# Politics Of The Electronic Text

**James C. Scott**

## **Politics Of The Electronic Text:**

**Cultural politics in fifteenth-century England [electronic resource]** Alessandra Petrino, 2004 This book analyses the relation between politics and the production of culture in Lancastrian England focussing on the intellectual activity of Duke Humphrey of Gloucester reconstructing his library and analysing his commissions of translations biographies and political poems Politics and Digital Literature in the Middle East Nele Lenze, 2018-05-14 During the 2000 s online literature in Arabic language was popular among a larger readership Writings on subjects dealing with politics globalization and social matters gained are well received While mapping the genre this monograph shows literary developments in print and digital during these peak years to provide a historical context for the material Online literary culture is linked to social economic and political developments within the last two decades This book presents the differences between online and print literature as it relates to writer readership interaction literary quality language and style critical reception and circulation The geographic location of the analysis focuses on Gulf countries featuring a comparative study of Egypt and Lebanon

*The Text in the Machine* Toby Burrows, 1999-04-09 The first comprehensive guide to explore the growing field of electronic information The Text in the Machine Electronic Texts in the Humanities will help you create and use electronic texts This book explains the processes involved in developing computerized books on library Web sites CD ROMs or your own Web site With the information provided by The Text in the Machine you ll be able to successfully transfer written words to a digitized form and increase access to any kind of information Keeping the perspectives of scholars students librarians users and publishers in mind this book outlines the necessary steps for electronic conversion in a comprehensive manner The Text in the Machine addresses many variables that need to be taken into consideration to help you digitize texts such as defining types of markup markup systems and their uses identifying characteristics of the written text such as its linguistic and physical nature before choosing a markup scheme ensuring accuracy in electronic texts by keying in information up to three times and choosing software that is compatible with the markup systems you are using examining the best file formats for scanning written texts and converting them to digital form explaining the delivery systems available for electronic texts such as CD ROMs the Internet magnetic tape and the variety of software that will interpret these interfaces designing the structure of electronic texts with linear presentation segmented text or image files to increase readability and accessibility Containing lists of suggested readings and examples of electronic text Web sites this book provides you with the opportunity to see how other libraries and scholars are creating and publishing digital texts From The Text in the Machine you ll receive the knowledge to make this medium of information accessible and beneficial to patrons and scholars around the world **A Handbook to Literary Research** Simon Eliot, W. R. Owens, 1998 This unique student resource is specifically designed for those beginning an MA in Literature providing an introduction to research techniques methodologies and information sources relevant to the study of literature at postgraduate level The Politics of Liberal Education Darryl Gless, Barbara

Herrnstein Smith, 1992 Controversy over what role the great books should play in college curricula and questions about who defines the literary canon are at the forefront of debates in higher education *The Politics of Liberal Education* enters this discussion with a sophisticated defense of educational reform in response to attacks by academic traditionalists The authors here themselves distinguished scholars and educators share the belief that American schools colleges and universities can do a far better job of educating the nation's increasingly diverse population and that the liberal arts must play a central role in providing students with the resources they need to meet the challenges of a rapidly changing world Within this area of consensus however the contributors display a wide range of approaches illuminating the issues from the perspectives of their particular disciplines classics education English history and philosophy among others and their individual experiences as teachers Among the topics they discuss are canon formation in the ancient world the idea of a common culture and the educational implications of such social movements as feminism technological changes including computers and television and intellectual developments such as theory Readers interested in the controversies over American education will find this volume an informed alternative to sensationalized treatments of these issues Contributors Stanley Fish Phyllis Franklin Henry Louis Gates Jr Henry A Giroux Darryl J Gless Gerald Graff Barbara Herrnstein Smith George A Kennedy Bruce Kuklick Richard A Lanham Elizabeth Kamarck Minnich Alexander Nehamas Mary Louise Pratt Richard Rorty Eve Kosofsky Sedgwick

**A Handbook to Literary Research** Delia da Sousa Correa, W. R. Owens, 2005-08-04 A Handbook to Literary Research is a vital one of a kind student resource which has been written specifically for those embarking on a Masters degree in Literature It provides an introduction to research techniques methodologies and information sources relevant to the study of literature at postgraduate level The unique and invaluable guide is divided into four sections a practical guide to the uses of research libraries research sources and computers including the Internet an introduction to the work of textual scholars and bibliographers focusing particularly on the practical and theoretical issues faced by textual editors an overview of literary research and literary theory including outlines of feminist theory deconstruction reader response and reception theory new historicism and post colonial theory a detailed guide on how to write and present a Masters including a glossary and checklist for finding guides reference books and other study sources

