and insights about the state of civil rights policies in the post civil rights era Hanes Walton Jr coauthor of American Politics and the African American Quest for Universal Freedom Eschewing easy absolutes Winning While Losing presents a carefully nuanced interpretation of the subtle gains and losses experienced by liberals and conservatives by Democrats and Republicans and by proponents of racial justice and their opponents Harvard Sitkoff author of Toward Freedom Land Insightful and fascinating Sets an agenda for further scholarly debate about the puzzle of winning while losing that defines the fortunes of civil rights and the stratagems of politicians over the past generation Robert Mason author of Richard Nixon and the Quest for a New Majority A comprehensive account of the links between racism conservatism and presidential politics in the post civil rights era Greta de Jong author of Invisible Enemy The African American Freedom Struggle after 1965 During the four decades separating the death of Martin Luther King and the

election of Barack Obama the meaning of civil rights became increasingly complex Civil rights leaders made great strides in breaking down once impermeable racial barriers but they also suffered many political setbacks in their attempts to remedy centuries of discrimination Complicating matters the conservative turn in American political life transformed the national conversation about race and civil rights in surprising ways This pioneering collection of essays explores the paradoxical nature of civil rights politics in the years following the 1960s civil rights movement by chronicling the ways in which presidential politics both advanced and constrained the quest for racial equality in the United States

The Politics of Trash Patricia Strach, Kathleen S. Sullivan, 2023-01-15 The Politics of Trash explains how municipal trash collection solved odorous urban problems using nongovernmental and often unseemly means Focusing on the persistent problems of filth and the frustration of generations of reformers unable to clean their cities Patricia Strach and Kathleen S Sullivan tell a story of dirty politics and administrative innovation that made rapidly expanding American cities livable The solutions that professionals recommended to rid cities of overflowing waste cans litter filled privies and animal carcasses were largely ignored by city governments When the efforts of sanitarians engineers and reformers failed public officials turned to the habits and tools of corruption as well as to gender and racial hierarchies Corruption often provided the political will for public officials to establish garbage collection programs Effective waste collection involves translating municipal imperatives into new habits and arrangements in homes and other private spaces To change domestic habits officials relied on gender hierarchy to make the women of the white middle class households in charge of sanitation When public and private trash cans overflowed racial and ethnic prejudices were harnessed to single out scavengers garbage collectors and neighborhoods by race These early informal efforts were slowly incorporated into formal administrative processes that created the public private sanitation systems that prevail in most American cities today The Politics of Trash locates these hidden resources of governments to challenge presumptions about the formal mechanisms of governing and recovers the presence of residents at the margins whose experiences can be as overlooked as garbage collection itself This consideration of municipal garbage collection reveals how political development often relies on undemocratic means with long term implications for further inequality Focusing on the resources that cleaned American cities also shows the tenuous connection between political development and modernization

Getting Real About Inequality Cherise A. Harris, Stephanie M. McClure, 2022-01-07 Getting Real About Inequality is a contributed reader for undergraduate courses in Race Class Gender Social Inequality or the Social Construction of Difference and Inequality It gives instructors in these courses a set of materials to help them moderate civil productive and social science based discussions with their students about social statuses and identities Like the book it is modeled after Getting Real About Race it is organized around myths and stereotypes that students might already believe or be familiar with through the media or popular culture A panel of expert contributors were enlisted to write short accessible essays address the same questions What is the myth or stereotype under investigation How do we know that

the myth or stereotype is widespread What does the empirical data tell us and provide the same pedagogical features a summary of the research data discussion questions suggestions for further study suggested activities and assignments All of pieces in the book employ an intersectional perspective to help students see the nuanced mechanisms of power and inequality that are often lost in everyday discourse

