Pre Tsarist And Tsarist Central Asia Communal Commitment And Political Order In Change:

Pre-tsarist and Tsarist Central Asia Paul Georg Geiss, 2004-11-23 This study written from the perspective of political sociology represents the first comparative examination of Central Asian communal and political organisation before and after the tsarist conquest of the region It covers Turkman Kyrgyz Kazakh and other tribal societies analyses the patrimonial state structures of the Emirate of Bukhara and the Khanates of Khiva and Khokand and discusses the impacts of the established tsarist civil military administration on communal and political orientations of the Muslim population *Everyday Islam in Post-Soviet Central Asia* Maria Elisabeth Louw, 2007-05-09 Providing a wealth of empirical research on the everyday practise of Islam in post Soviet Central Asia this book gives a detailed account of how Islam is understood and practised among ordinary Muslims in the region focusing in particular on Uzbekistan It shows how individuals negotiate understandings of Islam as an important marker for identity grounding for morality and as a tool for everyday problem solving in the economically harsh socially insecure and politically tense atmosphere of present day Uzbekistan Presenting a detailed case study of the city of Bukhara that focuses upon the local forms of Sufism and saint veneration the book shows how Islam facilitates the pursuit of more modest goals of agency and belonging as opposed to the utopian illusions of fundamentalist Muslim doctrines Ethnicity, Authority and Power in Central Asia Robert L. Canfield, Gabriele Rasuly-Paleczek, 2010-10-04 This book examines the perspectives and issues of variously situated peoples in Greater Central Asia in terms of four major issues government repression ethnic group perspectives devices of mutual support and informal grounds of authority and influence Responding to the need for in depth studies concerning the social structures and practices in the region it provides a distinctive timely insight into this increasingly influential part of the world **Conflict Transformation in Central Asia** Christine Bichsel, 2009-01-13 This book deals with irrigation disputes and conflict transformation in Central Asia It analyzes aid projects which seek to transform inter community conflicts between Kyrgyzstan Uzbekistan and Tajikistan in the Ferghana Valley addressing both the practicalities of aid and the discourses within which notions of these practicalities are formed **Russia's Protectorates in Central Asia** Seymour Becker, 2004-08-02 This book examines the Russian conquest of the ancient Central Asian khanates of Bukhara and Khiva in the 1860s and 1870s and the relationship between Russia and the territories until their extinction as political entities in 1924 It shows how Russia's approach developed from one of non intervention with the primary aim of preventing British expansion from India into the region to one of increasing intervention as trade and Russian settlement grew It goes on to discuss the role of Bukhara and Khiva in the First World War and the Russian Revolution and how the region was fundamentally changed following the Bolshevik conquest in 1919-20 The book is a re issue of a highly regarded classic originally published in 1968 and out of print for some years The new version includes a new introduction some corrections of errors and a survey of new work undertaken since first publication *The Politics of Transition in Central Asia and the Caucasus* Amanda E. Wooden, Christoph H. Stefes, 2009-06-08 Most books on the Caucasus

and Central Asia are country by country studies This book on the other hand fills a gap in Central Eurasian studies as one of the few comparative case study books on Central Eurasia covering both the Caucasus and Central Asia it considers key themes right across the two regions highlighting both political change and continuity Comparative case study chapters written by regional experts from a variety of methodological backgrounds provide historical context and evaluate Soviet political legacies and emerging policy outcomes Key topics include the varied types and sources of authoritarianism political opposition and protest politics predetermined outcomes of post Soviet economic choices social and stability impacts of natural resource wealth variations in educational reform international norm influence on gender policy and the power of human rights activists Overall the book provides a thorough up to date overview of what is increasingly becoming a significant area of concern *Explorations in the Social History of Modern Central Asia (19th - Early 20th Century)*