**The Politics of the Electronic Text** Warren L. Chernaik, Caroline Davis (Research Officer.), Marilyn Deegan, 1993

[The Politics of Ephemeral Digital Media](#) Sara Pesce, Paolo Noto, 2016-05-26 In the age of complex Tv of social networking and massive consumption of transmedia narratives a myriad short lived phenomena surround films and TV programs raising questions about the endurance of a fictional world and other mediatized discourse over a long arc of time The life of media products can change direction depending on the variability of paratextual materials and activities such as online commentaries and forums promos and trailers disposable merchandise and gadgets grassroots video production archives and gaming This book examines the tension between permanence and obsolescence in the production and experience of media byproducts analysing the

affections and meanings they convey and uncovering the machineries of their persistence or disposal Paratexts which have long been considered only ancillary to a central text interfere instead with textual politics by influencing the viewers fidelity or infidelity to a product and affecting a fictional world s life expectancy Scholars in the fields of film studies media studies memory and cultural studies are here called to observe these byproducts temporalities their short form and or long temporal extension their nostalgic politics or future projections and assess their increasing influence on our use of the past and present on our temporal experience and consequently on our social and political self positioning through the media

**The Handbook to Literary Research** Delia da Sousa Correa,W. R. Owens,2009-09-10 The Handbook to Literary Research is a practical guide for students embarking on postgraduate work in Literary Studies It introduces and explains research techniques methodologies and approaches to information resources paying careful attention to the differences between countries and institutions and providing a range of key examples This fully updated second edition is divided into five sections which cover tools of the trade a brand new chapter outlining how to make the most of literary resources textual scholarship and book history explains key concepts and variations in editing publishing and bibliography issues and approaches in literary research presents a critical overview of theoretical approaches essential to literary studies the dissertation demonstrates how to approach plan and write this important research exercise glossary provides comprehensive explanations of key terms and a checklist of resources Packed with useful tips and exercises and written by scholars with extensive experience as teachers and researchers in the field this volume is the ideal Handbook for those beginning postgraduate research in literature

**E-Politics and Organizational Implications of the Internet: Power, Influence, and Social Change** Romm Livermore, Celia,2012-04-30 This book charts this influence and describes the unique effect electronic communication has on organizations communities nations and cultures Provided by publisher

**Politics, Democracy and E-Government: Participation and Service Delivery** Reddick, Christopher G.,2010-04-30 This book examines how e government impacts politics and democracy in both developed and developing countries Provided by publisher

*The Politics of Language* Rebecca Stephenson,2015-10-06 Old English literature thrived in late tenth century England Its success was the result of a concerted effort by the leaders of the Benedictine Reform movement to encourage both widespread literacy and a simple literary style The manuscripts written in this era are the source for the majority of the Old English literature that survives today including literary classics such as Beowulf Yet the same monks who copied and compiled these important Old English texts themselves wrote in a rarified Latin full of esoteric vocabulary and convoluted syntax and almost incomprehensible even to the well educated Comparing works by the two most prolific authors of the era Byrhtferth of Ramsey and Ifric of Eynsham Rebecca Stephenson explains the politics that encouraged the simultaneous development of a simple English style and an esoteric Latin style By examining developments in Old English and Anglo Latin side by side *The Politics of Language* opens up a valuable new perspective on the Benedictine Reform and literacy in the late

Anglo Saxon period      **The Psychology and Politics of the Collective** Ruth Parkin-Gounelas,2012 What are the psychological factors in operation when we form groups or crowds and how are these affected by socio historical circumstances History offers endless examples of different forms of human collectivity both private and public small scale and large from the primal horde to the modern nuclear family from the Athenian polis to virtual internet communities Within the context of shifting social bonds in global culture this book brings together debates on the left from political philosophy psychoanalysis social psychology and media and cultural studies to explore the logic of the formation of collective identities from a new theoretical perspective Challenging liberal capitalist models of individualism as well as postmodern identity politics analysts here turn to Continental philosophy Lacan Derrida Agamben Laclau Badiou among others in order to re think collectivity in relation to questions of agency alterity affect sovereignty the national imaginary and the biopolitical In the aftermath of the great mass movements of the twentieth century Marxist Leninism Mao which resulted in bureaucratic submission and the cult of the State the fate of our collective identity today raises urgent questions about the future of collaborative activity the role of mediating institutions in shaping mass psychology what is at stake in a radical democracy and what happens in a crowd

