CORRESPONDENCE OF
SIR FREDERICK POLLOCK AND
MR JUSTICE HOLMES 1874-1932
VOLUME II

EDITED BY
Mark DeWolfe Howe
WITH AN INTRODUCTION BY
Sir John Pollock

Pollockholmes Letters 2 Vols

M Planty

Pollockholmes Letters 2 Vols:

The Pollock-Holmes Letters Frederick Pollock, Oliver Wendell Holmes (Jr.), 2015-06-11 This book is the first in a two volume set containing the trans Atlantic correspondence between the celebrated jurists Sir Frederick Pollock and Oliver Wendell Holmes Jr Volume one contains the letters dated between 1874 and 1918 and includes their discussion of topics such as the American Civil War and World War One

The Great Dissent Thomas Healy, 2013-08-20 A Kirkus Reviews Best Nonfiction Book of the Year Fascinating A magnificent book about a magnificent moment in American legal history The Atlantic A Winner of the Robert F Kennedy Book Award No right seems more fundamental to American public life than freedom of speech Yet well into the twentieth century that freedom was still an unfulfilled promise with Americans regularly imprisoned merely for speaking out against government policies Indeed free speech as we know it comes less from the First Amendment than from a most unexpected source Supreme Court justice Oliver Wendell Holmes A lifelong skeptic he disdained individual rights including the right to express one's political views But in 1919 it was Holmes who wrote a dissenting opinion that would become the canonical affirmation of free speech in the United States Why did Holmes change his mind That question has puzzled historians for almost a century Now with the aid of newly discovered letters and confidential memos law professor Thomas Healy reconstructs in vivid detail Holmes's journey from free speech opponent to First Amendment hero It is the story of a remarkable behind the scenes campaign by a group of progressives to bring a legal icon around to their way of thinking and a deeply touching human narrative of an old man saved from loneliness and despair by a few unlikely young friends Beautifully written and exhaustively researched The Great Dissent is intellectual history at its best revealing how free debate can alter the life of a man and the legal landscape of an entire nation Compelling and charming The Wall Street Journal A beautifully written history capturing the lively and passionate debate as Holmes came to see the abiding imperative of free speech and defend it at great cost to his own reputation at the time Booklist A stirring mix of intelligent biography and truly significant social and legal history The Christian Science Monitor *Proceedings, American Philosophical Society* (vol. 119, No. 2, 1975),

Shakespeare and the Lawyers O Hood Phillips, 2013-04-15 First published in 1972 Shakespeare's writing abounds with legal terms and allusions and in many of the plays the concept and working of the law is a significant theme Shakespeare and the Lawyers gives a comprehensive survey of what Shakespeare wrote about the law and lawyers and what has been written particularly by lawyers about Shakespeare's life and works in relation to the law The book first reviews the recorded facts about Shakespeare's life and works and his connection with the Inns of Court It then discusses legal terms allusions and plots in the plays Shakespeare's treatment of the problems of law justice and government his description of lawyers and officers of the law his references to actual legal personalities and his trial scenes Two further chapters consider the criticisms that have been made of Shakespeare's law and the contribution to Shakespeare studies by lawyers

The Intricacies of Dicta and Dissent Neil Duxbury, 2021-08-12

Common law judgments tend to be more than merely judgments for judges often make pronouncements that they need not have made had they kept strictly to the task in hand Why do they do this The Intricacies of Dicta and Dissent examines two such types of pronouncement obiter dicta and dissenting opinions primarily as aspects of English case law Neil Duxbury shows that both of these phenomena have complex histories have been put to a variety of uses and are not amenable to being straightforwardly categorized as secondary sources of law This innovative and unusual study casts new light on and will prompt lawyers to pose fresh questions about the common law tradition and the nature of judicial decision making

