Jerome Dyson (Wright)

Poor, Black and In Real Trouble

About the Author

Jerome Dyson (Wright) completed school, attended college, and became a teacher—all while serving a thirty-year sentence in the Maryland penitentiary. Born in Baltimore in 1938, Jerome acquired more of his education on the streets of Pennsylvania Avenue than in the Baltimore schools he managed to attend.

While still in school, he was arrested at the age of sixteen and sentenced to ten years in reform school for his part in a series of armed robberies performed by a group known as the "Black Stocking Bandits." While at the reformatory he read books and broadened his mind, only to return to the streets two years later, and the vicious circle started again. Three years later he began his thirty-year sentence, again for armed robbery.

After serving nine years, Jerome Dyson (Wright) was returned to society, where he attended Morgan State College at night and ventured into a car-wash business. This failing, he worked as a case worker at a halfway house and the Model Cities Program. In 1973 funding was withdrawn from the program, but Jerome still serves as director of this halfway house, without salary, which still makes him *Poor, Black and in Real Trouble*.

Slick Revenge Joseph Nazel, 1974 *The Shakedown* Joseph Nazel, 1975 **The Overcome A Black Passover** Peter W. D. Bramble Ph.D., 2023-02-26

The Overcome a liturgy of black remembrance modeled on the Jewish Passover The awesome history of the passage since capture in Africa invites comparison with the Hebrew exodus and even the Holocaust Instead of recoiling from the hypercharged distinctions on both sides scholars might do well to follow the lead of Father Bramble and of Julius Lester Twenty one years have now passed since the Civil Rights Movement was consummated in the death sacrifice of Dr Martin Luther King Jr Dr King was concerned about this question Where do we go from here He addressed that issue in economic and political terms in 1967 This book is also concerned about that very question Where do we go from here But its answer is different in the first instant I believe that the first move out of the crossroads or dilemma that is suggested by this question about direction must be essentially conceptual For there is no lack of programs activities or even money in the black communities of America We have enough of those The lack resides elsewhere and the solution as this book will indicate is rather simple But it does not reside in programs economics or things material It is a conceptual solution that is needed and that will be offered in this book This book is not written to become one among many others that treat black problems but it is written with the intent that it will serve to change the character and stature of blacks the world over It seeks to change character not by changing the name blacks are called or call each other one more time but by simply adding to the repertoire of black thinking certain essential concepts that are missing concepts about triumph winning the Overcome Some would immediately think that this book is simply playing with words Wrong One cannot think without concepts Concepts are more than words alone They carry descriptions prescriptions imperatives conditions etc with them whether spoken or not For example to tell someone you love that the roads outside are icy gives more than a simple description There is a silent imperative a command if you will to be careful in walking or driving And anyone who understands the true meaning of icy roads would immediately pick up the hidden imperative In like manner when through this book I declare the Overcome for blacks worldwide I am not simply changing the lyrics of a good and popular hymn or song We Shall Overcome After we establish the Overcome a black Passover the character of the black man and woman will change forever They will now be known as men and women who overcome whatever is negative in their lives or community The Overcome then becomes a character trait It is not about money in the first instance it will be consequently but about black propensities predispositions tendencies habits and character All the missing victory sub concepts relevant to the black man must now be plugged into the matrix of the super concept of the Overcome The black preacher and other leading change agents will need to offer saving content to the black Overcome ideas that are already present in the community but which cannot take root until they are incorporated in the shared value of the society The Overcome will collect and hold will