*Decoding Subaltern Politics* James C. Scott,2013 James C Scott has researched and written on subaltern groups and in particular peasants rebellion resistance and agriculture for over 35 years Yet much of Scott s most interesting work on the peasantry and the state both conceptually and empirically has never been published in book form For the first time *Decoding Subaltern Politics Ideology Disguise and Resistance in Agrarian Politics* brings together some of his most important work in one volume The book covers three distinct yet interlinked bodies of work The first lays out a framework for understanding peasant politics and rebellion much of which is applicable to rural areas of the contemporary global south Scott then goes on to develop his arguments regarding everyday forms of peasant resistance using the comparative example of the religious tithe in France and Malaysia and tracing the forms of resistance that cover their own tracks and avoid direct clashes with authorities For much of the world s population and for most of its history this sort of politics was far more common than the violent clashes that dominate the history books and in this book one can examine the anatomy of such resistance in rich comparative detail Finally Scott explores how the state s increasing grip on its population its identity land holding income and movements is a precondition for political hegemony Crucially in examining the invention of state mandated legal identities especially the permanent patronym and the vagaries of its imposition on vernacular life Scott lays bare the micro processes of state formation and resistance Written by one of the leading social theorists of our age *Decoding Subaltern Politics Ideology Disguise and Resistance in Agrarian Politics* is an indispensable guide to the study of subaltern culture and politics and is essential reading for political scientists anthropologists sociologists and historians alike

**The Revolutionary Guards in Iranian Politics** Bayram Sinkaya,2015-06-19 The Islamic Revolutionary Guards Corps IRGC has been dubbed the kingmaker in recent studies of Iranian politics precipitating heated

debates surrounding the potential militarization of the Iranian regime and giving rise to paradoxical understandings of the IRGC whether as a military institution entering politics or a political institution with a military history Revolutionary Guards in Iranian Politics offers a way out of this paradox by showing that the IRGC is not a recently politicized institution but has instead been highly politicized since its inception It identifies the ways in which the IRGC relates to national political dynamics examines the factors contributing to this relationship and its implications on Iranian politics from the revolution up to the present day The book examines the three decades following the revolution uncovering the reasons behind the rise of the Revolutionary Guards and tracking the organization s evolving relationship with politics Establishing a theoretical framework from revolution and civil military relations theories this book provides new perspectives on the relationship between the IRGC and Iranian politics This book would be of interest to students and scholars of Middle East Studies and Iranian Studies in particular Iranian Politics

**New Media and the Politics of Online Communities**, 2020-09-25 This interdisciplinary collection of papers explores the question of identity and its interaction with digital technologies online platforms and primarily new media

**Politics and Technology in the Post-Truth Era** Anna Visvizi, Miltiadis D. Lytras, 2019-05-07 This book examines the relationship between information and communication technology ICT and politics in a global perspective

**Florence Nightingale on Society and Politics, Philosophy, Science, Education and Literature** Lynn McDonald, 2006-01-01 Florence Nightingale on Society and Politics Philosophy Science Education and Literature Volume 5 in the Collected Works of Florence Nightingale is the main source of Nightingale s work on the methodology of social science and her views on social reform Here we see how she took her call to service into practice by first learning how the laws of God s world operate one can then determine how to intervene for good There is material on medical statistics the census pauperism and Poor Law reform the need for income security measures and better housing on crime gender and the family Her comments on a new edition of The Dialogues of Plato are given with their impact on the revision of the next edition We see Nightingale s condemnation of Plato s community of wives with her stirring approval of love even outside marriage marriage and the family In this volume also her views on natural science education and literature are reported Nightingale was an astute behind the scenes political activist Society and Politics publishes much of it for the first time her correspondence with such leading political figures as Queen Victoria W E Gladstone and J S Mill There are notes and essays on public administration and personal observations on various members of royalty prime ministers and ministers and Indian viceroys Nightingale s support of the vote for women contrary to much in the secondary literature is here shown Correspondence and notes on British general elections from 1834 to 1900 is reported with letters to and for Liberal political candidates and fierce condemnations of Conservatives Currently Volumes 1 to 11 are available in e book version by subscription or from university and college libraries through the following vendors Canadian Electronic Library Ebrary MyiLibrary and Netlibrary

*Reading, Society and Politics in Early Modern England* Kevin M. Sharpe, Steven N.

Zwicker,2003-07-10 This book charts the changes in reading habits that reflect broader social and political shifts in early modern England

**The Politics Of Law** David Kairys,1998-05-09 The Politics of Law is the most widely read critique of the nature and role of the law in American society This revised edition continues the book s concrete focus on the major subjects and fields of law New essays on emerging fields and the latest trends and cases have been added to updated versions of the now classic essays from earlier editions A unique assortment of leading scholars and practitioners in law and related disciplines political science economics sociology criminology history and literature raise basic questions about law challenging long held ideals like the separation of law from politics economics religion and culture They address such issues contextually and with a keen historical perspective as they explain and critique the law in a broad range of areas This third edition contains essays on all of the subjects covered in the first year of law school while continuing the book s tradition of accessibility to non law trained readers Insightful and powerful The Politics of Law makes sense of the debates about judicial restraint and the range of legal controversies so central to American public life and culture