Ideological Heritage Vol 2 William Howard Greenleaf, 2013-10-08 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Jurists and Judges** Neil Duxbury, 2001-04-17 Jurists and Judges examines the nature of academic influence and particularly the influence of juristic commentary on judicial decision making Focusing on three legal systems its author argues that inter jurisdictional comparisons of juristic influence are often simplistic and inattentive to problems of incommensurability The centrepiece of the study is a detailed chapter offering a nuanced history of juristic influence in England All academic lawyers who reflect upon the history and objectives of their profession who in other words wonder what it is that they are about will profit from reading this most informative and engaging book *Astonishment and Science* Paul Tyson, 2022-12-27 Science can reveal or conceal the breathtaking wonders of creation On one hand knowledge of the natural world can open us up to greater love for the Creator give us the means of more neighborly care and fill us with ever deepening astonishment On the other hand knowledge feeding an insatiable hunger for epistemic mastery can become a means of idolatry hubris and damage Crucial to world respecting science is the role of wonder curiosity perplexity and astonishment In this volume philosopher William Desmond explores the relation of the different modes of wonder to modern science Responding to his thought are twelve thinkers across the domains of science theology philosophy law poetry medicine sociology and art restoration Introduction Paul Tyson The Dearth of Astonishment On Curiosity Scientism and Thinking as Negativity William Desmond Preparing to Paint the Virgin s Robe Spike Bucklow Cultivating Wonder Steven Knepper The Astonishment of Philosophy William Desmond and Isabelle Stengers Simone Kotva Astonishment and the Social Sciences Paul Tyson Curiosity Perplexity and Astonishment in the Natural Sciences Andrew Davison Scientism as the Dearth of the Nothing Richard J Colledge The Determinations of Medicine and the Too Muchness of Being Jeffrey Bishop Attending to Infinitude Law as in between the Overdeterminate and Practical Judgment Jonathan Horton Life s Wonder Simon Oliver Being in Control Michael Hanby Wondering about the Science Scientism Distinction D C Schindler Basil and Desmond on Wonder and the Astonishing Return of Christian Metaphysics Isidoros C Katsos The Children of Wonder On Scientism and Its Changelings William Desmond The Death of Humanity Richard Weikart, 2016-04-04 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country Legal Culture in the Early Medieval West Patrick Wormald, 1999-01-01 Wormald s essays seek to establish that legal history is not just the history of law

nor even that of society but also that of elite and popular culture in complex and creative symbiosis This collection will appeal to all interested in the institutions and ideologies of the premodern world **BOOK JACKET** The Law of Contract 1670-1870 Warren Swain,2015-02-12 The foundations for modern contract law were laid between 1670 and 1870 Rather than advancing a purely chronological account this examination of the development of contract law doctrine in England during that time explores key themes in order to better understand the drivers of legal change These themes include the relationship between lawyers and merchants the role of equity the place of statute and the part played by legal literature Developments are considered in the context of the legal system of the time and through those who were involved in litigation as lawyers judges jurors or litigants It concludes that the way in which contract law developed was complex Legal change was often uneven and slow and some of the apparent changes had deep roots in the past Clashes between conservative and more reformist tendencies were not uncommon **A Generation Abandoned** Peter D. Beaulieu,2017-04-26 A Generation Abandoned explores the disruptive cultural events especially of the past half century as these have undermined the confidence of the young in themselves and in civil society and finally in our place in the universe The overall theme is the contrast between this sense of abandonment and our inborn and neglected orientation toward personal worth and the common good the natural law Much of what is peddled as social evolution today is shown to be a throwback to darker times The analysis submits to a refreshingly conversational tone but also draws incisively from a very broad pallet of history literature theater theology and simplifying and illuminating anecdotes some of them first hand An early chapter outlines the perfect storm of the 1960s Later chapters expose the word games of the cultural elite the saga of the family through history and now its abrupt erosion and the difference between any meandering arc of history and a more grounded arc of relations our rationalized culture of death versus a flourishing human ecology The Clique ,1957 Thinkers of the Twentieth Century Roland Turner,1987 Major thinkers in various intellectual disciplines are featured in Thinkers of the Twentieth Century Your patrons will find this guide a perfect start to their studies on 450 intellectuals from philosophy theology literary criticism aesthetics history social sciences politics and the sciences Entries are divided into two parts Part One includes a biography complete bibliography and reading list of the major books and articles written about the entrant Part Two consists of an extended 1 000 to 3 000 word essay on the entrant These essays explain in clear comprehensible language the work of the entrant and his her influence on the intellectual of the 20th century Evolution and Society J. W. Burrow,1966 An investigation of the reasons why Victorian pioneers of social science were habitually approaching the study of other societies with largely positivistic and evolutionary methodologies **Darwinian Evolution and Classical Liberalism** Stephen C. Dilley,2013-05-02 Darwinian Evolution and Classical Liberalism canvasses an array of thinkers from the past to the present as it examines fundamental political philosophical ethical economic anthropological and scientific aspects of the ferment between Darwinian biology and classical liberalism Early chapters focus on classical thinkers like John Locke and Adam Smith while later chapters provide