interpret and pass on the successes winnings triumphs victories large and small of the community The Overcome which must be celebrated yearly on April 4 around Passover and Easter on the day our primary martyr was sacrificed will guarantee that as other more creative minds get to work on this redeeming concept of the Overcome The black Overcome like the Jewish Passover marks the beginning not the end of a victorious walk into the future *A Mother's Love* D.A. Rabb,2011-02-24 Life couldn t be better for Chanda Jackson She has a successful career as an investigating reporter for The Gambler Newspaper and is engaged to marry the man of her dreams and become the mother to his six year son Her special report on young African American girls being abducted and force into the sex slave business has anger of some powerful people Her world is turned upside down as her fianc turns up missing and is presumed dead leads to her being involved in a custody battle for his son If that isn t enough to deal with she arrested for the murder of an ex boyfriend Read this captivating story of a woman s fight keep the child that she has raised as her own and to prove her innocence **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office,1977 **The Rise and Demise of Black Theology** Alistair Kee,2008-04-30 Black Theology emerged in the 1960s as a response to black consciousness In South Africa it is a critique of power in the UK it is a political theology of black culture The dominant form of Black Theology has been in the USA originally influenced by Black Power and the critique of white racism Since then it claims to have broadened its perspective to include oppression on the grounds of race gender and class In this book Alistair Kee contests this claim arguing that Black and Womanist Theologies present inadequate analysis of race and gender and no account at all of class or economic oppression With a few notable exceptions Black Theology in the USA repeats the mantras of the 1970s the discourse of modernity Content with American capitalism it fails to address the source of the impoverishment of black Americans at home Content with a romantic image of Africa this African American movement fails to defend contemporary Africa against predatory American global ambitions Blacks in the West Kee claims here are no longer the victims they are the voters and consumers who should be able to influence western governments the American government in particular into changing policies towards Africa in particular and the third world in general This book does not argue that Black theologians should give up but that they should move on for the sake of the black poor in America the black poor in Africa and the third world The failure of Black theologians to do so is a cause for concern beyond the circle of practitioners of Black theology *Celebrating the James Partridge Award* Diane L. Barlow,Paul T. Jaeger,2016-12-22 Winners of the James A Partridge Outstanding African American Information Professional Award examine issues of race inclusion diversity and justice Their insights are complimented by the writings of other scholars educators and practitioners who study teach about and experience issues of race in the field firsthand **The Ghetto** Ray Hutchison,2018-04-19 This book discusses more general consideration of marginalized urban spaces and peoples around the globe It considers the question Is the formation and later dissolution of the Jewish ghetto an appropriate model for understanding the experience of other ethnic or racial populations Double Trouble J. Phillip

Thompson III, 2005-12-01 J Phillip Thompson III an insider in the Dinkins administration provides the first in depth look at how the black mayors of America's major cities achieve social change Black constituents naturally look to black mayors to effect great change for the poor but the reality of the situation is complicated Thompson argues that African American mayors legislators and political activists need to more effectively challenge opinions and public policies supported by the white public and encourage greater political inclusion and open political discourse within black communities Only by unveiling painful internal oppressions and exclusions within black politics will the black community's power increase and compel similar unveilings in the broader interracial conversation about the problems of the urban poor Tracing the historical development and contemporary practice of black mayoral politics this is a fascinating study of the motivations of black politicians competing ideologies in the black community and the inner dynamics of urban social change *Murdering Americans* Ruth Dudley Edwards, 2024-04-02 Academia n a profession filled with bad food knee jerk liberalism and murder Being a member of the House of Lords and Mistress of St Marthas College in Cambridge might seem enough to keep anyone busy but Baroness Jack Troutbeck likes new challenges When a combination of weddings work and spookery deprives her of five of her closest allies she leaps at an invitation to become a Distinguished Visiting Professor on an American campus With her head full of romantic fantasies inspired by 1950s Hollywood and accompanied by Horace her loquacious and disconcerting parrot this intellectually rigorous right winger sets off from England blissfully unaware that academia in the United States is dominated by knee jerk liberalism contempt for Western civilization and the institutionalisation of a form of insane political correctness Will the bonne viveuse Baroness Troutbeck be able to cope with the culinary and vinous desert that is New Paddington Indiana Can this insensitive and tactless human battering ram defeat the thought police who run Freeman State University like a gulag Does she believe the late Provost was murdered If so what should she do about it And will she manage to persuade Robert Amiss who describes himself bitterly as Watson to her Holmes and Goodwin to her Nero Wolfeto abandon his honeymoon and fly to her side *Baltimore Revisited* P. Nicole King, Kate Drabinski, Joshua Clark Davis, 2019-08-09 Nicknamed both Mobtown and Charm City and located on the border of the North and South Baltimore is a city of contradictions From media depictions in *The Wire* to the real life trial of police officers for the murder of Freddie Gray Baltimore has become a quintessential example of a struggling American city Yet the truth about Baltimore is far more complicated and more fascinating To help untangle these apparent paradoxes the editors of *Baltimore Revisited* have assembled a collection of over thirty experts from inside and outside academia Together they reveal that Baltimore has been ground zero for a slew of neoliberal policies a place where inequality has increased as corporate interests have eagerly privatized public goods and services to maximize profits But they also uncover how community members resist and reveal a long tradition of Baltimoreans who have fought for social justice The essays in this collection take readers on a tour through the city's diverse neighborhoods from the Lumbee Indian community in East Baltimore to the crusade for environmental

