Politics Of Rights

Andrew R. Lewis

Politics Of Rights:

The Politics of Rights Stuart A. Scheingold, Professor of Political Science Stuart Scheingold, 1974 Assesses the part played by activist attorneys and reform litigation in changing the course of public policy and the use of legal tactics for redistributing power and promoting social change The Politics of Rights Andrea Cornwall, Maxine Molyneux, 2013-09-13 Since the late 1990s development institutions have increasingly used the language of rights in their policy and practice This special issue on feminist perspectives on politics of rights explores the strategies tensions and challenges associated with rights work in a variety of settings Articles on the Middle East Africa Latin America East and South Asia explore the dilemmas that arise for feminist praxis in these diverse locations and address the question of what rights can contribute to struggles for gender justice Exploring the intersection of formal rights whether international human rights conventions constitutional rights or national legislation with the everyday realities of women in settings characterized by entrenched gender inequalities and poverty plural legal systems and cultural norms that can constitute formidable obstacles to realizing rights The contributors suggest that these sites of struggle can create new possibilities and meanings and a politics of rights animated by demands for social and gender justice Identities, Politics, and Rights Austin Sarat, Thomas R. Kearns, 1997-10-08 A reevaluation of how rights liberate and constrain human behavior **Gender and the Politics of Rights and Democracy in Latin America** Maxine Molyneux, 2016-01-28 This volume assesses one of the most important developments in contemporary Latin American women s movements the engagement with rights based discourses Organised women have played a central role in the continued struggle for democracy in the region and with it gender justice The foregrounding of human rights and within them the recognition of women s rights has offered women a strategic advantage in pursuing their goals of an inclusive citizenship The country based chapters analyse specific bodies of rights rights and representation domestic violence labour rights reproductive rights legal advocacy socio economic rights rights and ethnicity and rights the state and autonomy The Politics of Human Rights The Belgrade Circle, Obrad Savic, 2002-10-17 Original essays on the political and philosophical underpinnings of the idea of human rights by a group of highly distinguished theorists *The Politics of Human Rights* Tony Evans, 2005-05-20 In the past violations of human rights were commonly portrayed as atrocities perpetrated by tyrannical dictatorships Today the images of torture at Abu Ghraib in Iraq and the treatment of detainees at Guantanamo Bay put the lie to this assumption State violations of human rights have a global reach Tony Evan s introduction to the politics of human rights examines the impact of globalisation on global human rights He argues that the state s role in protecting and promoting rights has been severely weakened under globalisation and that the emerging global order may be a cause of many human rights violations As the value of the market grows the value of individual human rights decreases *The Politics of Human Rights* departs from traditional interpretations of human rights by focusing on the political economy of human rights rather than on the philosophical or legal aspects **The Rights Turn in**

Conservative Christian Politics Andrew R. Lewis, 2017-10-19 Explains how abortion politics influenced a fundamental shift in conservative Christian politics teaching conservatives to embrace rights arguments

Religion and the Global Politics of Human Rights Thomas Banchoff, Robert Wuthnow, 2011-03-01 Are human rights universal or the product of specific cultures Is democracy a necessary condition for the achievement of human rights in practice And when if ever is it legitimate for external actors to impose their understandings of human rights upon particular countries In the contemporary context of globalization these questions have a salient religious dimension Religion intersects with global human rights agendas in multiple ways including whether universal human rights are in fact an imposition of Christian understandings whether democracy the rule of the people is compatible with God's law and whether international efforts to enforce human rights including religious freedom amount to an illicit imperialism This book brings together leading specialists across disciplines for the first major survey of the religious politics of human rights across the world's major regions political systems and faith traditions The authors take a bottom up approach and focus particularly on hot button issues like human rights in Islam Falun Gong in China and religion in the former Soviet Union Each essay examines the interaction of human rights and religion in practice and the challenges they pose for national and international policymakers

Research Handbook on the Politics of Human Rights Law Bård A. Andreassen, 2023-01-20 International human rights law is undoubtedly intertwined with politics and so this Research Handbook explores and provokes reflection on how politics impacts human rights legislation and conversely how human rights law shapes politics and the functioning of the state Bringing together leading international scholars in human rights law and politics the Research Handbook provides theoretical reflections and empirical analyses across the areas of governance and policies and examines the implementation mechanisms of human rights law in national and international jurisdictions