analyses of present day classical liberals focusing especially on F A Hayek Thomas Sowell and Larry Arnhart the most prominent advocates of contemporary classical liberalism Thematically the volume falls into three parts Part I examines foundational matters arguing that Darwinism and classical liberalism hold incompatible visions of morality human nature and individual autonomy This section also contends that the free market s spontaneous order is fully compatible with a teleological or non Darwinian view of the universe Part II turns to contemporary applications contending that Darwinism and classical liberalism are at odds in their views of or implications about limited government vital religion economic freedom and the traditional family This section also argues that since its inception Darwinism has attenuated core tenets and values of classical liberalism and Western civilization Part III of the volume contains alternative views to those in the first two parts adding critical diversity to the book Respectively these chapters hold that Darwinian evolution simply has little to say about classical liberalism an evolutionary account of human volition is fully compatible with the individual choice presupposed in classical liberalism and evolutionary naturalism unlike religious alternatives provides a strong foundation for freedom morality and the traditional family *Auction Catalogs, Hodgson's Rooms* Sotheby Parke Bernet & Co,1972 *Thinkers of the Twentieth Century* Elizabeth Devine,1983 The Spinozistic Ethics of Bertrand Russell Kenneth Blackwell,2013-01-03

Bertrand Russell s professional philosophical reputation rests mainly on his mathematical logic and theory of knowledge In this study first published in 1985 however Kenneth Blackwell considers Russell s writings on ethics and metaethics and uncovers the conceptual unity in Russell s normative ethic He traces that unity to the influence of Spinoza s central ethical concept the intellectual love of God and then evaluates the ethic which he terms impersonal self enlargement The introduction discusses the metaethical background to Russell s ethic and the difficulties inherent in Russell s view that ethical knowledge is not possible The first section then examines Russell s writings on Spinoza from 1894 to 1964 dividing them into three periods the second part analyzes Russell s two interpretations of the main concept traces impersonal self enlargement in Russell s own ethical writings and evaluates the ethic in relation to other ethical theories and on its own merits as a way of living This book provides a foundation for a positive re evaluation of Russell s status in the major philosophical field of ethics and will be welcomed by students of moral philosophy as well as those interested in Bertrand Russell s works Guide to the Records of the Lord Chancellor's Department Patrick Polden,1988

Getting the books **Pollockholmes Letters 2 Vols** now is not type of challenging means. You could not abandoned going past books heap or library or borrowing from your connections to door them. This is an entirely easy means to specifically get guide by on-line. This online broadcast Pollockholmes Letters 2 Vols can be one of the options to accompany you considering having extra time.

It will not waste your time. acknowledge me, the e-book will utterly song you extra concern to read. Just invest tiny period to admittance this on-line pronouncement **Pollockholmes Letters 2 Vols** as skillfully as evaluation them wherever you are now.
