Approaches to Martial Arts Research, Vol. 1 John Donohue,Douglas Laurent B a,David Lowry B S,2017-09-25 As soon as its first issue was published readers of the Journal of Asian Martial Arts knew that it was unique in providing reliable materials on the subject The journal brought a clearer perspective of Asian martial traditions It presented valuable details on the history theory and practice of various styles Of greater importance the journal set a standard for scholarly research to build the field This anthology conveniently assembles sixteen journal articles that contain useful academic tools for studying the combative arts Each chapter will prove special to all interested in the intellectual side to the martial arts What martial art do you wish to research Is it really a martial art Or is it a martially inspired art practiced only for health or for theatrical performance A number of chapters provide fine details for categorizing the variety of what we commonly refer to as martial arts While demonstrating the complexity of the martial arts as a field of study the authors provide insights and methods that actually clarify and facilitate any discussion of this fascinating subject Other chapters focus on the martial arts as living culture We learn about the physical side of these arts just as we learn about other aspects of culture except that often the martial arts being taught are from Asia It is extremely important to understand just how a foreign art enters and adapts to another culture minus much of its associated history and culture The social implications are enormous as shown in some of the chapters Anyone who practices an Asian martial art may be exposed to related cultural aspects such as Oriental philosophy and social customs These can have an effect on the practitioner s character When elements of different cultures are absorbed their embodiment can be seen in the individual s daily actions The question of violence is paramount in this potentially activity With proper instruction chances are better for a practitioner to experience a self transformation that improves character nurturing qualities such as patience and respect This anthology s table of contents hints the in depth material that fills nearly 300 pages This publication is for those who take researching martial traditions very seriously

The Publishers' Circular and Booksellers' Record ,1910 **Occasional Papers of Bernice P. Bishop Museum** Bernice Pauahi Bishop Museum,1922 *Gender, Power and Sexual Abuse in the Pacific* Emily J. Manktelow,2018-07-26 In 1843 on

the island of Tahiti the evangelical missionary Rev Alexander Simpson was accused of sexually assaulting three of the female students under his care and of taking improper liberties with at least three more The events did not come out in public for at least a decade while Simpson's power in the local community only grew and rumblings relating to his wrong doings were ruthlessly crushed By exploring the case of Rev Simpson Emily Manktelow gives us key insights into the gender power and racial dynamics of a particular case of sexual abuse on the frontiers of European colonialism She explores the social and sexual context of clerical abuse considers the hierarchies of gender and power that determined how the case was handled and investigates the nature of colonialism gender and abuse in the 19th century The uncomfortably timely content of *Gender Power and Sexual Abuse in the Pacific* allows us to interrogate the way we deal with and represent issues of abuse authority and childhood It aims to give voice to those whom the archive has silenced and to listen to what they have to tell us about gender sexuality and abuse in the modern world

A catalogue of the library of Bowdoin college; to which is added, an index of subjects Bowdoin college, 1863 *Pacific Passages* Patrick Moser, 2008-05-08 A thousand years after Hawaiians first paddled long wooden boards into the ocean modern surfers have continued this practice which has recently been transformed into a global industry *Pacific Passages* brings together four centuries of writing about surfing the most comprehensive collection of Polynesian and Western perspectives on the history and culture of a sport currently enjoyed by millions of people around the world The stories begin with Hawaiian legends and chants and are followed by the journals of explorers the travel narratives of missionaries and luminaries such as Herman Melville Mark Twain and Jack London and the contemporary observations of Tom Wolfe William Finnegan Susan Orlean and Bob Shacochis Readers follow the historical transformation of surfing's image through the centuries from Polynesian myths of love to Western accounts of horror and exoticism in the eighteenth and nineteenth centuries to modern representations of surfing as a character building activity in pre World War II California and the quintessential expression of disaffected youth They explore the sport's most recent trends by writers and cultural critics whose insights into technology competition gender heritage and globalism reveal how surfing impacts some of today's most pressing social concerns Aided by informative introductions the writings in *Pacific Passages* provide insight into the values and ideals of Polynesian and Western cultures revealing how each has altered and been altered by surfing and how the sport itself has shown an amazing ability throughout the centuries to survive adapt and prosper