The Politics of Women's Rights Christina Wolbrecht, 2010-04-24 Here Christina Wolbrecht boldly demonstrates how the Republican and Democratic parties have helped transform and have been transformed by American public debate and policy on women's rights She begins by showing the evolution of the positions of both parties on women's rights over the past five decades In the 1950s and early 1960s Republicans were slightly more favorable than Democrats but by the early 1980s the parties had polarized sharply with Democrats supporting and Republicans opposing such policies as the Equal Rights Amendment and abortion rights Wolbrecht not only traces the development of this shift in the parties relative positions focusing on party platforms the words and actions of presidents and presidential candidates and the behavior of the parties delegations in Congress but also seeks to explain the realignment The author considers the politically charged developments that have contributed to a redefinition and expansion of the women's rights agenda since the 1960s including legal changes the emergence of the modern women's movement and changes in patterns of employment fertility and marriage Wolbrecht explores how party leaders reacted to these developments and adopted positions in ways that would help expand their party's coalition Combined with changes in those coalitions

particularly the rise of social conservatism within the GOP and the affiliation of social movement groups with the Democratic party the result was the polarization characterizing the parties stances on women s rights today

The Politics of Human Rights Andrew Vincent,2010-07-08 The Politics of Human Rights provides a systematic introductory overview of the nature and development of human rights At the same time it offers an engaging argument about human rights and their relationship with politics The author argues that human rights have only a slight relation to natural rights and they are historically novel In large part they are a post 1945 reaction to genocide which is in turn linked directly to the lethal potentialities of the nation state He suggests that an understanding of human rights should nonetheless focus primarily on politics and that there are no universally agreed moral or religious standards to uphold them they exist rather in the context of social recognition within a political association A consequence of this is that the 1948 Universal Declaration is a political not a legal or moral document Vincent goes on to show that human rights are essentially reliant upon the self limitation capacity of the civil state With the development of this state certain standards of civil behaviour have become for a sector of humanity slowly and painfully more customary He shows that these standards of civility have extended to a broader society of states At their best human rights are an ideal civil state vocabulary The author explains that we comprehend both our own humanity and human rights through our recognition relations with other humans principally via citizenship of a civil state Vincent concludes that the paradox of human rights is that they are upheld to a degree by the civil state but the point of such rights is to protect against another dimension of this same tradition the nation state Human rights are essentially part of a struggle at the core of the state tradition

The European Court of Human Rights between Law and Politics Jonas Christoffersen,Mikael Rask Madsen,2013-09-05 The European Court of Human Rights between Law and Politics provides a comprehensive analysis of the origins and development of one of the most striking supranational judicial institutions The book brings together leading scholars and practitioners to cast new light on the substantial jurisprudence and ongoing political reform of the Court The broad analysis based on historical legal and social science perspectives provides new insights into the institutional crisis of the Court and identifies the lessons that can be learned for the future of the European Convention on Human Rights and Fundamental Freedoms The European Court of Human Rights is in many ways is an unparalleled success The Court embarked during the 1970s upon the development of a progressive and genuinely European jurisprudence In the post Cold War era it went from being the guarantor of human rights solely in Western Europe to becoming increasingly involved in the transition to democracy and the rule of law in Eastern Europe Now the protector of the human rights of some 800 million Europeans from 47 different countries the European system is once again deeply challenged this time by a massive case load and by the Member States increased reluctance towards the Court This book paves the way for a better understanding of the system and hence a better basis for choosing the direction of the next stage of development

The Politics of Human Rights in Australia Louise Chappell,John Chesterman,Lisa Hill,2009-05-28 Australia has traditionally lacked a strong rights

culture While fairness and equality have been proudly exalted as trademarks of the national mindset the authors of *The Politics of Human Rights in Australia* argue that these same characteristics may equate to a form of cultural complacency The book offers the first comprehensive account of Australia's protection of human rights from a political science perspective Addressing the key debates surrounding human rights in Australia the authors ask Why are voting rights so critical in the Australian context Should Australia adopt a bill of rights in an age of terror What are Australia's responsibilities to global and regional refugee crises How can reconciliation between indigenous and non indigenous Australians be facilitated Written by three respected academics at the forefront of their fields *The Politics of Human Rights in Australia* offers clarity and insight into the complex issues surrounding the human rights debate in Australia

Politics of International Human Rights Law Promotion in Western Europe Koldo Casla, 2019-06-19 This book offers a critical reinterpretation of Western European States programmatic support for International Human Rights Law (IHRL) since the 1970s It examines the systemic or structural constraints inherent to the international legal system and argues that order trumps justice in Western Europe's promotion of international human rights norms The book shows that IHRL evolved as a result of a tension between two forces A European understanding of international society based on order the centrality of the State and a minimalist conception of human rights and a civil society and UN promoted mostly Western particularly European but broader conception of human rights based on justice As such human rights norms emerge and develop when some states' idea of order meets with advocates' idea of justice We are living a historical juncture of shifting tectonic plates with rising nationalism in the Global North ever growing power in the Global South and a declining presence of Europe in global affairs The conditions under which IHRL emerged have fundamentally changed and unpacking the factors beneath the international recognition of human rights has never been more pressing This book will be of key interest to scholars students and practitioners in human rights law public international law international relations critical legal theory and in European politics

