Johnson, 2025-07-29 Talking with God examines the neuroscience of belief and belief change related to prayer It puts forward a model based on neuroscience and theology to understand how God speaks to us individually and inspires us through the human capacities for language and imagination Offering a fresh integrated perspective for those who struggle with the dissonance between their experience in the physical world and a healing spiritual life this work navigates a path to reconcile religious spirituality with science It also sheds light on an integrated view of science and religious belief accepting the physicality of consciousness while allowing for spirituality in the form of divine inspiration Talking with God is an original academic contribution to the field of science and religion and an indispensable read for researchers and readers interested in the concept of belief and belief change from a neuroscientific perspective

and find strength for our everyday challenges **In Conversation with God** Francis Fernandez,1988 This is a translation of *Hablar con Dios* first published by Ediciones Palabra Madrid and by Scepter Catechetical Sessions on Christian Prayer Laurie Delgatto,Mary Shrader,2004 By teaching young people to pray you can open for them a way to communicate on a deeply personal level with God who is the source of all holiness By inviting them to explore different forms of personal prayer you will encourage them to expand their image of God and their expectations of prayer By challenging them to look at communal prayer you will remind them that their role in building God s Reign and as a part of the Body of Christ is important unique and valued This manual can help you give young people the tools to pray all ways and always and enable them to build their relationship with God on a solid foundation Conversing with God Jerome N Terry,2020-05-08 The book is a series of prayers using scripture as the catalyst for the ensuing prayer In some Christian circles they might be identified as a Collect **Effective Prayers** Rev. Robert Antwi,2012-09 Many payers go without answered so I decided to seek the face of God to know how Christians will be able to get their prayers answered Since I became a Christian in August 1984 I have seen most of my prayers answered in a very special way so I would like to share with you some of the secrets I learned in getting my prayers answered Our God is a prayer answering God First we must have faith in God and trust that He is prepared to answer when we call on Him But without faith it is impossible to please him for he that cometh to God must believe that he is and that he is a rewarder of them that diligently seek him Heb 11 6 Prayer is diligently seeking the face of God so if we are going to pray then we should believe that God is going to listen and answer our prayer *Hearing God in Conversation* Sam Williamson,2016-06-27 I picked it up out of curiosity and I couldn t put it down Eugene Peterson Christians are comfortable saying that Christianity is about a relationship with God Yet many might also say that they sense little meaningful relationship with God in their own lives After all the foundation of good relationship is communication but conversation with God often seems to go only one way We may sing of walking and talking with God in the garden His voice falling on our ears but few have heard that beloved voice themselves Sam Williamson acknowledges the fundamental human longing to hear God s voice and offers a hopeful supposition God is always speaking we ve just never been taught how to recognize His voice Williamson handles this potentially heady topic with his characteristic straightforwardness and leavening humor This book deftly bridges the gap between solid biblical theology and practical application addressing topics such as how to truly pray without ceasing how to brainstorm with God how to navigate our emotions how to answer God s questions and how to hear God s voice for others *Hearing God in Conversation* offers simple step by step lessons on how to hear God Williamson begins with Scripture meditation He then expands the practice of listening for that voice everywhere in the checkout line on the job in a movie theater and even in silence From there he demonstrates how to hear God s guidance when making any decision By the end readers eyes and ears will be opened to the limitless methods through which God speaks **Prayer Starters** Suzanne Eller,2022-10-11 This is not a book on how to pray There are many great books on that topic Instead *Prayer Starters*

is a creative interactive invitation to help you pray right where you are If you ask a woman if she wants to pray the answer is almost always yes If you ask that same believer if she ever struggles to pray not surprisingly the answer is the same So Suzanne Eller has provided the lead in to 90 conversations with God about the difficult season you're in whether in your prayer time or in the middle of the night when there are no words to be found A topical index and space for readers to write in your own words will help you replace the fear of not knowing what to say with the power of simply showing up trade a list of rules for taking one small step and stop comparing your prayer life to others as you discover the beauty of your own It's not the longevity of your faith that determines your struggle It's the clash between your longing to connect and all the things that seem to stand between you and prayer Allow this book to draw you into daily intimate conversations with a God who loves you like crazy

Prayer Stanley James Grenz, 2005 Petition has always stood at the heart of the manner in which evangelicals pray But why is petitionary prayer important Grenz presents petitionary prayer as a crucial aspect of the coming of God's kingdom on Earth and challenges the contemporary church to recapture what it means to be a church that prays

Prayer: A Guide for the Perplexed Ashley Cocksworth, 2018-07-12 Central to the Christian life is the practice of prayer But what theologically speaking is going on when we pray What does prayer have to do with religious belief and action Does prayer make a difference Prayer A Guide for the Perplexed addresses these and other key questions regarding the Christian theology of prayer Beginning with Evagrius of Ponticus's On Prayer Ashley Cocksworth finds in this early document a profound expression of the integrity of the experience of prayer and theological thought Seeking throughout to integrate systematic theology and the spirituality of prayer individual chapters explore the meaning of some of the core doctrines of lived Christian faith the Trinity creation providence and the Christian life as they relate to the practice of prayer Complete with an annotated bibliography of sources on prayer to promote further reading this volume appeals to academics and general readers alike