The Other Side of the Coin Christopher G. Faricy, Christopher Ellis, 2021-02-25 Despite high levels of inequality and wage stagnation over several decades the United States has done relatively little to address these problems at least in part due to public opinion which remains highly influential in determining the size and scope of social welfare programs that provide direct benefits to retirees unemployed workers or poor families On the other hand social tax expenditures or tax subsidies that help citizens pay for expenses such as health insurance or the cost of college and invest in retirement plans have been widely and successfully implemented and they now comprise nearly 40 percent of the spending of the American social welfare state In *The Other Side of the Coin* political scientists Christopher Ellis and Christopher Faricy examine public opinion towards social tax expenditures the other side of the American social welfare state and their potential to expand support for such social investment Tax expenditures seek to accomplish many of the goals of direct government expenditures but they distribute money indirectly through tax refunds or reductions in taxable income rather than direct payments on goods and services or benefits They tend to privilege market based solutions to social problems such as employer based tax subsidies for purchasing health insurance versus government provided health insurance Drawing on nationally representative surveys and survey experiments Ellis and Faricy show that social welfare policies designed as tax expenditures as opposed to direct spending on social welfare programs are widely popular with the general public Contrary to previous research suggesting that recipients of these subsidies are often unaware of indirect government aid sometimes called the hidden welfare state Ellis and Faricy find that citizens are well aware of them and act in their economic self interest in supporting tax breaks for social welfare purposes The authors find that many people view the beneficiaries of social tax expenditures to be more deserving of government aid than recipients of direct public social programs indicating that how government benefits are delivered affects people's views of recipients' worthiness Importantly tax expenditures are more likely to appeal to citizens with anti government attitudes low levels of trust in government or racial prejudices As a result social spending conducted through the tax code is likely to be far more popular than direct government spending on public programs that have the same goals The first empirical examination of the broad popularity of tax expenditures *The Other Side of the Coin* provides compelling insights into constructing a politically feasible and potentially bipartisan way to expand the scope of the American welfare state

The Routledge Companion to Media and Poverty Sandra L. Borden, 2021-07-19 Comprehensive and interdisciplinary this collection explores the complex and often problematic ways in which the news media shapes perceptions of poverty Editor Sandra L Borden and a diverse collection of scholars and journalists question exactly how the news media can reinforce or undermine poverty and

privilege This book is divided into five parts that examine philosophical principles for reporting on poverty the history and nature of poverty coverage problematic representations of people experiencing poverty poverty coverage as part of reporting on public policy and positive possibilities for poverty coverage Each section provides an introduction to the topic as well as a broad selection of essays illuminating key issues and a Q A with a relevant journalist Topics covered include news coverage of corporate philanthropy structural bias in reporting representations of the working poor the moral demands of vulnerability and agency community empowerment and citizen media The book s broad focus considers media and poverty at both the local and global levels with contributors from 16 countries This is an ideal reference for students and scholars of media communication and journalism who are studying topics involving the media and social justice as well as journalists activists and policy makers working in these areas Black Women, Cultural Images and Social Policy Julia S.

Jordan-Zachery,2009-01-13 Black Women Cultural Images and Social Policy offers a critical analysis of the policy making process Jordan Zachery demonstrates how social meanings surrounding the discourses on crime welfare and family policies produce and reproduce discursive practices that maintain gender and racial hierarchies Using critical discourse analysis CDA she analyzes the values and ideologies ensconced in the various images of black womanhood and their impact on policy formation This book provides exceptional insight into the racing gendering process of policy making to show how relations of power and forms of inequality are discursively constructed and impact the lives of African American women **Latinas in American Politics** Samantha L. Hernandez,Leslie A. Navarro,Sharon A. Navarro,2016-05-12 The challenges that women face as political candidates can be compounded by race In the case of Latinas stereotypes as well as national media coverage and labeling of Latino issues potentially creates an electoral burden for Latina candidates at the local state and national level The intersection of race and gender is complicated and often creates more questions than it answers How are Latinas elected Are they served by this complex identity or hindered by it Latinas in American Politics Embracing and Changing Political Tradition begins addressing the issues by examining the stereotypes Latinas face while running for political office More specifically the perception of voters on ideological standings of Latinas provides insight as to what party Latinas are identified with and how they can use this to their advantage In addition to establishing the role stereotypes play in the electability of Latinas the way they use and diffuse these stereotypes via campaigns is examined The images that Latinas present and how they interact with voters via social media establishes a new dynamic in campaigning and allows for theory building in the area of race gender and campaigns Aside from campaigning party identification for a Latina creates a different barrier How do Latinas bridge this Case studies of prominent Latina officials are examined to understand within which contexts and under what conditions Latinas as candidates and as elected officials will experience intersectionality as advantage and disadvantage Finally the examination of Latina congressional members shows whether and how the intersection of gender and ethnicity in descriptive representation contributes uniquely to patterns of substantive

representation Ultimately this volume demonstrates how the intersection of race and gender creates unique situations for representation and electability of candidates

