Polyeucte De Corneille:

Polyeucte De Corneille Carrel, Jean Calvet, Jammes, Mauriac, 2004-01-01 **Polyeucte de Corneille** S. Calvet,

Polyeucte de Corneille Jean Calvet, 1944 **Aspects of Seventeenth-Century French Drama and Thought** Robert McBride, 1979-06-17 , **A Delicate Choreography** David Sabeau, 2023-10-24 The origins of the incest taboo have puzzled many of the most influential minds of the West from Plutarch to St Augustine St Thomas Aquinas Martin Luther David Hume Lewis Henry Morgan Sigmund Freud Emile Durkheim Edward Westermarck and Claude Lévi Strauss This book puts the discussion of incest on a new foundation It is the first attempt to thoroughly examine the rich literature from philosophical theological and legal treatises to psychological and biological genetic studies to a wide variety of popular cultural media over a long period of time The book offers a detailed examination of discursive and figurative representations of incest during five selected periods from 1600 to the present The incest discussion for each period is complemented with a presentation of dominant kinship structures and changes without arguing for causal relations Part I deals with the legacy of ecclesiastical marriage prohibitions of the Middle Ages Historians dealing with the Reformation have wondered about the political and social implications of theological debates about the incest rules the Enlightenment opted for sociological considerations of the household and a new anthropology based on the passions Baroque discourse focused upon sexual relations among kin by marriage while Enlightenment and Romantic discussions worried the intimacy of siblings The first section of Part II deals with the six decades around 1900 during which European and American cultures obsessed about the sexuality of women Almost everyone concurred in the idea that mother made the family what it was that she configured the household kept the lines of kinship vibrant and stood at the threshold as stern gatekeeper and many thought that she managed these tasks through her sexuality and an eroticized relationship with sons Another story line taken up in the section Intermezzo this one about the physical and mental consequences of inbreeding appeared after 1850 To what extent do close kin marriages pose risks for progeny At its center lay the incest problematic now restated Is avoidance of kin genetically programmed Do all cultures know about risks of consanguinity As for the twenty first century evolutionary and genetic assumptions are challenged by a living world population containing roughly one billion offspring of cousin marriages Part III deals with one of the perhaps most remarkable reconfigurations of Western kinship in the aftermath of World War I The shift from an endogamous to an exogamous alliance system centered on the nuclear family An historical anomaly this family form began to dissolve almost as soon as it came together and in the process shifted the focus of incest concerns to a new pairing father and daughter By the 1970s when the father daughter problematic swept all other considerations of incest aside that relationship had come to be modeled for the most part around power and its abusive potential As for incest its representations in the last three decades of the twentieth century no longer focused on biologically damaged progeny but rather on power abuses in the nuclear family sexual abuse By the mid 1990s Western culture at least partly redirected its

gaze away from father and daughter towards siblings especially towards brothers and sisters and the sexual boundaries and erotics of their relationships Correspondingly siblings became a model organism for psychotherapy evolutionary biology and the science of genetics

California Slavic Studies Nicholas V. Riasanovsky, Gleb Struve, Thomas Eekman, 1973 **Queer Velocities** Jennifer Eun-Jung Row, 2022-04-15

Queer Velocities Time Sex and Biopower on the Early Modern Stage explores how seventeenth century French theater represents queer desire In this book the first queer theoretical treatment of canonical French theater Jennifer Eun Jung Row proposes that these velocities moments of unseemly haste or strategic delay sparked new kinds of attachments intimacies and erotics Rather than rely on fixed identities or analog categories we might turn to these affectively saturated moments of temporal sensation to analyze queerness in the premodern world The twin innovations of precise portable timepieces and the development of the theater as a state institution together ignited new types of embodiments orderly and disorderly pleasures and normative and wayward rhythms of life Row leverages a painstakingly formalist and rhetorical analysis of tragedies by Jean Racine and Pierre Corneille to show how the staging of delay or haste can critically interrupt the normative temporalities of marriage motherhood mourning or sovereignty the quotidian rhythms and paradigms so necessary for the biopolitical management of life Row s approach builds on the queer turn to temporality and Elizabeth Freeman s notion of the chronobiopolitical to wager that queerness can also be fostered by the sensations of disruptive speed and slowness Ultimately Row suggests that the theater not only contributed to the glitter of Louis XIV s absolutist spectacle but also ignited new forms of knowing and feeling time as well as new modes of loving living and being together

California Slavic Studies, Volume IX Nicholas V. Riasanovsky, Gleb Struve, Thomas Eekman, 2023-11-15

