analysis of specific letters places the reader at the very heart of Late Republican political negotiations and provides a new critical approach to Latin epistolography **The Jesuit Party in American Politics Exposed and Expounded in Letters to the Ablegate** Arthur Cleveland Coxe,1894 *Seven Letters Concerning the Politics of Switzerland, Pending the Outbreak of the Civil War In 1847* George Grote,1876 What has religion to do with politics? The dilemma based social game that teaches you how to play and laugh at office politics **The Saintly Politics of Catherine of Siena** F. Thomas Luongo,2018-07-05 Saint Catherine of Siena 1347 1380 has become a defining figure in the history of medieval religion and one of the main exemplars of the feminine turn in late medieval religious culture Despite a hagiographical tradition and historiography that has placed Catherine at a mystic remove from the politics of her day Catherine s public authority was shaped by politics both locally in Siena and broadly within late fourteenth century contests between the papacy and the Republic of Florence for hegemony in central Italy In *The Saintly Politics of Catherine of Siena* F Thomas Luongo combines literary critical readings of Catherine s letters she was the author of one of the largest collections of medieval letters with political and social analysis Drawing on a wide range of archival sources Luongo investigates how Catherine s spiritual authority and sanctity were linked with contemporary political and cultural developments He shows how the political situation of the church in Italy and a culture that privileged female spirituality and prophetic speech facilitated Catherine s emergence into a public role The Catherine who emerges from Luongo s well written pages is a splendid example of what can result when a historian asks fresh questions about a familiar figure s life and brings new materials and methods to bear in formulating answers *The Saintly Politics of Catherine of Siena* offers a woman more complex and interesting than the figure portrayed in most contemporary scholarship The Saturday Review of Politics, Literature, Science, Art, and Finance ,1908 **The Iowa Journal of History and Politics** ,1903 **The American Almanac and Repository of Useful Knowledge, For The Year 1840.** ,1840 **European Life and Manners in Familiar Letters to Friends** Henry Colman,1849 **Congress of Arts and Science: History of politics and economics.