,2013-07-25 Post Cold War historiography of modern Central Asia has been characterized by a focus on cultural history Most of this scholarship rests on a set of assumptions about traditional institutions and social practices which merely reflect the bias of Soviet or even Tsarist era historiography *Explorations in the Social History of Modern Central Asia* addresses the need for a remedy to this state of affairs and thus offers new insights on a number of subjects relating to the social history of the region It includes essays dealing with property relations resource management forms of local administration the constitution of new social groups the construction of identity categories and an enquiry into the landscape of Islamic practices among the nomads Counterterrorism Policies in Central Asia Mariya Y. Omelicheva,2010-09-13 During the last two decades Central Asian states have witnessed an intense revival of Islamic faith Along with its moderate and traditional forms radical and militant Islam has infiltrated communities of Muslims in Central Asia Alarmed by the border incursions sporadic terrorist violence and religious anti governmental campaigns the leadership of all Central Asian states adopted extensive measures against radical Islam and intensified counterterrorism policies This book examines the dangerous tendency of counterterrorism policies of the Central Asian states to grow more alike amid propensities for divergence and attributes this trend to the impact of the social context in which these states operate It underscores the importance of international setting that shapes governments perceptions of terrorism and their counterterrorism policies Applying a comprehensive theoretical framework which integrates different mechanisms of international influences on state behaviour the author explains the Central Asian states perceptions of terrorist threat and their counterterrorism responses The book analyses the counterterrorism policies of Kazakhstan and Kyrgyzstan the two Central Asian states that have been least affected by terrorist violence and Islamism but chose to combat those threats vigorously Using materials derived from a wide range of sources including legal documents officials memoirs and fieldwork this research will contribute to studies in Asian politics and national security and international relations **The Military and the State in Central Asia** Erica Marat,2009-10-16 The military played a pivotal role in the political development state functions foreign policy and the daily

lives of the people in the Central Asian states from the early twentieth century until the present This book is the first major in depth study of the military institutions in Central Asian states It examines their hidden story the different stages of their development from the early twentieth century until the present and the influence they had on the state and society It effectively combines history sociology of the military and political science and provides deeper insights into how recently formed states function By concentrating extensively on the military this book is an important and a timely contribution to a wide range of disciplines including Central Asian studies and post colonial state and nation building studies Securing the Indian Frontier in Central Asia Martin Ewans,2010-04-08 The three decades between 1865 and 1895 marked a particularly contentious period in the relationship between Britain and Russia in Central Asia which more than once brought them to the verge of war Moderates tried to settle the problem by the negotiation of neutral zones or firm boundaries but the issue was complicated by misreading of intentions much internal confusion and dispute and considerable ignorance of the geographical and geopolitical factors involved This careful and detailed analysis examines the strategic thinking and diplomatic discourse which underlay the whole period and in particular of the succession of efforts to establish a frontier which eventually brought the period to a close without a major confrontation being provoked Based on relevant records in the PRO and the British Library as well as private papers press comment parliamentary debates and other contemporary accounts Sir Martin Ewans provides a history of thought of this crucial period in Central Asia He provides an insight into the manner in which issues of war and peace were handled in the 19th Century and a fascinating case study of a great power relationship prior to the First World War An important contribution to the study of Asian history Tsarist Russia imperial history and the history of British India this book will also be of interest in India and Pakistan as a study of the events that led to the definition and consolidation of their northern frontiers Historical Dictionary of Uzbekistan Reuel R. Hanks,2024-02-19 Although Uzbekistan was established as an independent state in 1991 the rich history of the people and culture extend back thousands of years Historical Dictionary of Uzbekistan covers several thousand years of Central Asian history with emphasis on the period from the establishment of a territorialized entity under the Soviet regime called the Uzbek SSR up through the period of the independent Republic of Uzbekistan Historical Dictionary of Uzbekistan contains a chronology an introduction and an extensive bibliography The dictionary section has more than 400 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Uzbekistan **China's Borderlands** Steven Parham,2017-02-27 This region which marks the meeting of China and post Soviet Central Asia is increasingly important militarily economically and geographically Yet we know little of the people that live there beyond a romanticised Silk Road sense of fraternity In fact relations between the people of this region are tense and border violence is escalating even as the identity and nationality of the people on the ground shifts to meet their new geopolitical realities As Steven Parham shows

many of the world's Soviet borders have proved to be deeply unstable and in the end impermanent. Meanwhile the looming presence of Modern China and Russia who are funneling money and military resources into the region partly to fight what they see as a growing Islamic activism are adding fuel to the fire. This lyrical intelligent book functions as part travelogue part sociological exploration and is based on a unique body of research five months trekking through the checkpoints of the border regions. As China continues to grow and become more assertive as it has been recently in Africa and in the South China Seas as well as in Xinjiang China's borderlands have become a battleground between the Soviet past and the Chinese future.