California Slavic Studies Volume IX is a rich academic compilation published by the University of California Press This volume delves into a range of thought provoking topics offering scholarly perspectives on significant aspects of Slavic literature history and culture Featuring essays such as Michael Green s exploration of Kheraskov and Christian tragedy and Donald C Gillis s analysis of the Persephone myth in Mandelstam s *Tristia* the book examines themes that bridge classical influences and Slavic traditions Other notable contributions include investigations into Dostoevsky s letters and Merezhkovsky s religious view of historical processes offering insights into the intersections of religion literature and politics in Slavic contexts Designed for scholars and enthusiasts of Slavic studies this volume embodies the interdisciplinary spirit of the California Slavic Studies series Each essay is grounded in meticulous research enriched by references to both classic texts and contemporary interpretations As part of a celebrated series edited by prominent scholars including Nicholas V Riasanovsky and Gleb Struve this work continues to contribute to the understanding of Slavic intellectual and cultural history serving as an invaluable resource for further academic exploration This title is part of UC Press s *Voices Revived* program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high

quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1976 **The Bombay University Calendar** University of Bombay,1907 **Narratives of the Therapeutic Encounter** Susan Bainbrigge,Maren Scheurer,2020-07-27 This collection of essays explores the ways in which talking therapies have been depicted in twentieth century and contemporary narratives life writings fiction and poetry in French This vibrant corpus of francophone literary engagements of therapy has so far been widely unexplored but it offers rich insights into the connections between literature and psychoanalysis As the number of autobiographical and fictional depictions of the therapeutic encounter is still on the rise these creative outputs raise pressing questions why do narratives of the therapeutic encounter continue to fascinate writers and readers What do these works tell us about the particular culture and history in which they are written What do they tell us about therapeutic and other human encounters The volume highlights the important role that the creative arts have played in offering representations and explorations of our minds our relationships and our mental health or more pressingly ill health The volume s focus is not only on the patient s experience as expressed via the creative act and as counterweight to the practitioner s case study but more specifically on the therapeutic encounter specifically the relationship between therapist and patient The contributors here engage with ideas and methodologies within contemporary psychoanalytic thought including but not limited to those of Sigmund Freud Melanie Klein Andr Green Julia Kristeva Jacques Lacan and Donald Winnicott highlighting the dynamic research culture that exists in this field and maintaining a dialogue between the humanities and various therapeutic disciplines **Narratives of the Therapeutic Encounter** combines the analysis of psychoanalytic and fictional texts to explore the implications that arise from the space between the participants in therapy including creative and aesthetic inspirations therapeutic potentials and ethical dilemmas

Calendar University of Manitoba,1896 **Playing the Martyr** Christopher Semk,2017-01-06 **Playing the Martyr** is a book about the interplay between theater and religion in early modern France Challenging the standard narrative of modernity as a process of increased secularization Christopher Semk demonstrates the centrality of religious thought and practices to the development of neoclassical poetics Engaging with a broad corpus of religious plays poetic treatises devotional literature and contemporary theory Semk shows that religion was a vital interlocutor in early modern discussions concerning the definition of verisimilitude the nature and purpose of spectacle the mechanics of acting and the position of the spectator Well researched and persuasively argued **Playing the Martyr** makes the case for a more complicated approach to the relationship between religion and literature namely one that does not treat religion as a theme deployed within literary works but as an active player in literary invention Indeed it makes the case for a serious reconsideration of the role that religion plays in the development of modern secular literary forms *Grand Dictionnaire Universel [du XIXe Siecle]* *Francais: A-Z 1805-76* Pierre Larousse,1869 **Transnational Encounters in Early Modern Drama, 1450-1750** ,2025-07-03 In this volume you will find contributions on transnational European drama of the early modern period featuring

a range of innovative approaches The volume for the first time covers dramas and theatre plays in Latin English French Polish Dutch and Spanish A second innovation is its combination of literary historical research and digital humanities The topics range from court ballets to the reception of Seneca from visual evidence of commedia dell arte performances to the use of onomastics to trace connections between plays and from TEI tagging to the creation of Wikidata pages and digital networks on the role of the scheming slave in ancient and early modern Europe Contributors include Micha Bajer and Piotr Urbanski Radhika Koul Linda Simonis Nigel Smith Gabriela Villanueva Noriega Barbara Fuchs Thom Pritchard M A Katritzky Justyna ukaszewska Haberkowa Ioana Galleron Neven Jovanovi Julia Beine James A Parente Jr

Current Topics In Astrofundamental Physics - 1st Course In The International School Of Astrophysics "D Chalonge" Normalized Sanchez,1992-11-20 This volume provides an updated understanding of the progress and current problems in the interplay between fundamental physics astrophysics and cosmology In the last years the cross section between these fields has been increasing both at the theoretical and experimental levels particle physics experiments astronomical observations space satellite data Such interplay has fruitfully influenced research activity setting up Astrofundamental physics Topics covered in this volume are early universe large scale structure of the universe dark matter problem cosmic microwave background radiation gravitational wave astronomy and neutrino astrophysics The inter relation between these topics is important and a source of problems at the frontiers of present knowledge and experimental limits Latest available data are constraining theory and models in these topics The book reviews achievements confronts theory and models with observations and provides information on the latest developments and discussions on future prospects It also includes a section on stellar spectroscopy and spectrophotometry which covers Daniel Chalonge s work as well as present progress and future prospects in these fields

Additions to the Library Boston Athenaeum,1885 Catholic Particularity in Seventeenth-Century French Writing Richard Parish,2011-07-28 A vivid account of the belief system of early modern France as expressed in different writing genres from sermons to martyr tragedies lyric poetry to spiritual autobiography Parish considers the distinctive doctrines that the heritage of the Catholic Reformation brought to light

La littérature française au 19e siècle Paul Albert,1886 The Genesis and Sources of Pierre Corneille's Tragedies from Médée to Pertharite Lawrence Melville Riddle,1926