Domestic Politics and International Human Rights Tribunals Courtney Hillebrecht, 2014-02-10 International politics has become increasingly legalized over the past fifty years restructuring the way states interact with each other international institutions and their own constituents The international legalization of human rights now makes it possible for individuals to take human rights claims against their governments at international courts such as the European and Inter American Courts of Human Rights This book brings together theories from international law human rights and international relations to explain the increasingly important phenomenon of states compliance with human rights tribunals rulings It argues that this is an inherently domestic affair It posits three overarching questions why do states comply with human rights tribunals rulings How does the compliance process unfold and what are the domestic political considerations around compliance What effect does compliance have on the protection of human rights The book answers these through a combination of quantitative analyses and in depth case studies from Argentina Brazil Colombia Italy Portugal Russia and the United Kingdom

Rights,

Democracy, and Fulfillment in the Era of Identity Politics David Ingram, 2004-04-09 Rights Democracy and Fulfillment in the Era of Identity Politics develops a critical theory of human rights and global democracy Ingram both develops a theory of rights and applies it to a range of concrete and timely issues such as the persistence of racism in contemporary American society the emergence of so called whiteness theory the failure of identity politics the tensions between emphases on antidiscrimination and affirmative action in the Americans With Disabilities Act of 1990 the great unresolved issues of workplace democracy and the dilemmas of immigration policy for the U S and Europe Advanced Introduction to the Politics of International Human Rights David P. Forsythe, 2021-01-29 David P Forsythe presents a compelling introduction to international human rights in a political context He stresses the difficulties of interjecting human rights into foreign policy and international politics while recognising the considerable progress that has been made over time Focusing on international organizations states corporations and private advocacy groups Forsythe addresses key themes including war migration climate change and slavery **Poland's Solidarity Movement and the Global Politics of Human Rights**

Robert Brier, 2021-06-10 Offers a fresh perspective on recent human rights history by reconstructing debates around dissent and human rights across four countries **Human Rights Interdependence in National and International Politics**

Rami Goldstein, Nitza Nachmias, 2024-06-21 This book offers a fresh approach to human rights by analyzing the role of institutional checks and balances governmentalism and system s approach intended for the prevention of human rights violations the enforcement of human rights norms and rules and important actors such as International Non Governmental Organizations INGO and domestic Non Governmental Organizations NGOs The book presents case studies that offer innovative political historical and social perspectives on how the International Human Rights Regime IHRG is practiced It critically examines the interpretation inconsistency and application of the human rights norms in the Global South and shows how the national mobilization of human rights is directly affected by the interdependence existing between the national and the transnational levels This book will be of key interest to scholars students and practitioners of human rights and more broadly of comparative politics international law global governance international and nongovernmental organizations

Water Security, Justice and the Politics of Water Rights in Peru and Bolivia Miriam Seemann, 2016-04-08 The author scrutinizes the claim of policy makers and experts that legal recognition of local water rights would reduce water conflict and increase water security and equality for peasant and indigenous water users She analyzes two distinct top down and bottom up formalization policies in Peru and Bolivia neoliberal the former indigenist socialist the latter The policies have intended and unintended consequences and impact on marginalized peasants and the complex inter legal systems for providing water security on the ground This study seeks to debunk the official myth of the need to create state centric top down legal security in complex pluralistic water realities The engagement between formal and alternative water securities and controversial notions of rightness is interwoven and contested a complex setting is unveiled that forbids one size fits all solutions Peru s

and Bolivia's case studies demonstrate how formalization policies while aiming to enhance inclusion in practice actually reinforce exclusion of the marginalized Water rights formalization is certainly no panacea

Unveiling the Power of Verbal Beauty: An Psychological Sojourn through **Politics Of Rights**

In some sort of inundated with monitors and the cacophony of instant communication, the profound power and mental resonance of verbal art frequently diminish in to obscurity, eclipsed by the continuous assault of noise and distractions. Yet, nestled within the lyrical pages of **Politics Of Rights**, a charming function of literary elegance that pulses with raw feelings, lies an remarkable trip waiting to be embarked upon. Published by a virtuoso wordsmith, that mesmerizing opus guides readers on an emotional odyssey, lightly revealing the latent possible and profound influence embedded within the complicated web of language. Within the heart-wrenching expanse of the evocative examination, we will embark upon an introspective exploration of the book is main subjects, dissect their captivating writing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.

Politics Of Rights Introduction

In the digital age, access to information has become easier than ever before. The ability to download Politics Of Rights has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Politics Of Rights has opened up a world of possibilities. Downloading Politics Of Rights provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Politics Of Rights has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Politics Of Rights. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Politics Of Rights. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Politics Of Rights, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware

or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Politics Of Rights has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Politics Of Rights Books

1. Where can I buy Politics Of Rights books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
