Pollution Control for Industrial Coal-fired Boilers Jan L. Vernon, 1990 *Fossil Energy Update*, 1978 Control of mercury emissions from coal-fired electric utility boilers interim report including errata dated 3/21/02, **Air Pollution Control Compliance Analysis Report on Coal-fired Industrial Boilers** Howard Wright, Michael P. Dowling, Andrew H. Wms, York Research Corporation, United States. Environmental Protection Agency. Division of Stationary Source Enforcement, 1976 **Energy Research Abstracts**, 1995 **EPA Journal**, 1986 **International Conference on Energy and Power Engineering (EPE2014)**, 2014-06-24 The 2014 International Conference on Energy and Power Engineering EPE2014 will be held on April 26-27, 2014 in Hong Kong, China. The aim of this international convention is to bring together experts and scholars from around the world and offer them a chance to share the latest research results in the field of Energy and Power Engineering. We all know that over the past few decades a great change has happened in the field of the environment; technology and the science technology is growing faster and faster. In order to keep up with the daily changing situation, we have sent invitations to experts, scholars, and other people who have devoted themselves in related fields, and it is a great honor to us that most of them have accepted our invitation and supported the EPE2014 with their latest studies. Up till now we have received over three hundred papers from various countries; this shows that there has been a growing interest in the field of energy and power engineering. Among those papers received, we have eventually chosen about a hundred to be presented and included in this proceeding. These papers generally represented the current research status in this field and the future trend. We sincerely believe that these papers could be valuable to the future work of yours. Finally, on behalf of the committee, I would like to deeply express our gratitude to those who have supported the EPE2014, especially the international experts who helped reviewing papers; the DEStech Publications help publish the conference proceedings; and last but not least, the authors of these inspiring papers. Without the help from these people, EPE2014 would not be as half successful as it is now. Here, welcome to EPE2014 and let's hope that it will be a great success. Tim Chou **Advances in Urban Construction and Management Engineering** Young-Jin Cha, 2023-02-24 *Advances in Urban Construction and Management Engineering* focuses on the research of urban traffic, city engineering, ecological city, and management engineering. The proceedings feature the most cutting-edge research directions and achievements related to Urban Construction. Subjects in the proceedings include Urban development and construction, Architectural design and urban planning, Logistics and supply chain management, Management engineering. The works of this proceedings can promote development of Urban Construction and Management Engineering, resource sharing, flexibility, and high efficiency. Thereby promote scientific information interchange between scholars from the top universities, research centers, and high-tech enterprises working all around the world. *Report summaries* United States.
