Pre Exilic Prophecy:

Pre-exilic Prophecy Richard J. Sklba, 1990-01-01 **The Conscience of Israel** Bruce Vawter, 1961 **In Search of Pre-exilic Israel** John Day, 2004 In recent years certain revisionist scholars have claimed that little can be known about pre exilic Israel because the Old Testament was compiled only after the exile This book argues that this is an extreme and untenable position and that though the Old Testament was indeed edited in the exilic and post exilic periods many of the underlying sources go back to pre exilic Israel and when critically analysed can shed much light on that period This volume surveys not only historiography but also various aspects of what can be known of pre exilic prophecy law wisdom and psalmody The light shed by archaeology and ancient Near Eastern texts is also evaluated This important work is the product of an impressive international team of seventeen noted scholars All the contributions previously unpublished arise from papers delivered to the Oxford Old Testament seminar Prophets, Prophecy, and Prophetic Texts in Second Temple Judaism Michael Floyd, Robert D. Haak, 2006-02-28 Essays examine the work of prophets in Second Temple Judaism

Smith, 2013-07-15 The latest installment in Christopher R Smith s innovative Understanding the Books of the Bible series brings you and your group into a direct encounter with the words of the poets and outcasts who were entrusted with the message of divine reproof for a community falling headlong into a exile **In Search of Pre-Exilic Israel** John Day, 2005-04-01 In recent years there has been a tendency among certain scholars to claim that little can be known about pre exilic Israel because the Old Testament was only compiled in the post exilic period for example Philip Davies Thomas Thompson Neils Peter Lemche One scholar Lemche has even claimed that the Old Testament is a Hellenistic work The purpose of this book is to argue that this is an extreme and untenable position and that though much of the Old Testament was indeed edited in the exilic or post exilic period many of the underlying sources used go back to the pre exilic period When critically analyzed these sources can shed much light on the pre exilic period This important work is the product of a team of seventeen international scholars no fewer than five of whom are Fellows of the British Academy None of the chapters has previously been published **God's Word to Israel** Joseph Jensen, 1990 An entirely new revision of a popular college textbook Jensen has not only updated all the helpful reading lists throughout the book but he has also allocated the speculative discussion of inspiration and interpretation to the end of the volume Only after actively studying and explaining the text of the Old Testament is anyone ready to reflect back upon the process This volume puts each book of the Old Testament into a wide historical religious frame and points out the relationship and contrast of various schools or traditions *The Messages of the Later Prophets* Frank Knight Sanders, 1899 *Dictionary of Biblical Prophecy and End Times* J. Hoppe, 2000 The Holy City begins with a review of the place of Jerusalem in the three Abrahamic religions Judaism Christianity and Islam Each of these is in some way an heir and reinterpreted of the religion of ancient Israel This book proves the place of Jerusalem according to the religious traditions of ancient Israel as preserved in the Old Testament and some early Jewish texts

Rationalism, Religion, and Domination Wolfgang Schluchter, 1989-01-01 Publication of this material in English should be a major event in American Weber studies Together with Economy and Society Weber's comparative studies in the sociology of religion represent not only his own central contribution to theoretical sociology but also one of the most ambitious and fruitful research programs in the history of modern social theory Schluchter analyzes both of these projects and shows how they are related There is nothing in the Anglo American literature on Weber's sociology of religion that can match the rigor and thoroughness of these essays They should raise the standards of scholarly debate concerning both the general theoretical significance and the details of Weber's sociology of religion Guy Oakes Monmouth University There is next to nothing in the field of Weber