Presidents, Oligarchs and Bureaucrats Margarete Klein, Hans-Henning Schröder, 2016-04-08 Over the last decade the transition paradigm which is based on the conviction that authoritarian political systems would over time necessarily develop into democracies has been subjected to serious criticism. The complex political and societal developments in the post Soviet region in particular have exposed flaws in the claim that a shift from authoritarianism to democracy is inevitable. Using case studies from the post Soviet region a broad range of international contributors present an original and innovative contribution to the debate. They explore the character of post Soviet regimes and review the political transformations they have experienced since the end of the Cold War. Through a combination of theoretical approaches and detailed empirical analysis the authors highlight the difficulties and benefits of applying the concepts of hybrid regimes competitive authoritarianism and neopatrimonialism to the countries of the post Soviet space. Through this in depth approach the authors demonstrate how Presidents Oligarchs and Bureaucrats in the region lead their countries examine the sources of their legitimacy and their relationship to the societies they govern and advance the general theoretical debate on regime change and transition paths.

On Arid Ground Jennifer Keating, 2022-04-14 On Arid Ground focuses on the relationships between empire and environment in Central Asia using environmental history to examine the practice of Russian imperialism in Turkestan at the end of empire from the 1860s until

1916 It reveals for the first time a comprehensive assessment of the environmental imprint of Russian colonisation and shows how local ecologies fitted into broader repertoires of imperial rule accommodation and resistance Ranging widely above and below the surface in Turkestan from the deserts of Transcaspia to the highlands and lowlands of rural Fergana and Semirech e Jennifer Keating explores infrastructure development migrant settlement land reclamation and dispossession the commodification of nature and environmental violence to reveal the ways in which ecological change was central to the building and breaking of empire Attentive to connections synchronicities and scale On Arid Ground makes the case for looking beyond cotton and water in Central Asian context for the powerful material role played by animals and plants sand silt and salt in human histories and for the less visible relationships between far flung people and things within and beyond Turkestan s borders Laying bare the political roots and repercussions of environmental change the volume brings fresh perspectives both to the history of Central Asia and to that of the wider Russian empire across Eurasia *Soviet Orientalism and the Creation of Central Asian Nations* Alfrid K. Bustanov, 2014-11-20 Orientalism the idea that the standpoint of Western writers on the East greatly affected what they wrote about the East the Other applied also in Russia and the Soviet Union where the study of the many exotic peoples incorporated into the Russian Empire often in quite late imperial times became a major academic industry where as in the West the standpoint of writers greatly affected what they wrote Russian Soviet orientalism had a particularly important impact in Central Asia where in early Soviet times new republics later states were created often based on the distorted perceptions of scholars in St Petersburg and Moscow and often cutting across previously existing political and cultural boundaries The book explores how the Soviet orientalism academic industry influenced the creation of Central Asian nations It discusses the content of oriental sources and discourses considers the differences between scholars working in St Petersburg and Moscow and those working more locally in Central Asia providing a rich picture of academic politics and shows how academic cultural classification cemented political boundaries often in unhelpful ways **Parts and Wholes** Laila Prager, Michael Prager, Guido Sprenger, 2016 This festschrift for Josephus D M Platenkamp brings some central concerns of anthropology into focus social morphology exchange cosmology history and practical applications Ranging across several disciplines and continents but with a preference for Southeast Asia the contributions look at a common approach that unites these diverse themes In this view the most constitutive relationships of society are based on exchange Exchange and ritual articulate central values of a society thus appearing as parts in relationship to a whole These relationships encompass both human and non human beings the social and the cosmological domain Thus the study of these subject issues merges into a single project Series Anthropology Research and Science Ethnologie Forschung und Wissenschaft Vol 27 Subject Anthropology **From Genghis Khan to Tamerlane** Peter Jackson, 2024-02-06 An epic account of how a new world order under Tamerlane was born out of the decline of the Mongol Empire By the mid fourteenth century the world empire founded by Genghis Khan was in crisis The Mongol Ilkhanate had

ended in Iran and Iraq China's Mongol rulers were threatened by the native Ming and the Golden Horde and the Central Asian Mongols were prey to internal discord Into this void moved the warlord Tamerlane the last major conqueror to emerge from Inner Asia In this authoritative account Peter Jackson traces Tamerlane's rise to power against the backdrop of the decline of Mongol rule Jackson argues that Tamerlane a keen exponent of Mongol custom and tradition operated in Genghis Khan's shadow and took care to draw parallels between himself and his great precursor But as a Muslim Tamerlane drew on Islamic traditions and his waging of wars in the name of jihad whether sincere or not had a more powerful impact than those of any Muslim Mongol ruler before him