Reel Politics Lemi Baruh, Ji Hoon Park, 2020-05-22 In the mid 1980s Neil Postman claimed that television made entertainment the natural format for the representation of all experience While Postman's argument still is pertinent to a description of contemporary television shows it also seems increasingly more accurate to argue that reality based entertainment is quickly becoming the referential format for televisual representations of our experience in the 21st century Chapters in this edited volume explore reality television's place within contemporary media landscape in terms of its potential for political engagement The authors engage with a variety of issues such as politics of authenticity and performance audience reception of political issues ethics and media regulation politics of self presentation modernity and collective identity The diversity of perspectives and issues presented in this book cautions readers both against quickly dismissing reality television's potential as a platform for political discourse and against subscribing to the celebratory rhetoric regarding the democratic potential of reality television *Reel Politics: Reality Television as a Platform for Political Discourse* furthers our understanding of the semiotic openness of the reality text and the variations in social cultural and political contexts across which the reality television genre formulas migrate

Latinos in the American Political System Jessica L. Lavariega Monforti, 2019-03-14 This encyclopedia provides a comprehensive overview of the evolution of Hispanic Americans engaged in U S politics from increased visibility as governors and other lawmakers at the local state and federal levels to their growing importance as a voting constituency This encyclopedia comprehensively surveys the evolution of Latino engagement in US politics as voters candidates lawmakers and public officials It is an authoritative resource for public library patrons high school students and undergraduates in a variety of curricular studies including political science civics American history and Latino studies The set's A Z entries were carefully selected and crafted to ensure thorough coverage of all of the individuals organizations cultural forces political issues and legal decisions that have combined to elevate the role of Latinos at the polls on the campaign trail in Washington and in mayors offices city councils school boards and statehouses all across the country In depth essays on the rising prominence of Latino Americans as voters candidates public officials lawmakers and opinion leaders will provide further context for understanding their impact on modern U S political processes and institutions from the perspective of liberals and conservatives alike

Black Women in Politics Julia S. Jordan-Zachery, Nikol G. Alexander-Floyd, 2018-09-10 This book explores how Diasporic Black women engage in politics highlighting three dimensions citizenship power and justice that are foundational to intersectionality theory and politics as developed by Black women and other women of color By extending beyond particular time periods locations and singular definitions of politics *Black Women in Politics* sets itself apart in the field of women's and gender studies in three ways by focusing on contemporary Black politics not only in the United States but also the African Diaspora by showcasing politics along a broad trajectory including social movements formal politics public policy media

studies and epistemology and by including a multidisciplinary range of scholars with a strong concentration of work by political scientists a group whose work is often excluded or limited in edited collections The final result expands our repertoire of methodological tools and concepts for discussing and assessing Black women s lives the conditions under which they live their labor and the politics they enact to improve their circumstances

The Politics of Skin Tone Nicole D. Yadon, 2025-05-05 A nuanced examination of the salience of skin tone within African American politics Research shows that skin tone is associated with significant differences in life experiences On average African Americans with darker skin earn lower wages suffer worse health outcomes and endure more negative criminal justice experiences than lighter skinned African Americans Nicole D Yadon conceptualizes skin tone as one facet of the multidimensional construct of race that powerfully influences racialized experiences which in turn can influence political identities and attitudes Drawing on evidence from one hundred in depth interviews multiple surveys and a survey experiment The Politics of Skin Tone investigates the political associations of skin tone Yadon finds that skin tone correlates with political attitudes particularly on issues where color based disparities are especially pronounced such as criminal justice Moreover a sizable number of African Americans adopt a skin tone based identity In an era of shifting racial boundaries and growing color based discrimination The Politics of Skin Tone examines the implications for both scholars and policymakers

Yeah, reviewing a books **Politics Of Disgust The Public Identity Of The Welfare Queen** could ensue your near friends listings. This is just one of the solutions for you to be successful. As understood, success does not recommend that you have extraordinary points.
