Politics Of Upheaval:

The Politics of Upheaval Arthur M. Schlesinger, 2003-07-09 In the third volume of his series on Franklin Roosevelt the Pulitzer Prize winning historian focuses on the turbulent final years of FDR's first term. A measure of economic recovery revived political conflict and emboldened Roosevelt's critics to denounce that man in the White House. To his left were demagogues Huey Long, Father Coughlin, and Dr. Townsend. To his right were the champions of the old order: ex-president Herbert Hoover, the American Liberty League, and the august Supreme Court. For a time the New Deal seemed to lose its momentum. But in 1935 FDR rallied and produced a legislative record even more impressive than the Hundred Days of 1933: a set of statutes that transformed the social and economic landscape of American life. In 1936 FDR coasted to reelection on a landslide. Schlesinger has his usual touch with colorful personalities and draws a warmly sympathetic portrait of Alf M. Landon, the Republican candidate of 1936. One of the most important historical enterprises of our time. *Saturday Review*. Vividly portrays the concluding years of Roosevelt's first term and the sweep and excitement of an era more historically dramatic than most. **The Age of Roosevelt** Arthur M. Jenner, 2010-01-01 FDR's Republicans

illuminates the debate over foreign policy that took place in the United States prior to World War II Robert E Jenner approaches this issue from the perspective of Republican members of the House and Senate who eventually came to support the interventionist position of a Democratic president Unlike other diplomatic histories of this period FDR s Republicans focuses on domestic components of the foreign policy debate combining historical analysis and political theory Jenner recounts the Republican Party s internationalist roots under McKinley the split of 1912 and the defeat of the League of Nations in deference to its agrarian progressive wing Taking both a local and national approach he provides in depth analysis of the party s reaction to the FDR landslides of 1932 and 1936 the party s resurgence in 1938 FDR s aggressive defense of the New Deal and the decline of the party s agrarian progressive faction The result is a broader explanation of the battle that raged between isolationists and interventionists as well as the failure of policy makers to deter fascism at an earlier date
