*Ghosts and Poltergeists in History* Anita Croy,2019-07-15 One reason why supernatural ghost films are so terrifying is simple ghosts may actually exist Ghosts pop up everywhere in popular culture but the ideology behind them has its roots deep in history The belief in life beyond death and hauntings started in ancient Mesopotamia and Egypt then grew over time as did ghost traditions and superstitions around the world It s difficult to ignore the numerous accounts of ghost and poltergeist sightings so readers beware some of these tales may seem a bit too realistic for comfort

*Ghost Hunting* Michael Clarkson,2015-07-15 Poltergeists mischievous spirits ghosts of the dead or other strange energies are said to be responsible for a good deal of unexplainable phenomena However often the only clues they leave to their existence are floating objects broken or missing household items strange noises and other minor disturbances always rendering the investigations of such claims inconclusive Leaving room for both believers and skeptics the author of this volume examines a smattering of reported poltergeist activity from spooky to thrilling to playful from around the world to

P. G. Maxwell-Stuart, 2011-12-15 The story of violent ghost phenomena through the ages      *The Secret History of Poltergeists and Haunted Houses* Claude Lecouteux, 2012-04-26 What poltergeist accounts through the ages reveal about our own worldviews Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world Explores the relationship between poltergeists and troubled adolescence Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions knocking stone or chair throwing moving objects with invisible hands and slamming or opening doors are a constant through the ages What changes is how we interpret this activity For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household The medieval Christian church demonized these once helpful spirits and held exorcisms to expel them from the houses they haunted which proved effective less than half the time The Age of Enlightenment cast these incidents as clever hoaxes and many still believe this today But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks What then is behind this phenomenon Exploring accounts of poltergeists from ancient Greece and Rome medieval Europe and the modern world Claude Lecouteux finds that while our interpretations of poltergeists may change the manifestations always follow a similar course and evolution He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house Looking beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world a relationship we must take care to keep in balance

*Hauntings and Poltergeists* Loyd Auerbach, 2005-06-15 Explains the theories behind ghostly phenomena from the perspective of parapsychology Covers whether or not anyone can prove the existence of ghosts What these hauntings and poltergeists are and what they tell us about human experience How knowledge of parapsychological lab research enhances understanding of apparitions hauntings and poltergeists both from the perspective of an investigator and the people who encounters them How investigators can recognize and enhance their psychic abilities Written by a world renowned ghostbuster Loyd Auerbach      **Poltergeists** Michael Clarkson, 2006 A compelling examination of poltergeist phenomena At least thirty five police officers around the world in at least thirteen separate cases dating back to 1952 claim to have witnessed some form of poltergeist activity Nine of them were assaulted by what they say was a poltergeist but none was seriously injured and no one has been charged nor have the mysteries been solved definitively There are numerous cases of hauntings studied throughout the world every year many of which hold up to close scrutiny Poltergeists takes a look at a number of these in depth case studies An eleven year old boy inhabited by a poltergeist who causes photographs to become

**Ghosts and Poltergeists** David West,2006-01-15 In graphic novel format illustrates three cases of humans interacting with ghosts or poltergeists *Poltergeists* Nigel Cawthorne,Rupert Matthews,2009-09-01 This book is an exploration of the phenomenon from earliest times to the present day that highlights the variety of activities of these most frightening of phantoms the efforts of researchers to document and understand the phenomenon and the explanations that have been put forward Written in an easy reading style that makes this potentially complex and difficult subject understandable to the non specialist True Tales of the Paranormal Kimberly Molto,2002-09-01 There are things in this world that we cannot explain and occurrences that make us ponder the very nature of our existence True Tales of the Paranormal is an intriguing examination of reincarnation premonitions and other spooky inexplicables from a scientific perspective exploring modern scientific theories and current research The author also provides suggestions on how to deal with paranormal experiences and where to go for help and information Even readers who have never had psychic experiences will be drawn into the lives of those who have and will be left questioning the world as we know it **Poltergeists** Hans Holzer,2012-09-25