justice in South Baltimore Baltimore Revisited examines the city's past, reflects upon the city's present and envisions the city's future

The Crisis, 1983-08 The Crisis founded by W E B Du Bois as the official publication of the NAACP is a journal of civil rights history, politics and culture and seeks to educate and challenge its readers about issues that continue to plague African Americans and other communities of color For nearly 100 years The Crisis has been the magazine of opinion and thought leaders, decision makers, peacemakers and justice seekers It has chronicled informed, educated, entertained and in many instances set the economic, political and social agenda for our nation and its multi ethnic citizens

No Free Ride
Kweisi Mfume, Ronald Stodghill, II, 1997-05-06

Courageous, Uplifting, Triumphant The story of Kweisi Mfume is a classic American saga Uprooted from the rural tranquillity of Turners Station and thrust upon the gritty streets of west Baltimore the child born Frizzell Gray seemed fated to become another statistic of Black urban pathology In a household shattered by domestic violence and emotional strife Frizzell had only the strong arms of his loving mother to protect him and his three younger sisters But when he was sixteen years old his cancer stricken mother died in his arms and his world was shattered To survive he turned to the streets He dropped out of school, worked odd jobs and hustled for money Torn apart by the rough code of street gangs and the Vietnam war that sent his best friends home in body bags Frizzell had fathered five children out of wedlock by the time he was twenty two But fate stepped in In a life altering moment of revelation Frizzell saw where he was headed and realized that everything about the old Frizzell Gray would have to die As he embarked on the journey to transform himself he affirmed his spiritual rebirth and took the name Kweisi Mfume Ghanian for Conquering Son of Kings Today a quarter century later Kweisi Mfume is among the most respected and influential leaders in the United States Mfume's journey into the nation's power elite was as rocky as it was colorful from night GED courses to college student activism to militant radio disc jockey where his first philosophical battles were fought against James Brown the Godfather of Soul Mfume's emergence as a political figure broke every rule he parlayed his burgeoning fame as a talk radio provocateur to win a seat as a maverick member of the Baltimore City Council He then took on the local political machine to represent a Congressional district that encompasses both the poorest of the poor and the richest of the rich Once he arrived in Washington Mfume proved to be a bold political strategist facing off against Presidents Reagan, Bush and Clinton on such issues as aid to the Nicaraguan contras, the Civil Rights Bill, Lani Guinier's embattled nomination for Attorney General and sending U S armed forces into Haiti As Chairman of the Congressional Black Caucus he led the CBC through a period of unprecedented dynamism And in international affairs Mfume's relentless campaign to end apartheid has earned him the respect and friendship of Nelson Mandela Far from a kiss and tell political memoir No Free Ride illuminates the forces that helped shape a new wave of Black leaders left to carry the torch for Martin Luther King Jr and Malcolm X Mfume moves beyond the divisive rhetoric of white fear and Black anger generated by the assault on affirmative action, the O J verdict and the Million Man March He exposes the myth of arrogant self righteous values and affirms the real value of values And while Mfume

asserts that the government can't and won't solve every one of our problems he doesn't hesitate to indict those who collude in the soul murder of America's poor and forgotten In this candid and insightful memoir Mfume reminds us that everything has a price and that as citizens of a democracy none of us can expect a free ride His visionary blueprint for all Americans white and Black can guide us as we face the challenge of fashioning a society in which our two nations can at last become one
