McConnell,1981 Ethnobotany of Pohnpei Michael J. Balick,2009-02-26 Ethnobotany of Pohnpei examines the relationship between plants people and traditional culture on Pohnpei one of the four island members of the Federated States of Micronesia Traditional culture is still very strong on Pohnpei and is biodiversity dependent relying on both its pristine habitats and managed landscapes native and introduced plants and animals and extraordinary marine life This book is the result of a decade of research by a team of local people and international specialists carried out under the direction of the Mwoalen Wahu Ileilehn Pohnpei Pohnpei Council of Traditional Leaders It discusses the uses of the native and introduced plant species that have sustained human life on the island and its outlying atolls for generations including Piper methysticum locally known as sakau and recognized throughout the Pacific as kava which is essential in defining cultural identity for Pohnpeians The work also focuses on ethnomedicine the traditional medical system used to address health conditions and its associated beliefs Pohnpei and indeed the Micronesian region is one of the world s great centers of botanical endemism it is home to many plant species found nowhere else on earth The ultimate goal of this volume is to give readers a sense of the traditional ethnobotanical knowledge that still exists in the area to make them aware of its vulnerability to modernization and to encourage local people to respect this ancient knowledge and keep such practices alive It presents the findings of the most comprehensive ethnobotanical study undertaken to date in this part of Micronesia and sets a new standard for transdisciplinary research and collaboration

Upon a Stone Altar David L. Hanlon,2019-09-30 Upon a Stone Altar tells the history of a remarkable people who inhabit the island of Pohnpei in the Eastern Caroline Islands of Micronesia Since the beginnings of intensive foreign contact Pohnpei has endured numerous disruptive conflicts as well as attempts at colonial domination Pohnpeians creatively adapted to change and today live successfully in a modern world not totally of their own making Hanlon uses the vast body of oral tradition to relate the early history of Pohnpei including the story of the building of a huge complex of artificial stone islets Nan Madol Place Names of Pohnpei Island Tom Panholzer,Mauricio Rufino,2003 A wealth of information on the place names of Pohnpei Useful to readers interested in ancient Pohnpei lore as well as contemporary sites **Summoning the Powers Beyond** Jay Dobbin,Francis X. Hezel,2011-09-30 Summoning the Powers Beyond collects and reconstructs the old religions of preindustrial Micronesia It draws mostly from written sources from the

turn of the nineteenth century and the period immediately after World War II reports of the Hamburg South Sea Expedition of 1908 1910 articles by German Roman Catholic missionaries in Micronesia included in the journal *Anthropos* and reports by the Coordinated Investigation of Micronesian Anthropology CIMA and the American Board of Commissioners of the Foreign Missions ABCFM A detailed introduction and an overview of Micronesian religion are followed by separate chapters detailing religion in the Chuukic speaking islands Pohnpei Kosrae the Marshall Islands Yap Palau Kiribati and Nauru The Chamorro speaking group of the Marianas is omitted because lengthy periods of intense military and missionary activity eradicated most of the local religion The Polynesian outliers Nukuoro and Kapingamarangi are discussed at the end primarily to underscore the contrasts between Polynesian and Micronesian religion In a concluding chapter the author highlights the similarities and differences between the areas within Micronesia and then attempts an appreciation or evaluation of Micronesia religion Finally he addresses the evidence of a tentative hypothesis that Micronesian religion is sufficiently different from that of Polynesia and Melanesia to justify the continued claim of a separate Micronesian religion

[Tribal Tattoo Encyclopedia](#) Radomir Fiksa,2021-09-04 The Tattoo Encyclopedia provides the first comprehensive overview of tribal tattooing across history continents and ethnicities Each group clan or community that practiced tattooing had its own places where people prepared for tattooing or where tattooing was performed Tattoo sessions were accompanied by music songs or other rituals They had tattoo artists and their assistants Of course they used various tattoo tools to carry and apply the designs Last but not least they also used different ingredients to obtain the inks for the tattoos For all this the different communities had their own names and terms in their own language or dialect and it is these terms including descriptions often already lost in history that this book presents

Committee on Energy and Natural Resources,1984 [Pacific Places, Pacific Histories](#) Brij V. Lal,2004-04-30 Places matter We are shaped by them and in turn we shape them physically and imaginatively They connect us to time and locality perhaps even to life and death itself This is a book about places and how our engagement with them complex changing and varied forms and transforms our understanding of them of ourselves of the human condition

itself Pacific Places Pacific Histories brings together leading Pacific Islands studies scholars and invites them to talk about the places they have inhabited and to contemplate the meaning of that experience The result is a veritable collage of reflections distinct and different from each other but moving in their collective impact Our engagement with places becomes daily more complicated with the transnational movement of peoples ideas technologies and cultures Global capitalism relentlessly alters established ethnographic assumptions about the meaning and importance of where we are and have been The essays presented here are about letting go learning and un learning transgressing physical emotional and intellectual boundaries They are about personal quests narrated in distinctive voices raising particular concerns Together they contribute significantly to our understanding of how small islands in a vast ocean enable us to see ourselves and the world around us

Tattooing the World Juniper Ellis, 2008-03-03 In the 1830s an Irishman named James F O Connell acquired a full body tattoo while living as a castaway in the Pacific The tattoo featured traditional patterns that to native Pohnpeians defined O Connell's life they made him wholly human Yet upon traveling to New York these markings singled him out as a freak His tattoos frightened women and children and ministers warned their congregations that viewing O Connell's markings would cause the ink to transfer to the skin of their unborn children In many ways O Connell's story exemplifies the unique history of the modern tattoo which began in the Pacific and then spread throughout the world No matter what form it has taken the tattoo has always embodied social standing aesthetics ethics culture gender and sexuality Tattoos are personal and corporate private and public They mark the profane and the sacred the extravagant and the essential the playful and the political From the Pacific islands to the world at large tattoos are a symbolic and often provocative form of expression and communication **Tattooing the World** is the first book on tattoo literature and culture Juniper Ellis traces the origins and significance of modern tattoo in the works of nineteenth and twentieth century artists travelers missionaries scientists and such writers as Herman Melville Margaret Mead Albert Wendt and Sia Figiel Traditional Pacific tattoo patterns are formed using an array of well defined motifs They place the individual in a particular community and often convey genealogy and ideas of the sacred However outside of the Pacific those who wear and view tattoos determine their meaning and interpret their design differently Reading indigenous historiography alongside Western travelogue and other writings Ellis paints a surprising portrait of how culture has been etched both on the human form and on a body of literature
