

A warm, inviting still life featuring a plate of bread, two cups of coffee, and a rolled-up scroll on a table. The scene is bathed in soft, golden light, suggesting a peaceful morning or evening. The bread is golden-brown and sliced, resting on a dark plate. The coffee cups are white with green and black stripes, filled with a light brown liquid. A rolled-up scroll, possibly a prayer book or a letter, lies on the table in the foreground. The background is softly blurred, showing a window with light streaming in.

Table Prayer Book Beth Thompson,Robert W. Piercy,2002 *Shakespeare, Law, and Marriage* B. J. Sokol,Mary Sokol,2003-12-08 This interdisciplinary study combines legal historical and literary approaches to the practice and theory of marriage in Shakespeare s time It uses the history of English law and the history of the contexts of law to study a wide range of Shakespeare s plays and poems The authors approach the legal history of marriage as part of cultural history The household was viewed as the basic unit of Elizabethan society but many aspects of marriage were controversial and the law relating to marriage was uncertain and confusing leading to bitter disagreements over the proper modes for marriage choice and conduct The authors point out numerous instances within Shakespeare s plays of the conflict over status gender relations property religious belief and individual autonomy versus community control By achieving a better understanding of these issues the book illuminates both Shakespeare s work and his age **Married to the Job (RLE Feminist Theory)** Janet Finch,2012-11-12 Married to the Job examines an important but under researched area the relationships of wives to their husbands work Janet Finch looks both at the way women s lives are directly affected by the work their husbands do and how they can get drawn into it These she sees as the two sides of wives incorporation Dr Finch discusses a wide range of occupations from obvious stereotypes services diplomatic clergy and political wives to more subtle but equally valid shades of involvement the wives of policemen merchant seamen prison officers the owners of small businesses and academics She stresses that this process is by no means confined to the wives of professional men she argues that the nature of the work done and the way it is organised are more important pointers to the ways in which wives will be incorporated For specific illustrations Dr Finch draws substantially on her own original research on wives of the clergy Married to the Job clearly

shows that marriage itself not just child bearing is an important feature of women s subordination Dr Finch points to the links between husband s work the family and its relationship to economic structures and suggests that wives are tied into those structures as much as anything through their vicarious involvement in their husband s work She views any prospects for change with caution The organisation of social and economic life makes it difficult for wives to break free from this incorporation even should they wish to it makes economic good sense for them to continue in most cases social life is organised so as to make compliance easy and it provides a comprehensible way of being a wife As an empirically based survey of women s subordination within marriage Married to the Job will prove essential reading to all those concerned about the position of women whether feminists academics or general readers It will also provide important background material for undergraduate courses on women s studies the sociology of the family the sociology of work and family policy
