Star Trek and American Television Roberta Pearson, Maire Messenger Davies, 2014-04-25 At the heart of one of the most successful transmedia franchises of all time *Star Trek* lies an initially unsuccessful 1960s television production *Star Trek: The Original Series* In *Star Trek and American Television* Pearson and Messenger Davies take their cue from the words of the program's first captain William Shatner in an interview with the authors It's a television show In focusing on *Star Trek* as a television show the authors argue that the program has to be seen in the context of the changing economic conditions of American television throughout the more than four decades of *Star Trek*'s existence as a transmedia phenomenon that includes several films as well as the various television series The book is organized into three sections dealing with firstly the context of production the history and economics of *Star Trek* from the original series 1966-1969 to its final television incarnation in *Enterprise* 2002-2005 Secondly it focuses on the interrelationships between different levels of production and production workers drawing on uniquely original material including interviews with star captains William Shatner and Sir Patrick Stewart and with production workers ranging from set builders to executive producers to examine

the tensions between commercial constraints and creative autonomy These interviews were primarily carried out in Hollywood during the making of the film *Nemesis* 2002 and the first series of *Star Trek Enterprise* Thirdly the authors employ textual analysis to study the narrative storyworld of the *Star Trek* television corpus and also to discuss the concept and importance of character in television drama The book is a deft historical and critical study that is bound to appeal to television and media studies scholars students and *Star Trek* fans the world over With a foreword by Sir Patrick Stewart Captain Jean Luc Picard in *Star Trek The Next Generation* The Rebellious Enlightened Master Osho Swami Jñānabheda,2006 On the life and visions of Osho 1931 1990 Indian spiritual leader Un-Veiling Dichotomies Giorgia Baldi,2021-09-27 This book analyzes the implication of secular liberal values in Western and human rights law and its impact on Muslim women It offers an innovative reading of the tension between the religious and secular spheres The author does not view the two as binary opposites Rather she believes they are twin categories that define specific forms of lives as well as a specific notion of womanhood This divergence from the usual dichotomy opens the doors for a reinterpretation of secularism in contemporary Europe This method also helps readers to view the study of religion vs secularism in a new light It allows for a better understanding of the challenges that contemporary Europe now faces regarding the accommodation of different religious identities For instance one entire section of the book concerns the practice of veiling and explores the contentious headscarf debate It features case studies from Germany France and the UK In addition the analysis combines a wide range of disciplines and employs an integrated comparative and inter disciplinary approach The author successfully brings together arguments from different fields with a comparative legal and political analysis of Western and Islamic law and politics This innovative study appeals to students and researchers while offering an important contribution to the debate over the role of religion in contemporary secular Europe and its impact on women s rights and gender equality *I Belong to This Band, Hallelujah!* Laura Clawson,2011-09-15 The Sacred Harp choral singing tradition originated in the American South in the mid 19th century spread widely across the country and continues to thrive today This title is a portrait of several Sacred Harp groups and an insightful exploration of how they manage to maintain a sense of community **Survival in the 21st Century: Planetary Healers Manual** Viktoras H.
